4	i really like the new system of voting. It's an easy and stream lined process	12/5/2017 3:52 PM
5	Worked pretty good. A little confusing for me with my damaged ballot, but I figured it out. Mainly I was confused if a "ballot center" was the same as a polling place.	12/5/2017 11:30 AM
6	The printer was down so I had to wait a couple minutes, I was scared I wouldn't be able to vote as I needed to pick up my daughter and this was the closest location to me anywhere, yet not conveniently close. 33	Although I was well informed I spoke with people who felt they knew nothing about candidates or questions needing a vote. The ballots themselves were not easy to understand because of the large amount of space between the candidates and the ballot questions. That was especially confusing if you did not know to look further.	12/4/2017 5:55 PM

12	I felt as though the whole voting process was shady. I voted at the downtown Scottsdale location and was unimpressed with the system in place. Voting occurred in a small back room full of people and our ballots were placed in an odd cardboard box that was not in a secure location and almost seemed illegitimate.	12/5/2017 3:13 PM

2	I use the digital upload for my voting, so my comments reflect this system and not the mail in ballot. It is a fine line between a completely secure system and having one that is accessible. Providing passwords through emails does not seem like the most secure way. The passwords themselves also seem too short, and I haven't seen away of changing them. Two-factor authentication would provide better security but may not work out for those of us voting from overseas. To sum up improvements can be made, but the current system is not horrible.	12/6/2017 9:19 PM

10	Don't require signature on OUTSIDE envelope.	12/6/2017 1:23 PM
11	Everybody knows what it is and could be tampered with.	12/6/2017 12:33 PM
12	Prefer to go to the polls on election day and feel comfortable that my vote will be counted and not be arbitrarily rejected at the county mail-in sort facility. Having my identity validated before I receive a ballot to cast has an inherently better chain of custody!!!	12/6/2017 11:39 AM
13	I need to be able to validate that my ballot was counted...and if not, why? I prefer to physically go to the precinct and establish identity, in person, with folks who are sworn poll workers	12/6/2017 11:30 AM
14	I'm not a fan of balloting by mail and I'm concerned that it disenfranchises homeless people and others.	12/6/2017 11:20 AM

