Citizenship Rights

by Jonah Garcia

Villa Montessori School

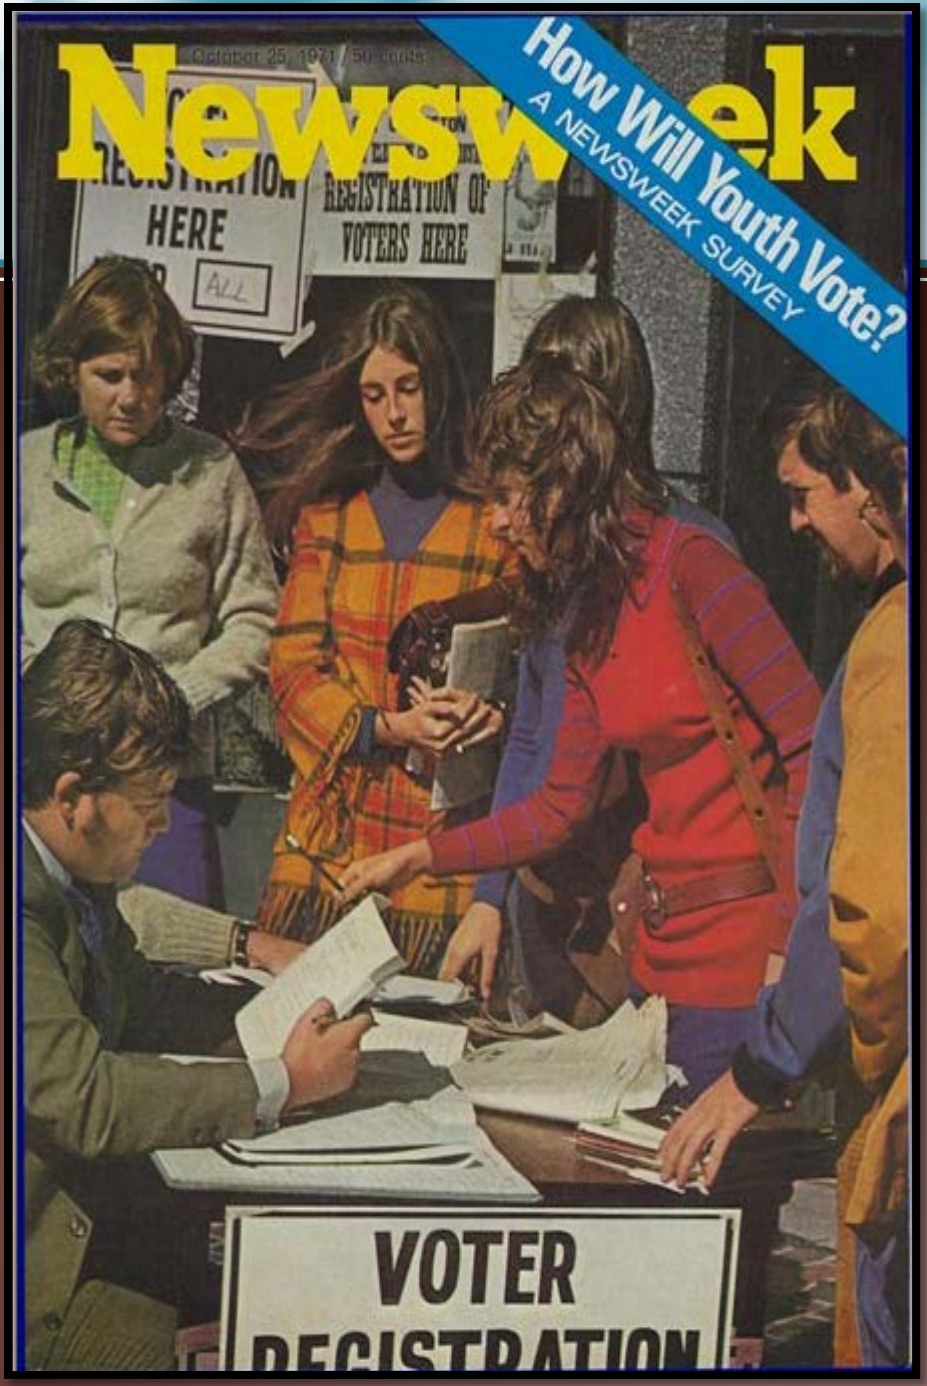
Citizenship in the United States of America is one of the greatest things someone could have. Most people in the world such as people in third-world countries may dream of one day becoming an American Citizen. Americans have tons of rights and freedoms that other countries do not have. Some rights are very big and some people don't even realize that they have those rights. These rights include freedom of speech and freedom of expression and many more.

To have a right means that someone has the power to act in a certain way without the permission of others. The most important rights that we have are freedom of religion, freedom of speech, and freedom to assemble. Freedom of religion endures that a person can practice and stick to their native religion or culture. Freedom of speech ensures that a person can speak their mind freely to others without being arrested or hurt by officials. Freedom to assemble means that people can gather with as many other people as they want. These rights help in many ways for anyone and everyone. These rights make it so that people can get together freely and make a movie, a game, a school, an experiment, a church, or even a discovery.

