Vote Centers:

Primary Election 2018

How are Vote Centers different from Assigned Polling Locations?

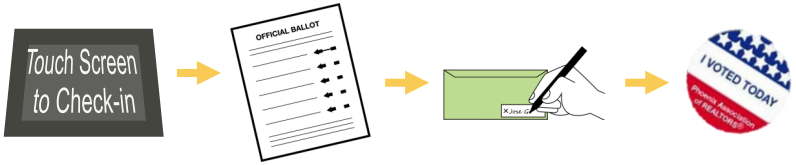
Any voter can vote at any Vote Center on or before Election Day. Voters are assigned one specific Polling Location for Election Day.

If a voter attempts to vote at a Polling Location they are not assigned to, they will be given a provisional ballot. The voter can fill out the provisional ballot but it will not be counted, or they will be informed where their assigned Polling Location is and the nearest Vote Center.

At a Vote Center, the Ballot-on-Demand system can print any ballot at all of the 40 Vote Centers. These printers have been tested in five elections, and provide voters with more options and convenience. Additionally, many of the Vote Centers are open for early in-person voting starting August 1.

Voters have many options for casting their vote in-person, their one assigned polling location, plus all of the Vote Centers.

What should I expect to see in a Vote Center?



Each Vote Center will have three to 12 check-in stations. A friendly boardworker will be able to assist anyone who needs help. The Ballot-on-Demand Printer will print individual ballots and a **green affidavit envelope** for voters to sign, date, and provide a phone number. Once voters have finished voting, they place the ballot in the envelope, drop it in the ballot box, and get an *I Voted Today* sticker!

How do I request a Ballot by Mail instead?

Call (602) 506-1511 or go online to www.Request.Maricopa.Vote to request a ballot by mail. This link will also help voters who are...

- not registered with a political party and need to choose which party primary to participate in.
- away in August and need a ballot to be sent to a temporary address.
- a college student who needs a ballot sent to a dorm address.

What is Emergency Voting? (See ARS § 16-542 H)

Select locations will be available for in-person voting on August 25 and 27 if voters are unable to vote on Election Day, and missed regular Early Voting.

How do I know my vote was counted?

Vote Centers use the same method that all early ballot voters use, and early in-person voters have used in the past. This is a secure and reliable system.