2017 Maricopa County Voter Experience Survey

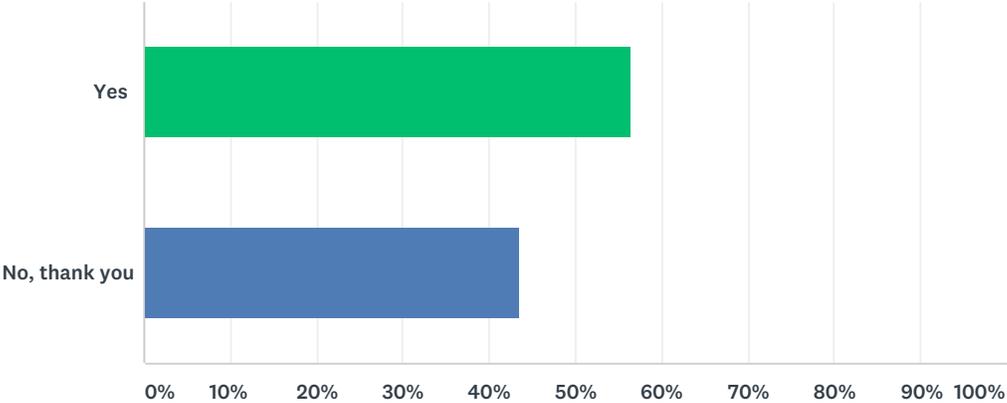

15	I had voted by mail prior to asking to vote online. I called voter registration bureau and was told they never received my ballot. So I insisted on voting online because by the time elections came I was out of the country. Especially after hearing that the polling machinery in AZ was hacked. I don't trust this state with handling my ballot properly.	12/6/2017 10:47 AM
16	Why do all three stars light up with fully trust option but only one with do not trust? I do trust the mail system and would prefer.	12/6/2017 10:37 AM
17	Less certainty that my vote was actually included.	12/6/2017 10:24 AM
18	Clicked fully trust but all items show as selected	12/6/2017 10:14 AM
19	I don't often vote by mail, and not completely comfortable with the process since final delivery is out of my hands.	12/6/2017 9:56 AM
20	This system should dumped. Denies secret ballot process. Too easily subject to voter fraud and ballot harvesting.	12/6/2017 9:46 AM
21	Completely trust.	12/6/2017 9:45 AM
22	I fully trust the vote by mail system, but I have not used it yet due to preference for voting in person.	12/6/2017 9:42 AM
23	I am not aware of the precautions that are taken to insure mail-in ballots are 'for real'. How are they verified that the person sending it in is still living, is legal, is really the person voting.	12/6/2017 9:31 AM
24	It's great, but I do believe there are still issues when it comes to people who may have moved but weren't able to change address etc. only certain mailboxes should be designated "dropoff" boxes,etc.	12/6/2017 9:13 AM
25	It could get lost in the mail or not be received on time.	12/6/2017 9:10 AM
26	THERE IS NO SECRECY. I THINK IT SUCKS!!! YOU HAVE LOST YOUR WAY AND HAVE CHOSEN MONEY OVER THE MOST BASIC VOTING PRINCIPLES OF OUR NATION. IT'S CRAP!!!	12/6/2017 12:28 AM
27	I did not ask to receive a ballot by mail and was upset that I received one.	12/5/2017 6:49 PM
28	I would be more comfortable if I received something in the mail that said you received my vote.	12/5/2017 3:34 PM
29	What is to say that someone won't just throw my ballot in the garbage based on my voting preferences?	12/5/2017 3:13 PM
30	I like to be the one to put my ballot in the ballot machine.	12/5/2017 1:56 PM
31	Is there anyway we can find out that our votes were counted? or at least know that it made it to the location? how do I find out whether what I voted for or who I voted for won?	12/5/2017 12:26 PM
32	I drop my ballot at the polling station on Election Day.	12/5/2017 11:38 AM
33	I prefer to vote in person in general elections, but ballot by mail is perfect to save money in special elections.	12/5/2017 10:08 AM
34	Too many people handling ballots too many ballots sitting in mail boxes for long periods of time. When I worked the polls in the past i observed that lots of voters on the same streets in the same parts of the prisink came up with missing mail in ballots	12/5/2017 6:58 AM
35	I feel this is the greatest way for voter fraud and should not be used except for voters out of state or sick and cannot get to the poles	12/5/2017 5:52 AM
36	Fully Trust	12/5/2017 12:12 AM
37	Way too much opportunity for fraud! Mail in voting is impossible to secure!	12/4/2017 9:59 PM
38	Fully trust	12/4/2017 8:08 PM
39	I trust voting by mail 98.765% , same as voting in person	12/4/2017 8:05 PM
40	I fully trust it, but your survey doesn't seem to let me choose that.	12/4/2017 8:05 PM
41	Fully trust	12/4/2017 8:04 PM
42	Wide open for voter fraud, voters should have to provide state issued photo ID in person to vote. Voting is so important, it shouldn't be treated less than buying alcohol.	12/4/2017 7:17 PM
43	My distrust is with USPS. I would frankly prefer online voting. It would go through fewer hands.	12/4/2017 5:54 PM

2017 Maricopa County Voter Experience Survey

44	I'm not too confident in the security and reliability of the USPS.	12/4/2017 5:52 PM
45	i'm never sure it is received or counted/	12/4/2017 5:50 PM
46	Mail... is mail, no guarantee...	12/4/2017 5:34 PM
47	I like the idea of having a clear paper trail in the case of recounts; when I can feel sure that the ballot has been monitored from my hand until it is in the ballot box and can be traced until all procedures are finalized.	12/4/2017 5:11 PM
48	too much opportunity for fraud, believe voting should be in person and voter identification verified	12/4/2017 4:58 PM
49	You want most folks to MAIL the ballot? This is CRAZY! How many stories does one need to hear about ballots never being counted because they never arrived? Or ballots were stuffed in a box somewhere. How about the Bush-Gore ballots of US soldiers never being counted! Me? Trust the US Postal system - NO WAY!!!!!!!!!!!! HAVE MORE PLACES TO VOTE!!!!!!!!!!!!!!!!!!!!!!!!!!!!	12/4/2017 4:58 PM
50	I can see my ballot count in person on day of election; I have no way of knowing what happens with a mail ballot.	12/4/2017 4:51 PM
51	Fully trust	12/4/2017 4:48 PM
52	if i hand it to someone, it has a better chance...	12/4/2017 4:33 PM
53	I trust myself, but I do not trust the electorate in general. Voter fraud exists.	12/4/2017 4:27 PM
54	What I do not trust is whether the early ballots get counted in a presidential election like 2016, when they are calling the election the night of it and not after the early ballots have been counted.	12/4/2017 4:17 PM
55	I do not trust it, not sure if my vote counted	12/4/2017 4:07 PM
56	Can you prove that a voter is not being unduly influenced? NO!	12/4/2017 4:00 PM
57	There must be something wrong with my phone, but when I tap "Fully trust" it selects all 3 stars. My answer is fully trust.	12/4/2017 3:58 PM
58	Not familiar with how ballots are shipped and secured using third party (USPS).	12/4/2017 3:56 PM
59	Still prefer to vote in person.	12/4/2017 3:54 PM
60	I fear it getting lost or never being counted	12/4/2017 3:46 PM
61	I don't feel it's secure unless I can place the ballot in the machine myself.	12/4/2017 3:41 PM
62	I still like to go to the pollss	12/4/2017 3:40 PM
63	I am against early voting. If an event occurs you are unable to change your vote. We can't be that lazy to drive to a polling place every two years	12/4/2017 3:26 PM

1	Difficult to locate information on the election date and deadline for voting.	12/8/2017 11:18 PM
2	we need more information about Judges!	12/8/2017 7:43 PM
3	Will say this twice. The system needs to let voters know their votes have been received. Emphatic believe in this.	12/8/2017 3:27 PM
4	Keep up the good work and follow through. As always, I really appreciate comprehensive compilation of the pros and cons of all ballot issues. Thanks again.	12/8/2017 1:55 PM