People in the USA have to understand how extremely lucky they are to be even born here. Other countries struggle and fight for freedoms and rights such as ours. Some people in countries even immigrate all the way from all over the world to the USA just to live a life that American's live. This life is sometimes referred as the American Dream because for people that don't have what American's have where they live, it really is just a dream.

Age

Must be 18 on or before the next General Election



Residency

Must be a resident of Arizona and the county in which you are registering

Felony Convictions

First time felons have their rights restored upon completion of their probationary period and satisfying restitution requirements—they can then register.

Second time or multiple felonies require a restoration of civil rights by the courts after a waiting period before they are able to register.

Adjudication of Incompetency

One does not have the right to register if they have been adjudicated incompetent unless they petition to have their rights restored.

Registration: Party Affiliation

Party Affiliation

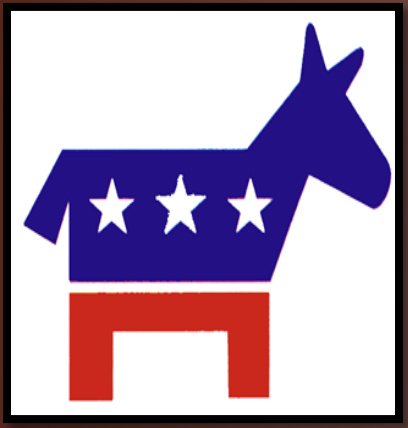
- Voters have the right to designate a political party when they register—or not.
- So lets look at what are the recognized parties and what impact party selection has on the voter.

Party Affiliation

- There are currently four recognized parties in the State of Arizona:

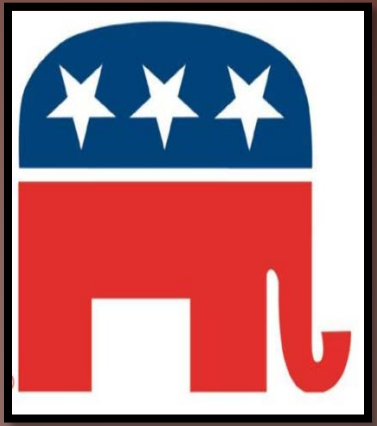
Americans Elect

Democratic



Libertarian

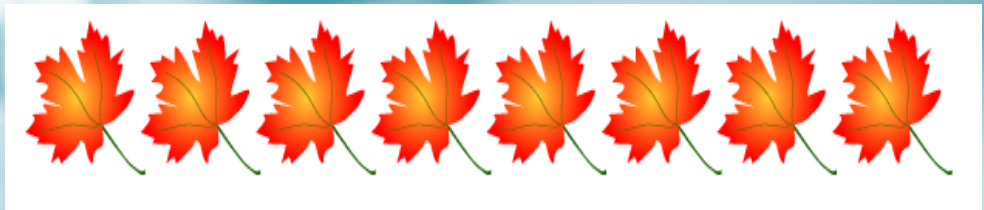
Republican



Impact

- Party affiliation will only limit participation in the ***Presidential Preference*** election conducted every 4 years in February.
- This election may be called by any, or all, parties selecting their candidate for President.
- It may be only a single party participating, but it can be more.

Open Primary



- The Primary Election held in ***August*** is an entirely different matter.
- **ALL VOTERS CAN PARTICIPATE IN THE AUGUST PRIMARY** —regardless of party affiliation.
- If you have registered to a party that is the party's ballot you receive.
- If you are not registered to one of the recognized parties you may select one (***this DOES NOT change how you are registered, just provides you with that party's ballot***).

August Primary

2008 Ballot Propositions

General Election
November 4, 2008

PROPOSITION 100

OFFICIAL TITLE

AN INITIATIVE MEASURE
PROPOSING AN AMENDMENT TO ARTICLE IX OF THE ARIZONA CONSTITUTION BY ADDING A NEW SECTION 24 RELATING TO A PROHIBITION OF ANY NEW REAL PROPERTY SALE OR TRANSFER TAX IN ARIZONA.

TEXT OF PROPOSED AMENDMENT

Be it enacted by the People of the State of Arizona:

1. Article IX, Section 24, Constitution of Arizona is proposed to be added as follows if approved by the voters and on proclamation of the Governor:

ARTICLE IX, SECTION 24. PROHIBITION OF NEW REAL PROPERTY SALE OR TRANSFER TAXES

THE STATE, ANY COUNTY, CITY, TOWN, MUNICIPALITY OR OTHER POLITICAL SUBDIVISION OF THE STATE, OR ANY DISTRICT CREATED BY LAW WITH AUTHORITY TO IMPOSE ANY TAX, FEE, STAMP REQUIREMENT OR OTHER ASSESSMENT, SHALL NOT IMPOSE ANY NEW TAX, FEE, STAMP REQUIREMENT OR OTHER ASSESSMENT, DIRECT OR INDIRECT, ON THE ACT OR PRIVILEGE OF SELLING, PURCHASING, GRANTING, ASSIGNING, TRANSFERRING, RECEIVING, OR OTHERWISE CONVEYING ANY INTEREST IN REAL PROPERTY. THIS SECTION DOES NOT APPLY TO ANY TAX, FEE, OR OTHER ASSESSMENT IN EXISTENCE ON DECEMBER 31, 2007.

