Recorder Fontes to hold press conference this morning on new report

Maricopa County Recorder Adrian Fontes will hold a press conference at the County Elections facility at 10:30 this morning to discuss the contents of the annual report he plans to release to the public today.

The report explains the initiatives and discoveries of the new administration, and provides supporting documentation.

“Openness in government is what I bring to the table,” Fontes said. “We are funded by the taxpayer, answerable to them, and I trust that the people of Maricopa County are ready for a new way of seeing government work on their behalf.”

The press conference will be held to answer all questions about the report today, 3/30, at 10:30 am at [510 S 3rd Ave, 85003](#).

The report will be published publically at 10:30 on Thursday morning.