6	You need to make sure there are enough voting locations, this will ensure that everyone is able to vote.	12/8/2017 12:13 PM
7	I don't read them because the process of marking a ballot doesn't change. I couldn't say if the instructions included with the November 2017 ballot specifically were insufficient or not.	12/8/2017 11:32 AM
8	I registered at the DMV and wasn't told where to check my political party, so I was registered as an Independent which wasn't true, and missed out voting my political party	12/7/2017 7:34 PM
9	Clearer instructions re: signing or not signing envelope, easier Access to info about candidates/propositions (link info included in envelope).	12/7/2017 2:16 PM

13	Easy and love voting through mail!	12/7/2017 11:45 AM
14	Envelope should clearly state that the official ballot is enclosed. Some people thought it was a sample ballot	12/7/2017 10:44 AM
15	I always have a hard time finding the date of election day on mail in materials. I've had this struggle for years. Would LOVE to have the deadline readily accessible on the ballot and instructions. I know I have until 7 pm on election day, and that is on the instructions. But the date of the deadline is usually missing.	12/7/2017 10:40 AM
16	Ballots can be too long and complicated, especially with the election of judges and referenda or other ballot measures.	12/7/2017 9:41 AM
17	i do not understand why it is in two languages. If the intent is to allow non-english speaking voters to vote then it should be translated into at least the top 30 languages out of the over 6,800 languages on Earth.	12/7/2017 9:39 AM
18	I want to have the ability to go to a nearby polling place and cast my vote. I have not done this in recent elections because of the long lines.	12/7/2017 9:18 AM
19	Define districts and candidates to the specific areas. For example not every candidate on T.V. are able to be voted in your district which confuses the issue?	12/7/2017 8:55 AM

41	Good job	12/6/2017 5:02 PM
42	I need to believe that there are more "good" people than bad! Last year after a 2 week vacation I had 5 voting ballots in my held mail. I just delivered it, someone made a mistake and it was easy to correct plus I now know 5 really nice people!	12/6/2017 5:01 PM
43	The ballot questions were a little confusing. The explanations were way too long to digest. I had to search online for summaries.	12/6/2017 4:58 PM
44	Add instructions to the ballot re use of Black Ink Only, as well as having it on the instruction sheet. Perhaps this has been taken care of already, but didn't see it on the most recent ballot. I have to wonder how many ballots are disqualified due to use of incorrect ink color. Thanks.	12/6/2017 4:26 PM
45	I wasn't sure if it was a total mail in process or if I had the option to take my PEVL ballot to a polling place on election day like I usually do.	12/6/2017 4:24 PM
46	Many times the explanations are too convoluted. This may be a problem with the issue itself, but the instructions need to be very clear what the result of each choice would be.	12/6/2017 4:18 PM
47	I always vote, and usually by mail; however I know other voters had complaints about the ballot dates and drop off locations. I guess that needs to be POLITELY cleared up.	12/6/2017 4:17 PM
48	info suppressed on purpose	12/6/2017 3:54 PM
49	worked great for me	12/6/2017 3:53 PM
50	Let voters register and be able to choose to receive the information packets electronically instead of by mail. The ballots themselves would continue to be received by mail. I would so choose and provide relief to the landfill and the budget at the same time.	12/6/2017 3:46 PM
51	put more information about candidates in layman's terms	12/6/2017 3:03 PM
52	I hate the fact that half of the information is in Spanish. What are we incentivizing here? People need to learn english. If they speak broken english, they will be worse off in the world. Make people learn english, do not allow them to be lazy. Do you think for a moment that if a bunch of poor rednecks from America overtook Mexico, started celebrating July 4 in Mexico, and demanded that Mexican election information be presented in english, that the Mexicans would tolerate that? I would be surprised if they did.	12/6/2017 2:57 PM
53	Switching parties from GOP to DEM at https://servicearizona.com could be easier, yes? A (10) day gap to nominate candidates is a bit strong, don't you think?	12/6/2017 2:52 PM
54	there was no information, only a ballot	12/6/2017 2:49 PM
55	Is there a website where a more detailed discussion of issues can be found? Where more details of implications, budget and other specifics can be found?	12/6/2017 2:26 PM
56	Eliminate the fine print and use a few succinct instructions.	12/6/2017 2:09 PM
57	ballots were fine we are just surrounded by stupidity!	12/6/2017 2:08 PM
58	Deadline dates to drop ballots or mail them needs clarification.	12/6/2017 2:06 PM
59	Would like to have the for and against debate included with the ballot. 2017 had no candidates, but when there are candidates I'd like access to information on them.	12/6/2017 2:06 PM
60	Provide more details about the effects of the proposition	12/6/2017 1:54 PM
61	The biggest problem is where to sign the envelop. Everyone I know, every time they vote, debate where to sign. There is always confusion about the signature box for if filling out for the voter or where to sign if the voter. I would suggest one place to sign with check boxes below for "voter" and "filled out for other language."	12/6/2017 1:47 PM
62	Better balance/analysis for and against arguments for propositions and discussion of write-in alternatives regarding candidates who run unopposed.	12/6/2017 1:22 PM
63	Info on initiatives should be written in easy to understand language. That would encourage more people to vote. This information should be sent out early so everyone knows what they are voting on and that they understand each item on the ballot.	12/6/2017 1:06 PM
64	It was good	12/6/2017 1:02 PM