2. The Secretary of State shall submit this amendment to the voters at the next general election as provided by Article XXI of the Arizona Constitution.

ANALYSIS BY LEGISLATIVE COUNCIL

Proposition 100 would amend the Arizona Constitution to prohibit the state or any county, city, town or other political subdivision of the state from directly or indirectly imposing any new tax, fee or other assessment on the sale, purchase, transfer or other conveyance of any interest in real property (such as homes and other real estate). This proposed measure would not affect any tax, fee or other assessment in existence prior to this year.

FISCAL IMPACT STATEMENT

State law requires the Joint Legislative Budget Committee (JLBC) Staff to prepare a summary of the fiscal impact of certain ballot measures. Proposition 100 is not estimated to have a direct state or local fiscal impact. The proposition prohibits the imposition of new fees or taxes on the sale or transfer of real property after December 31, 2007. No such new fee or tax has been enacted since that date. The level of foregone revenues cannot be predicted in advance as it would depend on the specific details of a particular tax proposal.

SOS Publicity Pamphlet

- Pro & Con Letters:

ARGUMENTS "FOR" PROPOSITION 100

As the Chairman and Treasurer of the Protect Our Homes Initiative, we urge all Arizonans to vote YES for Proposition 100, a cause we truly believe in – protecting our families and businesses from a damaging real estate sales or transfer tax on our homes or property.

A real estate sales or transfer tax is both unfair to Arizonans and bad fiscal policy for our economy. Since home and property owners already pay annual property taxes, an additional tax, levied at the time people buy, sell or even transfer ownership of their home into a legal trust or to a family member, would be double taxation. Proposition 100 will protect the equity that people have worked so hard to build in their homes and property, equity that would be negatively impacted by the increased costs associated with a real estate sales or transfer tax. Further, our initiative will help keep housing affordable in Arizona by preventing a rise in closing costs and will allow more Arizonans and their families to purchase a home or property while protecting those living on a fixed or low income.

Protecting families and businesses from double taxation and keeping housing affordable is good for Arizonans and for our economy. We are proud to serve this initiative as the Chairman and Treasurer because we truly believe the Protect Our Homes Initiative is the right thing for you and the right thing for Arizona. Please join us in voting YES on Proposition 100 to protect our communities from unfair real estate sales or transfer taxes.

Frank Dickens, Chairman, Protect Our Homes, Phoenix Craig Sanford, Treasurer, Protect Our Homes, Phoenix

Paid for by "Protect Our Homes"

As an Arizona homeowner since 1974 and a current candidate for the Pima County Board of Supervisors, I strongly support this initiative to prohibit any new sales tax on our homes and property.

It's a matter of government fiscal accountability. There's no amount of money that a financially irresponsible administration cannot spend. Voters must monitor how carefully our elected officials use the dollars they've already been given. Our enormous state budget deficit and record levels of spending in Pima County in recent years make it clear that these folks don't deserve even more of our hard-earned cash.

It's common for spendthrift governments to waste money or to underfund their mandated responsibilities and then cry to taxpayers for more financing. For example, although road maintenance is a top mandate for all Arizona counties, Pima County "puts NO general fund money toward maintenance." (Arizona Daily Star, 5-18-2008) This is absurd.

Governments collect windfalls on our homes each year in the form of property taxes. Now they're contemplating additional taxation to make beleaguered taxpayers bail them out of their financial mess.

Don't allow it. The answer is responsible spending, not higher taxes.

A demand for more money typically indicates that government has failed to live within its means. Families and individuals can't legally reach into their fellow citizens' pockets in tight fiscal times. Overspending governments shouldn't be allowed to do it either. With real estate sales dropping, new taxes will serve only to further depress the economy and put home purchases farther out of reach, especially for first-time buyers. Vote YES to approve Prop 100. Stop all levels of Arizona government from being even more wasteful with your taxes.

Barney Brenner, Tucson

ARGUMENT IN FAVOR OF THE PROTECT OUR HOMES INITIATIVE

On behalf of the Arizona chapter of Americans for Prosperity (www.aztaxpayers.org), we encourage all Arizona taxpayers to vote YES on the Protect Our Homes Initiative to protect working Arizonans and their families from a harmful real estate sales or transfer tax. Too often, governments in other states have used a real estate sales or transfer tax as a new source of revenue to balance bloated budgets. Once this type of tax is put in place, no matter how low the rate is in the beginning, it always ends up being raised. The results are substantial increases in fees for real estate closing.

In Arizona, we already pay multiple taxes and fees on our homes, making a real estate sales or transfer tax a form of double (or triple) taxation, which we can all agree is wrong. Further, a real estate sales or transfer tax would add yet another layer to the costs of closing. That would decrease your equity and damage your ability to sell your home. That would hurt everyone in Arizona. Our

ARGUMENTS "AGAINST" PROPOSITION 100

Argument Against PROP 100

No New Home Tax

Arizona is facing a new reality, one that includes fast-paced growth and a drastic need to expand infrastructure for millions of new residents. The state of Arizona will grow to more than 18 million, from its current population of 6 million, over the next 30 years. No New Home Tax, or PROP 100, is an attempt to tie the hands of Arizona's elected officials as they determine the best way to grow Arizona into the future.

