EARLY VOTING

- ⦿ Because SB 1001 states that the election will be conducted in the same manner as the Presidential Preference we have established the same early voting locations along with those City's/Towns who have chosen to host:
 - ⦿ MCED: Downtown office
 - ⦿ MCED: MCTEC office
 - ⦿ MCED: Mesa office
 - ⦿ Tempe: Public Library & ASU
 - ⦿ Gilbert: Municipal Center
- ⦿ This is an expansion from the PPE when it was just our 3 offices

HOW WERE PRECINCTS CONSOLIDATED?

- ① Where did voters go in March?
- ① Where would voters be going in May if there hadn't been a Special Election Called?
- ① What precincts are left—and where did they go in the Presidential Preference &/or November 2009?

MARCH ELECTIONS

- ◎ The precinct consolidation started with the list of precincts who just had a March election and kept the same consolidations with a few exceptions:
 - ◎ Some precincts only had a portion the precinct in a school district so now that the entire precinct is voting the total number of voters was too many for one location.
 - ◎ Some precincts had more than one school district so now had to be allocated to one or the other consolidations (went to consolidation with larger # of registered voters).
 - ◎ Some precinct are on Native Land so have established own polling locations within their communities.
 - ◎ Some precincts had less than 200 so are All Mail precincts

MAY ELECTIONS

- ③ Then the standard consolidations for the City of Chandler and Town of Gilbert were added in as they will both be on the ballot in May and have established locations for their elections.
- ③ For municipalities who regularly conduct their elections by mail, they have had to hold a standard on-the-ground election in order to generate a single ballot for their voters since the County does not have the legal ability to conduct a countywide vote-by-mail election.

White areas are County islands within city boundaries and do not participate in their elections but add a lot of voters to consolidations for a countywide election.

Disclaimer

PPE/NOVEMBER 2009

- ◎ The remaining balance of voters were reviewed to see where they went in the PPE and also in the November 2009 school district elections.
- ◎ Some precincts were All Mail in the PPE but now have too many voters.
- ◎ In some cases the other precincts in a consolidation from the PPE were already being consolidated based on a March or May election so the remaining precinct was re-consolidated with another nearby.
- ◎ Also, if a proposed polling location is closer in an area where the precincts are geographically large voters were consolidated to that closer polling place.