65	making the actual election date more obvious would be nice, also better stating that anyone receiving the intro to upcoming ballot is already signed up for voting by mail, so do nothing if you still want to receive by mail.	12/6/2017 12:56 PM
66	To a disgruntled or disinterested prospective voter, no amount of "information or instructions" will help. If one is motivated, and particularly has Internet access, there is no reason NOT to participate. Perhaps Mr. Fontes could move to wire the county with Internet access for all!	12/6/2017 12:54 PM

68	Received the Phoenix Union School &Roosevelt District ballet	12/6/2017 12:45 PM
69	I always vote using mail-in ballot. Very easy with clear instructions on how to complete ballot and return with signed envelope.	12/6/2017 12:37 PM
70	My first question always is: blue or black ink.	12/6/2017 12:36 PM
71	Information seemed bias. Confusing with multiple languages on one booklet or ballot.	12/6/2017 12:31 PM
72	There was A LOT of information, but not necessarily clear. If there was a way to make what your voting for more understandable, I think it would help a lot; especially for those whose first language isn't English. Is there a more simplified explanation available?	12/6/2017 12:25 PM
73	Too few places to turn in ballot. Too far away.	12/6/2017 12:19 PM
74	During the last referendum (on school funding), it was not clear where I could vote. It was different than election. The website did not accurately display where I could vote.	12/6/2017 12:12 PM
75	The exact language is still really comprehensive and can be confusing. A cliff notes of sorts would be really nice to summarizes what exactly it means if one votes yes or no.	12/6/2017 12:08 PM
76	I personal feel the ballet should only be printed in English to save funds.	12/6/2017 12:05 PM
77	Helen Purcell did a good job.	12/6/2017 12:05 PM
78	The description of the tax I was voting on was not inaccurate, but it was not accessible.	12/6/2017 12:02 PM
79	I'd like more information about each thing I'm voting for so that I know what a "yes" or a "no" vote really means. I'd like this more in layman's terms, instead of the jargon we get with our ballot.	12/6/2017 11:59 AM
80	It would be great to put more information down each candidates background	12/6/2017 11:59 AM
81	you send out early ballots to vote by mail but the voting guides don't come out until just before Election Day. please send them out earlier. the local news will provide anything that might change a voters mind.	12/6/2017 11:59 AM

90	Perhaps if could be secure on line would be great for local	12/6/2017 11:33 AM
91	None	12/6/2017 11:29 AM
92	The information was clear however the wording of the bill itself was unfair. It was clearly written with the intent of not being passed with a negative tone up front and facts at the end. Most voters, unfortunately, would not read past the first 2 sentences.	12/6/2017 11:21 AM
93	It was great	12/6/2017 11:20 AM
94	Everyone should vote by mail. The polling places are different for every election. The visiting neighbors on election day at the polls is sadly a thing of the past.	12/6/2017 11:15 AM

103	Don't ever tell a voter to go "fuck" themselves. This offensive should have been something that removed Mr Fontes from office.	12/6/2017 10:47 AM
104	simplify and reduce word count to maximum degree possible. Format needs more "air"	12/6/2017 10:43 AM
105	I object to becoming a bilingual country. It is ultimately divisive per the historical record. I am not a racist. A common language binds the people. I encourage Maricopa County dropping the Spanish Language option to encourage folks to operate in English. When I was growing up I was not taught to speak Italian because we are Americans now and Americans speak English.	12/6/2017 10:41 AM
106	I don't like voting at the school in queen creek when they have a measure on the ballot. Why would you allow a school to host the polls when they are on the ballot?	12/6/2017 10:37 AM
107	Every election from now on should either be by mail or, when security issues are resolved, electronically. There is no longer a need for local polling places staffed by aged workers.	12/6/2017 10:36 AM
108	the ballots need to be designed by a UX team not lawyers	12/6/2017 10:34 AM
109	we need to have Id.for everyone	12/6/2017 10:33 AM
110	the truth not what the media wants simple terms don't twist the words to fit some else agenda.	12/6/2017 10:33 AM
111	I loved the email saying my vote was accepted. I like the additional feedback	12/6/2017 10:33 AM
112	Having a brief summary presented by the actual proponents.	12/6/2017 10:32 AM
113	Break down of the voting issues Could be explained more simplistically.	12/6/2017 10:31 AM
114	I recently moved from Calif. where the voting materials have arguments for and against provided by elected officials and/or interested parties. Much better	12/6/2017 10:30 AM
115	try writing instructions in plain english!	12/6/2017 10:27 AM
116	Long detailed description of the proposition is sufficient. But included with the full description, 3 or 4 bullet points that give the benefits and disadvantages if you vote "yes" and 3-4 benefits and disadvantages if you vote "No". I think, bullet points might be help for those who have trouble understanding the advantages and disadvantages if the proposition is passed or rejected.	12/6/2017 10:26 AM
117	There is plenty of info on-line, minimal info needs to be sent out, in my opinion. I'd rather see resources put into helping more people sign up for and vote by mail.	12/6/2017 10:23 AM
118	Did not receive our ballots.	12/6/2017 10:22 AM
119	I wish I got an "I voted" sticker, but I know you can't send them with the ballot.	12/6/2017 10:22 AM
120	It should include the actual day of voting so you know the deadline	12/6/2017 10:20 AM
121	Please be more specific on the legislation, its hard to understand and I can't tell off I'm voting for it or against it. The way the props are written is confusing!!!	12/6/2017 10:19 AM
122	Election went well, thanks.	12/6/2017 10:17 AM
123	Information was very thorough, easy to understand. Thank you	12/6/2017 10:17 AM
124	Instead of using arrows to connect your vote to the politician of your choice, it would be easier and clearer to fill out ovals.	12/6/2017 10:16 AM