It is clear that Arizona is too reliant on taxes that do not produce consistent revenue in tough economic times. The current down turn in the economy has caused the state a $2.2 billion deficit, and Arizona does not have a viable solution. PROP 100 will **change the constitution of Arizona** to protect real estate corporations and developers. Changing our constitution to protect wealthy special interests will cripple our state's ability to support the needs of a growing state.

The Arizona Education Association opposes this initiative because it will have long-term damaging effects on public education. A vote in opposition is a step toward a stronger economy and high-quality services, including great public schools and universities, quality transportation, and health care needed in the 21st century knowledge-based economy, and funded by a sound and equitable system of taxation. Support means that we fall farther behind our development goals, dragged down by deteriorating services and poor amenities funded by a revenue system that is characterized by inequitable taxes and structural deficits extending far into the future. The Arizona Education Association requests that you vote NO on PROP 100.

ARGUMENT AGAINST C-18-2008:

Vote NO!

At the State of Arizona level, there is no such tax-revenue source, and any new tax-revenue source requires a super-majority of two-thirds vote by each Arizona legislative house and the Governor's signature. If the Governor vetoes any new tax-revenue bill, then the Legislature must muster a three-quarters vote in each Arizona legislative house to override the veto to enact the new tax-revenue law.

At the County-City-Local levels, which are the closest form of representative government that we have, these local representatives should not have their hands tied if future conditions require that all sources of revenue are available. Local officials feel the heat of being ousted from office when they infuriate the voters.

This proposal says, "Let's bind society's hands more, and put off-limits a potential revenue quill in our social contract quiver. Even if desperately needed, we will keep it off-limits."

Vote NO!

In the 1970's, the State of Arizona revenue sources were relatively diversified with about 30% sales taxes, 30% income taxes, 30% federal transfer funds, and about 10% from everything else. Because of tax cuts for businesses and the wealthy during the 1990s through today, Arizona's revenues are non-diversified: 50% sales tax, 30% income tax, and 20% federal transfers

Why are Arizona's revenue finances in horrible shape? We are dependent on the cyclical sales tax. Arizona's social contract with its citizens can only be carried out by its representatives when government has a variety of tax sources and responsible spending.

This proposal stomps on social equity and social justice by shifting the cost of government from businesses and the wealthy to middle and low income citizens. We should all shoulder our share!

Vote NO!

The days of cheap energy are over. We're reminded every time we fill up our cars. We must acknowledge reality before our utility bills follow gas prices into the stratosphere. I'm a former legislator and Cochise County Supervisor. I'm endorsed by Congressmen Ed Pastor and Harry Mitchell and former U.S. Senator Dennis DeConcini, as well as the Arizona Republic, the Tucson Citizen, and the Tucson Weekly. I know that clean energy means a sustainable economy that can avoid a doubling of future utility bills over the next 20 years. We need to utilize Arizona's biggest asset – the sun – while reducing energy costs and creating green collar jobs. Energy efficiency is part of my plan, but there's more. We're competing with the world for oil, natural gas and coal. Competing for fossil fuels is a losing proposition. We must invest in clean, renewable power sources that won't burn fossil fuels at sky-high prices. Solar power and other technologies can achieve energy independence for Arizona. The technology is here – what's missing is political will. I am a proven environmental champion who is willing to stand up to powerful special interests. Vote for Paul Newman for Corporation Commission on November 4th. Thank you.

Bob Stump

Party: Republican **Campaign Funding:** Participating **Web:** www.Stump4AZ.com

Bob Stump has been recognized as a common-sense legislative leader who brings people together to help solve Arizona's most pressing problems. Former Commission Chair Marc Spitzer says Bob is 'an outstanding leader who has the intelligence, work ethic and integrity to be a great Corporation Commissioner.' In a time of rising utility rates, Bob will put the interests of ratepayers first, much as he has always put the priorities of taxpayers first. Bob will aggressively fight securities fraud and protect citizens' retirement investments; advocate for new water and energy infrastructure for our growing state; and pursue energy sources – especially solar – which are cheaper and cleaner. Bob has served on the House Water and Agriculture Committee, where he has been on the forefront of promoting sensible, sustainable water-management policies for Arizona. Bob's groundbreaking policy proposals have made front-page news in USA Today and serve as model legislation for the nation's legislatures. Bob has also received over a dozen awards in recognition of his efforts to protect Arizona's taxpayers, improve our health care, and enable Arizona's small businesses to thrive. Bob has the experience, training and vision to serve on a commission which affects the lives of all Arizonans. Thank you!

Early Voters at the Polls

- If voters request an early ballot or ask to be added to the PEVL and then go to the polling place on Election Day they will have to vote a Provisional Ballot.
- Their name will be designated in the ePollbook.
- The boardworkers do not know if the voter voted and returned their early ballot or not so a provisional is necessary to ensure that *NO ONE* is voting twice.

Privacy

- Each transaction has a paper record which is reconciled and can be audited.
- The paper advances so the next voter does not see how you voted.

