PROPOSITION 125

PROPOSED AMENDMENT TO THE CONSTITUTION BY THE LEGISLATURE RELATING TO PUBLIC RETIREMENT SYSTEMS

A "YES" vote will allow the State to adjust certain benefits for corrections officer retirees and elected official retirees in order to provide greater financial stability in the pension system; plan changes for newly-hired corrections officers include the replacement of the current permanent benefit increase with a cost of living adjustment tied to inflation and transition to a defined contribution system; plan changes for elected official retirees include a guaranteed cost of living adjustment tied to inflation.

A "NO" vote will have the effect of maintaining the current benefit and contribution rules in the Corrections Officer Personnel Retirement System and Elected Officials Personnel Retirement System.

PROPOSITION 126

PROPOSED AMENDMENT TO THE CONSTITUTION BY THE INITIATIVE RELATING TO PROHIBITION OF TAXATION OF SERVICES

A "YES" vote will prohibit the State and local governments from enacting any new or increased tax on services that was not already in effect on December 31, 2017.

A "NO" vote will preserve the State and local governments' existing authority to impose a tax on services in the future.

PROPOSITION 127

PROPOSED AMENDMENT TO THE CONSTITUTION BY THE INITIATIVE RELATING TO RENEWABLE ENERGY PRODUCTION

A "YES" vote will replace Arizona's current plan for transitioning nongovernmental electric utilities to renewable energy with a constitutional mandate that, irrespective of cost to consumers, 50% of the retail energy sales of these utilities come from certain types of renewable energy by 2030 (neither pre-1997 hydropower nor any nuclear generation counts for this percentage); the current plan increases use of the same types of renewable energy from 8% this year to 15% in 2025. A "YES" vote also will mandate that these utilities increase their use of distributed renewable energy (energy locally generated and distributed from customers' premises) to 10% by 2030; will require the new mandates be met by obtaining renewable energy credits, which may be created through renewable energy production or purchased from others who own existing renewable energy credits; and will require the Arizona Corporation Commission to enact implementing regulations.

A "NO" vote will preserve the existing rules that govern the required annual percentage of retail sales of renewable energy by nongovernmental electric utilities.

PROPOSITION 305

REFERENDUM ORDERED BY PETITION OF THE PEOPLE RELATING TO EXPANSION OF EDUCATION EMPOWERMENT SCHOLARSHIP ACCOUNTS

A "YES" vote would allow Senate Bill 1431 (2017) to go into effect, which would gradually increase for four years the percentage of students in kindergarten through twelfth grade eligible to receive an empowerment scholarship account to spend on tuition, textbooks, educational therapies, tutoring, or other qualified forms of instructional assistance at a private or home-based school in an amount equal to 90% of the allotted funding that otherwise would have been allocated to the student's public school district or charter school (for low-income students, the amount would be equal to 100% of the allotted funding); make changes to the existing empowerment scholarship program by requiring a policy handbook to be published for program applicants and participants, clarifying parental rights to appeal Department of Education eligibility decisions, and placing scholarship spending information on the Department's website; and control the growth of the scholarship program by limiting new scholarship accounts each year through 2022 and eventually capping the number of new scholarship accounts at 2021-2022 fiscal year levels.

A "NO" vote will preserve the existing law regarding empowerment scholarship accounts.

PROPOSITION 306

REFERRED TO THE PEOPLE BY THE LEGISLATURE RELATING TO RESTRICTIONS ON USE OF CAMPAIGN FUNDS BY PUBLICLY FUNDED CANDIDATES AND TO CLEAN ELECTIONS COMMISSION RULEMAKING

A "YES" vote will prohibit statewide and legislative candidates who receive public funding to finance their political campaigns from transferring campaign funds to a political party or a private tax-exempt organization that attempts to influence elections, and will subject the Citizens Clean Elections Commission's rulemaking procedures to the regulatory oversight that applies to other state agencies by repealing the Commission's exemption from the Administrative Procedures Act.

A "NO" vote will allow the Citizens Clean Elections Commission to determine whether publicly-funded candidates are permitted to transfer their campaign funds to political parties or private tax-exempt organizations that influence candidate elections, and will leave current law unchanged regarding administrative oversight of the Commission's rulemaking.