125	Clearly state the total number of people submitting comments included with the informational pamphlet and of those how many oppose the measure and how many are in favor of the measure.	12/6/2017 10:14 AM
126	Adrian! If you are a Democrat in a land of Repubs, you need to be the good guy, the clear and obvious best choice. Please learn a lesson from telling a voter to f*ck off.	12/6/2017 10:14 AM
127	Ballot was huge, crazy big piece of paper. Save a tree, reduce size of ballot to closer to an average piece of paper.	12/6/2017 10:13 AM
128	The dates for early balloting by mail on FRONT of envelope for assurance /confirmation & exact date of Election Day as well as inside instructions.	12/6/2017 10:12 AM
129	Keep up the Good work.	12/6/2017 10:11 AM
130	Easy	12/6/2017 10:10 AM
131	I supplement with my own research online, so a section for "for further research" with online links or suggestions would be useful, if possible.	12/6/2017 10:07 AM
132	The language on the questions was very confusing and required me to read it out loud several times before I understood exactly what it was asking. I have a master's degree, and I can't help but worry that if I got confused other constituents probably did too.	12/6/2017 10:06 AM
133	Not at this time	12/6/2017 10:06 AM
134	There seemed to be a lot of paper waste- I received about six different pieces of paper- when I needed about half that amount.	12/6/2017 10:06 AM
135	I suggest a campaign informing all voters how well this system works.	12/6/2017 10:04 AM
136	I was able to search the internet to get the rest of the information I needed. It was a little difficult to know when the voting window ended from the paperwork provided.	12/6/2017 10:04 AM
137	Loved the inserts and how they were Bilingual and easy to read and understand and easy to follow!	12/6/2017 10:03 AM
138	Additional information online could be helpful as well.	12/6/2017 10:03 AM
139	Information needed to be a little easier to understand.	12/6/2017 10:02 AM
140	It use to say a yes vote wil.... A no vote wil That made it a little clearer.	12/6/2017 10:02 AM
141	Spanish and English could be separate forms	12/6/2017 10:01 AM
142	Most of the time, the wording is very confusing on the different issues. Have to re-read issues quite often to make sure we are voting the way we want to vote	12/6/2017 10:01 AM
143	Thank you for including clear instructions. The only addition that would be nice is a list of nearby polling places / drop off locations.	12/6/2017 10:01 AM
144	The instructions could be in bigger and bolder type.	12/6/2017 10:00 AM
145	My voting experience for this election was smooth and easy. Unfortunately, the voting experience in 2016 was wrong and illegal on every level and can't be considered a Constitutionally valid election at all. I've voted since 1972 and have never seen an election sabotaged by both parties. What is being done to prevent secret changing of registrations, voter suppression and closing of most polling places on election day, and why was no criminal investigation done?	12/6/2017 10:00 AM
146	The technical language is good, but I like the language when it's put into layman's terms. The layman's language should be presented first and foremost, with the technical language last as most people can't decipher and put meaning to the technical language.	12/6/2017 9:59 AM
147	my Is RUBEN M GARCIA GET IT RIGHT I VOTED YES EARLY YOU GOT WRNG PERSON	12/6/2017 9:58 AM
148	I will also research any info concerning voting online.	12/6/2017 9:58 AM
149	I feel I'm given plenty of information on which to make a choice.	12/6/2017 9:58 AM
150	In other voting districts I really enjoyed reading the for and against arguments and rebuttals. I felt they allowed each side to make their argument, and helped shape my voting decision or where I needed to do further research.	12/6/2017 9:57 AM
151	GREAT WORK!	12/6/2017 9:57 AM
152	Keep up the great work.	12/6/2017 9:56 AM

153	It was fine for me, but there's always room for improvement.	12/6/2017 9:56 AM
154	Include mailing deadline on return envelope for convenience.	12/6/2017 9:55 AM
155	It's not rocket science, it's the 10 percent rule. Be 10 percent smarter than what you're working with.	12/6/2017 9:55 AM
156	Don't really remember much but I did seem to have questions that couldn't be answered directly.	12/6/2017 9:55 AM
157	Thank you for asking.	12/6/2017 9:55 AM
158	The information I received in my ballot in regard to Propositions 406 and 407 seemed to be biased toward passing the proposals. No alternative opinions or views were shared other than those in favor of passing the propositions. Clearly, there are drawbacks to passing such proposals and the omission of this information felt intentional to me.	12/6/2017 9:55 AM
159	N/A	12/6/2017 9:54 AM
160	Facts and stats would be appreciated	12/6/2017 9:54 AM
161	A hard deadline for postmarking ballots should be more obvious. I received an email the day of the mail-in deadline, with no prior emails received regarding the deadline.	12/6/2017 9:53 AM
162	Only because we're new to the area.	12/6/2017 9:53 AM
163	Too much legal jargon.	12/6/2017 9:52 AM
164	Add a simplified breakdown. These things are written to confuse people.	12/6/2017 9:52 AM
165	I had to google search for more info.	12/6/2017 9:51 AM
166	Yes, but I am worried about my vote being counted correctly. I would prefer paper ballots so that there is no question of tampering with the computer systems.	12/6/2017 9:43 AM
167	There was no election date on the ballot or envelope. I noticed this before all of the public back and forth on this topic. When I heard someone brought this oversight up, I thought aha, it wasn't just me. The county officials initial response to this was truly unfortunate though.	12/6/2017 8:53 AM
168	The shorter the instructions, the better	12/6/2017 1:08 AM
169	Yes, but there seemed to be a lot of blank/wasted paper used for the ballot	12/5/2017 11:37 PM
170	Getting response after your ballot is submitted can be more clear.	12/5/2017 9:56 PM