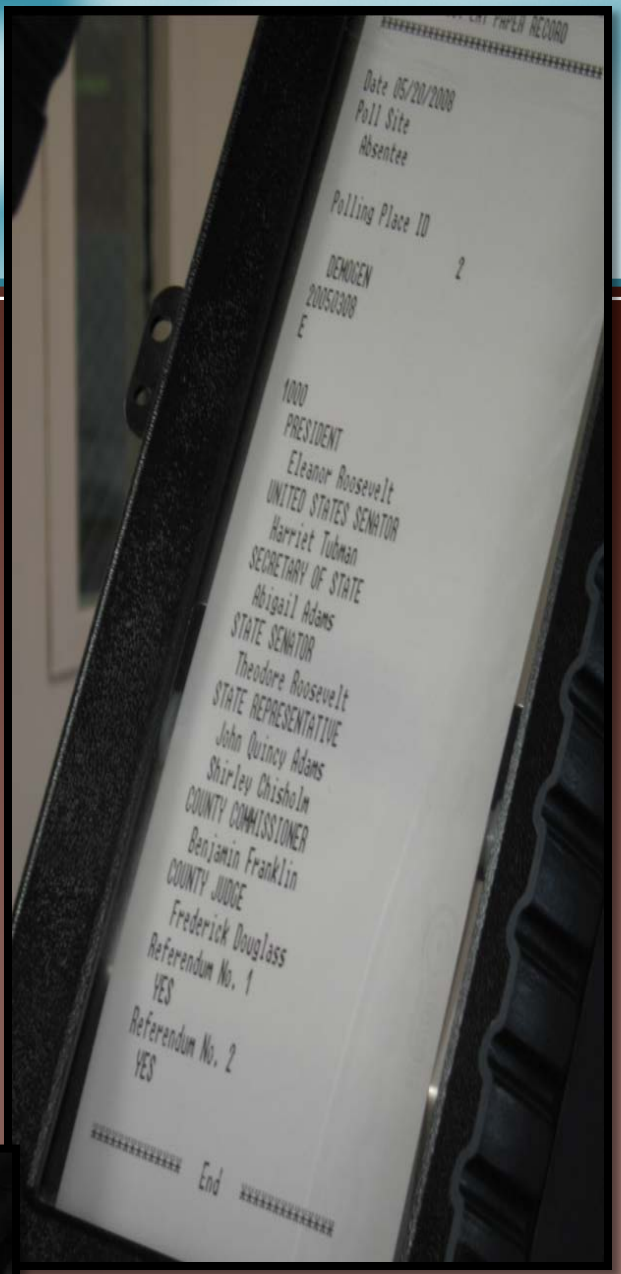
- The card can only be used once before it has to be reprogrammed, a voter cannot use it to cast more than one ballot.



Assistance Options

- There are only 2 restrictions:
  - Cannot be your employer or union representative (federal law)

- You have the right to request special assistance in voting at home if you are unable to go to the polls, an early voting site, or are unable to complete the ballot yourself.

Special Election Boards (SEB)

- Voters who are in a care facility, nursing home, or are homebound and do not have anyone to assist them in voting an early ballot can request an SEB team to help them.
- MCED coordinates with facility directors and administrators to schedule visits and ensure that all voters get the assistance that they need in an impartial manner.

Special Election Boards

- This assistance is for those voters who truly *NEED* it.
- We once got to a home to provide assistance only to find a note tacked on the door that the voter would be back shortly—they were playing golf and got an earlier tee time than they expected!