173	I'm a CDL driver and i'm glad i'm able to vote by mail because i spend most of my time on the road. Thank you sir for your concern and you are doing a wonderful job. Merry Christmas	12/5/2017 7:55 PM
174	Some information about the shift to "all-mail-in" was unclear with regards to those who prefer to drop off their ballots at a polling center, day-of.	12/5/2017 7:53 PM
175	I thought I could scan and upload my ballot, because I have done that in the past. However, the texting system wasn't received, and upon calling an elections agent told me I had to go in person to drop off my ballot. Please support scanning ballots again!	12/5/2017 7:34 PM
176	List date ballot should be mailed by and make it obvious.	12/5/2017 7:11 PM
177	Would like to see the mailing envelope...in which to ballot is mailed to us...marked more clearly: "This is your official ballot." I talked to a few people who threw it away as they, unfortunately, didn't pay close enough attention.	12/5/2017 6:34 PM
178	except last one you sent spanish I am english speaker	12/5/2017 6:07 PM
179	Required a lot of additional research online to understand the specifics and stance of the people or propositions	12/5/2017 6:04 PM
180	Would have liked to read more alternative opinions in the brochure but apparently there weren't any? Also - we get so much information BEFORE an election but then have to scramble to find out the results. Would appreciate a single email afterward containing all the results. Thank you.	12/5/2017 4:59 PM
181	Mail in ballot was great. Liked getting pamphlet ahead of time describing issues. Thank you.	12/5/2017 4:49 PM
182	It made me feel wonderful that my vote counted, thank you!	12/5/2017 4:41 PM

183	encourage people to vote early and by mail!	12/5/2017 4:17 PM
184	The ballot required the use of a black felt top pen. In previous years ballpoint pens in either black or blue ink ok. It was much easier then when I didn't have to buy a special pen to vote.	12/5/2017 3:44 PM
185	The choices are very little information on the ballot and too much information on the booklet. I end up doing research in the internet at as many sources as I can find.	12/5/2017 3:30 PM
186	Very easy and makes sense to save this money for special elections especially. Thank you!	12/5/2017 3:24 PM
187	better explanation of the propositions in layman's terms.	12/5/2017 2:22 PM
188	I would like to see more info on the candidates in the sample ballots i.e. where they stand on issues	12/5/2017 1:54 PM

192	polling date	12/5/2017 1:08 PM
193	Not sure why everyone doesn't mail their ballots.	12/5/2017 12:53 PM
194	Somewhere so that you can see it at first glance, on the envelope, next to the address, etc., put in bold letters the election date. Otherwise all good.	12/5/2017 12:49 PM
195	More explicit pros and cons for issues/candidates.	12/5/2017 12:47 PM
196	the voter rolls should be updated constantly with people moving in/out and deaths etc. do we need a better cross reference system? voter info lengthy, language not simple enough (ie 6-8th grade should be).	12/5/2017 12:30 PM
197	Maybe website links to get more info	12/5/2017 12:26 PM
198	It's very "official" as it should be, but sometimes the jargon can be hard to understand.	12/5/2017 11:12 AM

200	Excellent	12/5/2017 10:53 AM
201	Voting initiatives can be confusing. I like the information that is sent with the ballot, but I generally do some internet research before voting.	12/5/2017 10:21 AM

207	Easy to understand pros and cons, with web links to more info	12/5/2017 9:31 AM
208	Historical data should be provided with issues on ballot	12/5/2017 9:28 AM
209	A little better on what information given, which applies to you based on your address.	12/5/2017 9:18 AM
210	I like voting but mail I'm hoping they get counted I voted for TRUMP He won that's all that matters But I feel during the 2 elections before this past one That is when voter fraud was happening When Obama won 2 times in a row Well there were not riots and Republicans acting like fools and treating people horribly But the dem libs are being AWFUL since Hillary lost and YAY! Trump won But don't blame it on voter fraud this time	12/5/2017 8:49 AM
211	Not having a ballot in front of me, I seem to recall the return envelope being the place some extra design could help distinguish the signature box and the affidavit section (if someone else fills it in).	12/5/2017 8:24 AM
212	It would be great if a third party could provide a list of "what this does" because I always hear about certain consequences that were not at all apparent in the information provided.	12/5/2017 8:21 AM
213	The instructions were sufficient. The information included on the measure we were voting on was almost non-existent. It also took some digging online to find any information about it.It was weird that what we were being asked to vote on was not easy to research, and no information was included about it.	12/5/2017 8:18 AM

214	Yes, I am grateful to vote thru the mail because of my very robust business travel schedule. Should I not be able to vote by mail, I more than likely would not be able to fit a voting day into my schedule.	12/5/2017 8:05 AM
215	1-It was hard to find the date of the election. 2-When the ballot was to be returned was unclear	12/5/2017 8:03 AM
216	I love the fact that you give opinions from both sides.	12/5/2017 7:59 AM
217	Voting is so easy with the automatic mail ballots. Being "older" I don't want to stand in long lines or be in a crowd.	12/5/2017 7:56 AM
218	There is a lot of information on the envelope, but difficult to see what is important to you individually.	12/5/2017 7:56 AM
219	I didn't receive a voters pamphlet this last cycle that included comments for yes and no voting.	12/5/2017 7:51 AM
220	I believe voting by mail is the only way to go! Saves time and money. The only problem I see with mail in votes is when they are counted. They should be counted and ready to submit with the rest of the polling place numbers on voting day.	12/5/2017 7:31 AM
221	I like to vote from the comfort of my home and I never forget to vote when receiving my ballot by mail!	12/5/2017 7:29 AM
222	I usually drop off my mail in ballot on election day. It would be helpful to have my local polling place and address listed on the ballot or envelope. Thanks.	12/5/2017 7:20 AM
223	on all questions, send them out early, so we can think about them, instead of reading those long winded questions for the 1st time, when voting.	12/5/2017 6:56 AM
224	Lots of info, print is too small. Maybe a start here notice and a step 1, 2, 3, etc	12/5/2017 6:55 AM
225	Better since you were elected.	12/5/2017 6:53 AM
226	Hi points of the issues should be shown and then pro and con arguments summarized.	12/5/2017 6:52 AM
227	However; maybe have a website to acquire additional information.	12/5/2017 6:37 AM
228	There should be a forth choice: Did not make use of information.	12/5/2017 6:17 AM
229	Timely and thorough.	12/5/2017 5:56 AM
230	Sometimes the technical, political terms are confusing. Make it simple but concise.	12/5/2017 5:49 AM
231	Lanaguage is too official. Simplify allong the lines of ! Mark Ballot with dark pen/pencil 2.insert in envelope et.	12/5/2017 5:46 AM
232	I don't like the fact that I wasn't given a choice to register as an Independent,...only a Democrat or a Republican! I used to be a Republican,..but I don't even recognize it at all & want nothing to do with this corrupt, greedy & heartless Party anymore & refuse to register as a Republican!! I guess that makes me a Democrat now!!!	12/5/2017 5:43 AM
233	All candidates should be mandated to have a picture of themselves.	12/5/2017 5:34 AM
234	Keep up the good work.	12/5/2017 2:02 AM
235	I always feel the official info on ballot issues needs a Google search to clarify the lawyer-speak. Aside from that, voting was smooth.	12/5/2017 1:36 AM
236	I would hope given the foreign interference with help of Trump's team that Arizona is going to move to hand count of ballots to minimize any further erosion of voter confidence. Better to take more time and get it right.	12/5/2017 1:26 AM
237	Propositions need to be written as straight forward as possible	12/4/2017 10:12 PM
238	excellent instructions and materials	12/4/2017 10:07 PM
239	The voting process was excellent and easy. The proposals were sheer crap with zero accountability for the bonus funding.	12/4/2017 10:05 PM
240	Excellent job. I like to vote but this is the easiest way I have ever voted!	12/4/2017 10:02 PM

246	Perhaps locations where I could drop them off in my area would be helpful as the website was not clear on addresses.	12/4/2017 9:14 PM
247	It would be nice to have a place to see all of the arguments for/against the proposition by the various groups/politicians...we got that when I lived in CA a long time ago, and that was useful in figuring out what was behind the various propositions.	12/4/2017 9:03 PM
248	Information regarding election question was not provided, difficult to find, and lacked impartial analysis.	12/4/2017 8:57 PM
249	Have Zero Faith in Recorder office pasf experience	12/4/2017 8:50 PM
250	We have more than one voter in our house and don't need to receive the information for each of them. I think that you can use a database to improve the information on how many you have to send to homes with multiple voters and save money	12/4/2017 8:45 PM
251	Make it more clear that people can vote in person. Make the election date more clear. More voting centers with longer hours / more days. Language assistance.	12/4/2017 8:44 PM
252	I still don't understand why the ballot is in spanish. People need to learn the language if they want to vote in the American society.	12/4/2017 8:43 PM

266	make it more clear to use	12/4/2017 7:54 PM
267	It would be great if you could print a "MAIL BY" date on the envelope or somewhere more prominent on the ballot. Otherwise - great!	12/4/2017 7:51 PM
268	I've been voting by mail for years, it's easy, calm and efficient. keep up the good work.	12/4/2017 7:47 PM
269	Directions, sign here, must check here must date this. Everything could be made simple. Voting is an american RIGHT! Change the law = register everyone the moment they get their drivers license. If they don't have that tell them their state id will require it. Simplify the pages of candidates and provide their website for details.	12/4/2017 7:44 PM
270	Since so much is digital these days, it would be nice to be informed of where to get clear information regarding both sides of an issue or candidate voting records, etc, without feeling as though you need degree in political science to figure out what's what.	12/4/2017 7:41 PM