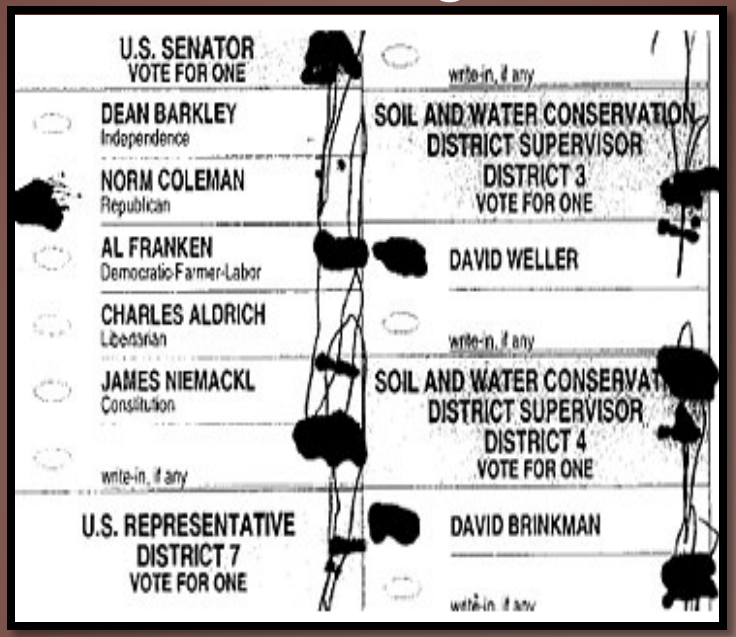
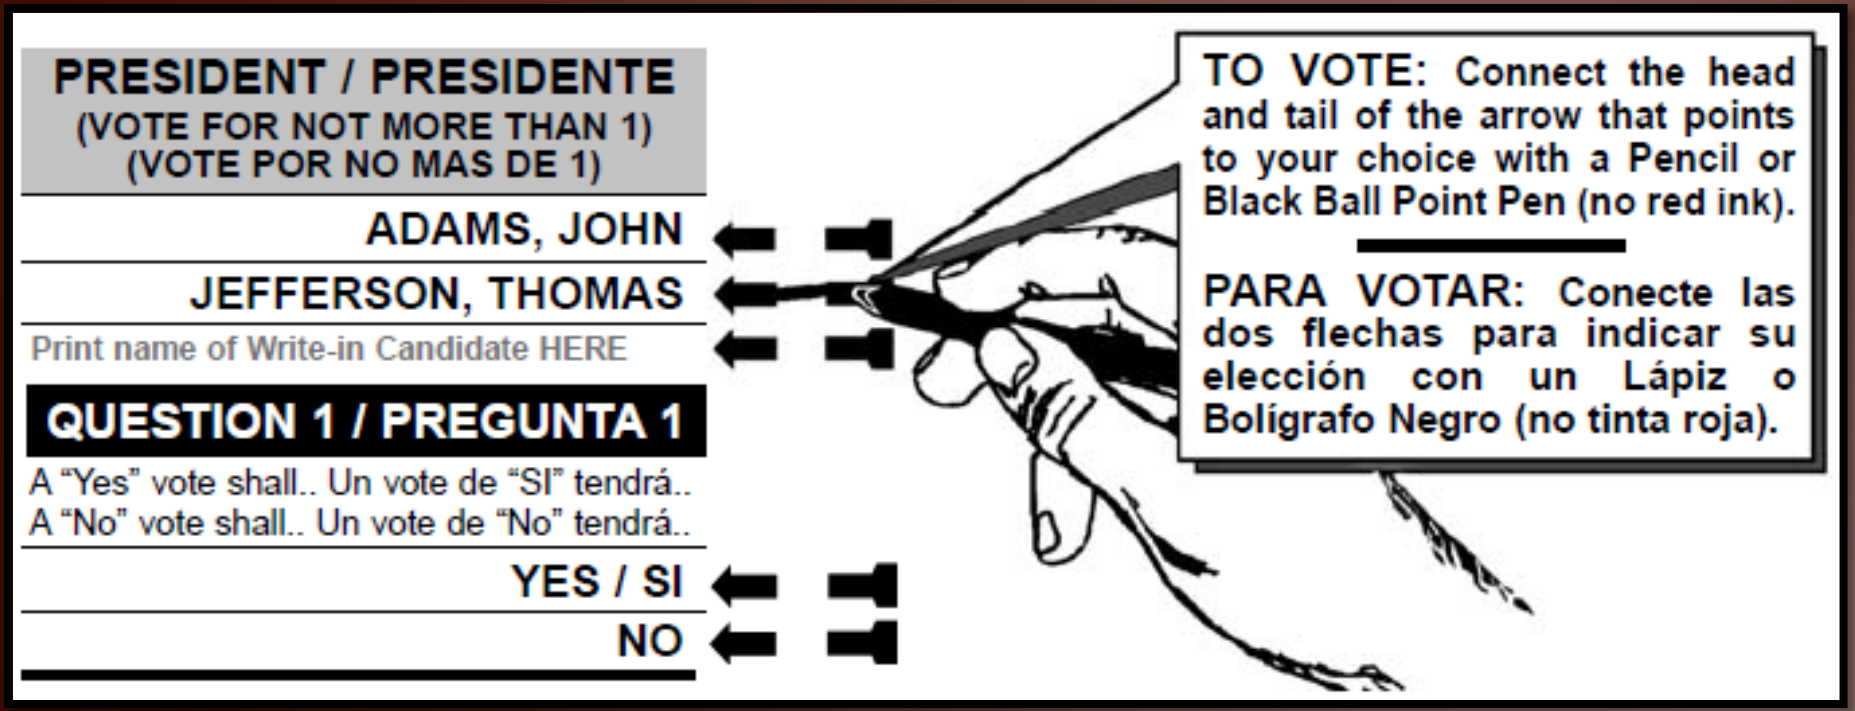
Ballot Marking Devise

- BASIC IS BETTER!
- Use a simple blue/black pen or a pencil
- DO NOT use red ink or a glitter pen
- DO NOT use a marker that will bleed through the ballot onto the other side:

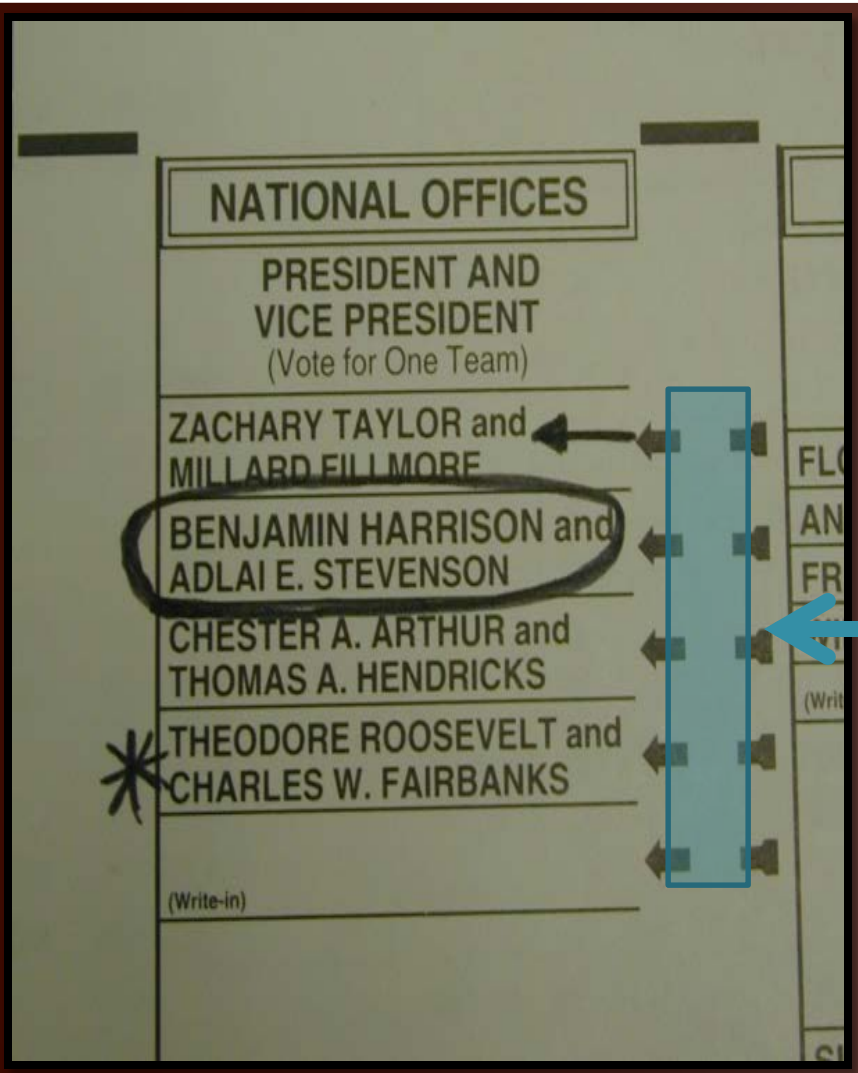


Making your selection

- Follow the simple directions by connecting the head to the tail of the arrow which points to your selection(s)



Making your selection



- The machine is only reading in the shaded area so this would be read as a blank ballot

We took care in marking tests in school

Second Chance Voting

Second Chance Voting

- What exactly is it???
  - If you mark your ballot and over-vote an office or mark it in such a way that your vote is not read the tabulation equipment used at the polls and the boardworkers need to notify you and allow you the opportunity to rectify your ballot.
  - This is common when voters mark both yes and no on the judge retention portion of the ballot.
  - When that happens the tabulation machine will kick the ballot out and you have the option to have that ballot accepted and counted as it is, or to spoil the ballot and cast another.

Second Chance Voting

- If the voter decides to leave the ballot and cast it as marked ***all other races and questions on the ballot will be counted***.
- It is simply placed back into the machine, which will kick it back, and the boardworker can override at the request of the voter so that the rest of the ballot is counted.

It is the voter's right to decide if they spoil the ballot and vote another or cast it as voted.

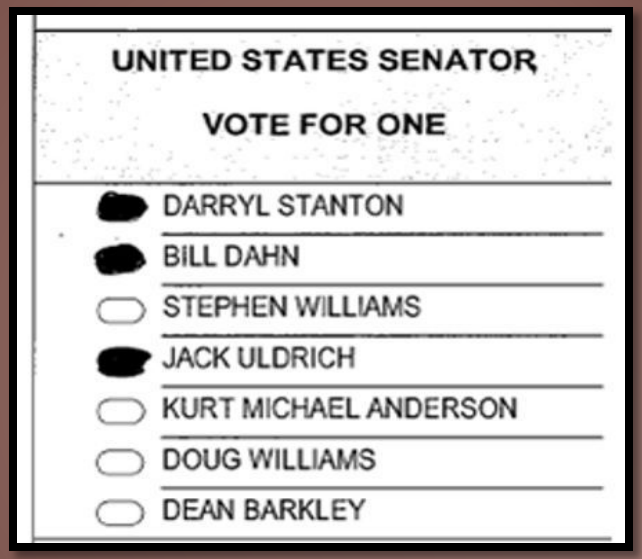
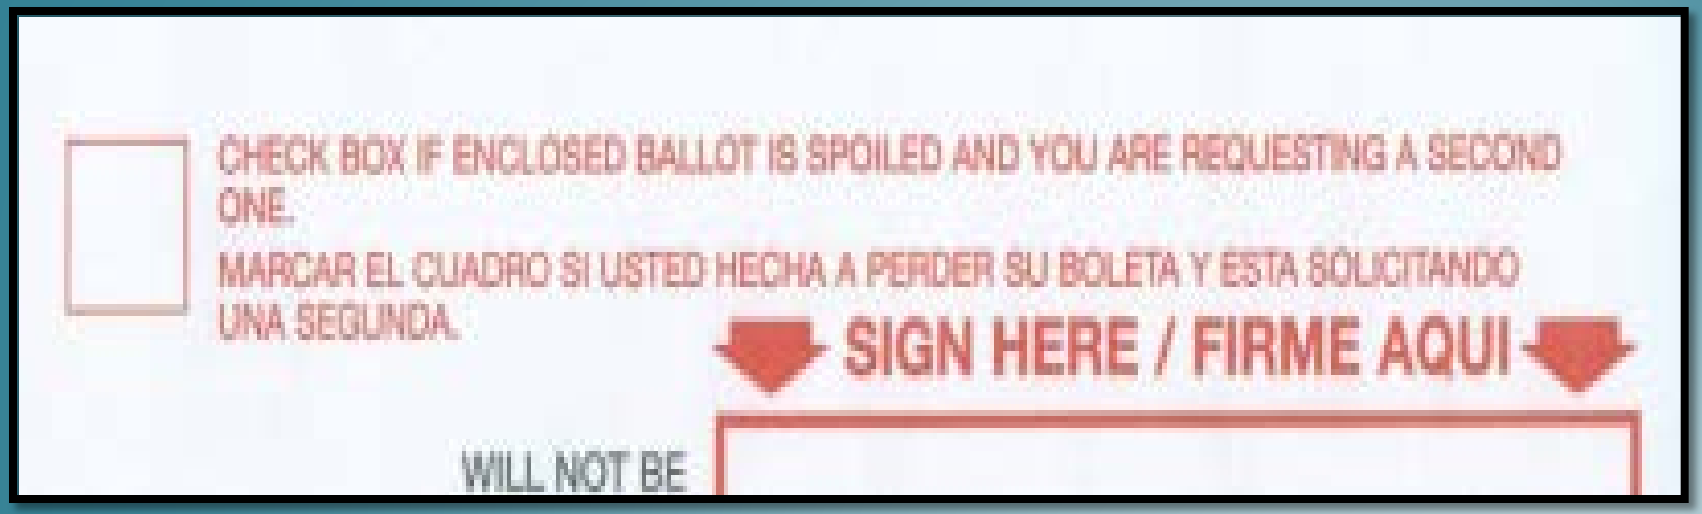
Overvotes

Overvotes

- If you vote for more candidates than are allowed you have over-voted that office/race.
- When this happens none of the selections for that contest are counted.
- In order to cast a vote in that contest a new ballot would need to be used.





You have the right to make mistakes & spoil your ballot.

Spoiled Ballots

- If the voter decides that they want to correct the error on the ballot they have the right to spoil the ballot and get another.
- Voters may only have one ballot in their possession at any given time, they may *not* use the first ballot to aid in marking the second.
- Voters may only have up to 3 ballots.

The Correct Polling Place: Be Prepared Before Election Day

Why do polling places change?

- Polling places can change for a variety of reasons and can change up, to and sometimes including, Election Day.
  - Management can deny our use of their facility
  - Voters can recommend a different location
  - Type of election being held
  - Facilities can be under construction or closed
  - Voting precinct lines can change
  - Size of the facility has to accommodate growth in voter registration &/or anticipated turnout
  - Polling places are determined by the entity holding the election (MCED, City, School District, etc.)

75 Foot Limit

Campaigning at the polls

- Voters can bring materials to aid them in casting their ballot but are not allowed to verbally campaign inside the 75 foot limit.
- Additionally, political party observers in the polling place and the poll workers themselves are not allowed to express any personal opinion or espouse any political views while in the 75 foot limit.

Campaigning at the polls

- Many candidates and political action committees will take advantage of so many active voters in one place, at one time, and gather petitions on Election Day at the polls.

Non-electioneering sites

- It is Arizona law that the polling places which are chosen allow for electioneering (unless no other site is available or a site must be obtained in an emergency).
- For each election the select few sites which we use which do not allow electioneering are posted on our website.
- Most polling locations allow for electioneering but some may restrict areas where signage can be posted.

You have a right to vote a provisional ballot if one of the following situations applies to you:

- if your name does not appear on the precinct register, and you are in the correct polling place,
- if you have moved to a new address within the county and have not updated your voter registration,
- if you have legally changed your name and have not updated your voter registration,
- if you requested an early ballot but did not vote an early ballot,
- if you have not produced sufficient identification,
- if you were challenged as a qualified voter.

To vote using a provisional ballot:

- present to the election officer an identification stating your given name and surname,
- present to the election officer your complete residence address, or
- sign an affirmation on the provisional ballot envelope stating that the information filled out on the provisional ballot envelope is correct, that he/she resides in the precinct, that he/she is eligible to vote in this election and that he/she has not previously voted in this election.

If you vote using a provisional ballot, the election official will enter your name on the signature roster. You will be asked to provide your signature next to your name.

Once you have voted using a provisional ballot, your ballot will be placed in a provisional ballot envelope, which you can seal. The election official will ensure that the envelope is sealed. You will then be given a provisional ballot receipt with information on how to present sufficient identification to the county recorder if necessary, and how to verify the status of your provisional ballot.