278	The explanations of issues is too long and drawn out, thus boring the crap out of the voter. Keep it simple!	12/4/2017 7:19 PM
279	none	12/4/2017 7:11 PM
280	Info should be more comprehensive including pros and cons. Should also cover diverse perspectives.	12/4/2017 7:09 PM
281	Keep up the good work!	12/4/2017 7:06 PM
282	Ballot was not sent and it was requested numerous times. I believe it was intentional.	12/4/2017 7:06 PM
283	Very well explained	12/4/2017 6:58 PM
284	more information about people running for local positions.	12/4/2017 6:53 PM
285	very easy to read	12/4/2017 6:53 PM
286	Convenient and easy!	12/4/2017 6:49 PM
287	The postcard that comes BEFORE the ballot is the most confusing because it says, "send back if you do NOT want to vote by mail" and people might send it in accidentally. Maybe they didn't do that this election. But in the past that was confusing.	12/4/2017 6:48 PM
288	Couldn't find the due date for the mail in ballot.	12/4/2017 6:41 PM
289	It's all so straightforward not sure how it could be any better	12/4/2017 6:40 PM
290	Election dates could be more clearly printed and the "mail by" dates that are announced by the press could be printed on the envelope. Every election I feel I am scouring the envelope or ballot for the election date.	12/4/2017 6:37 PM
291	I would like there to be more voting by mail, the turnout is better and it's more progressive and saves resources, time, traffic and money.	12/4/2017 6:32 PM
292	There simply were not enough voting locations. This made the news and, in my opinion, made our entire state look bad.	12/4/2017 6:32 PM
293	Add a "I voted today" sticker in the envelope. Many people go to the polls just to get the sticker.	12/4/2017 6:29 PM
294	Could not be any more clear and concise and simple, and as far as I am concerned, I trust the USPS to deliver it safely and therefore I trust this voting method and think EVERYONE should Mail in. These claims of Voter fraud are pure BS, and I completely trust your office and efforts	12/4/2017 6:22 PM
295	There's almost too much information!	12/4/2017 6:18 PM
296	Wording is unclear whether a yes, or a no vote, is actually what you want it to mean	12/4/2017 6:16 PM
297	There is a lot of small print instruction on both sides of the envelope. You clearly, in red lettering I believe, tell me I need to sign the envelope in the space provided for the vote to count. If that is the only thing you really need me to read on the envelope then just put that.	12/4/2017 6:11 PM
298	The directions made it very easy to follow without concerns.	12/4/2017 5:57 PM
299	I like it when it is explained what a yes or no vote will mean, because I don't always understand the topics.	12/4/2017 5:56 PM
300	Too wordy. Needs to summarize pertinent points mor succinctly.	12/4/2017 5:54 PM

2017 Maricopa County Voter Experience Survey

301	I think all citizens should be given links to complete transcripts of the proposals being voted on. I envision a website that publishes full versions of bills/laws/proposals, and then also includes the shortened explanations and purposes of each and every section of writing alongside the official verbiage. Maybe I should start the website if anyone wants to hire me.	12/4/2017 5:36 PM
302	The Secretary of State and the County Recorder should encourage the broadcast TV stations to run more Public Service Announcements regarding voter eligibility, voting procedures, and deadlines. Thank you.	12/4/2017 5:35 PM
303	I think it is great the way it is.	12/4/2017 5:34 PM
304	"Plain English" should be used wherever possible.	12/4/2017 5:31 PM
305	less legalese and more straight talk	12/4/2017 5:31 PM
306	The design was very cluttered, with tiny writing, which was difficult to read. Too much wording and no visuals = no visual/ aesthetic appeal.	12/4/2017 5:30 PM
307	I've obviously already sent the card back so I'm going by memory only, but had to call to ask if I was filling it out correctly. On the left side of the voter form it stated the info below it wasn't necessary, but in the boxes below it has clearly printed, that these boxes were required. Don't contradict yourself and confuse things. Simply state what we need to do and if it's ONLY required IF we have not done something.	12/4/2017 5:30 PM
308	It was the greatest thing since Chevrolet used the LS1.	12/4/2017 5:30 PM
309	Getting better with no so any double negatives.	12/4/2017 5:26 PM
310	I couldn't easily find by what date the ballot needed to be returned.	12/4/2017 5:16 PM
311	Too bad the mail in ballots are counted later and don't really count	12/4/2017 5:15 PM
312	initiatives are written with a bias	12/4/2017 5:14 PM
313	Information was clear on the basis that I'd previously done some research.	12/4/2017 5:13 PM
314	We love the mail in ballots for everything.	12/4/2017 5:12 PM
315	My ballot was returned as it could not be forwarded to my summer address.	12/4/2017 5:10 PM
316	You are doing a great job, screw the haters!	12/4/2017 5:09 PM
317	Impeach Trump	12/4/2017 5:08 PM
318	A copy of a picture ID Too easy for voter fraud with out	12/4/2017 5:06 PM
319	The ballot itself is very clear but the voting info. booklet only had info stating why we should vote for the proposition and nothing for why not to vote for it. Either there was no rebuttal, not submitted in time or completely left off purposely.	12/4/2017 5:05 PM
320	a few years ago I thought it passed that the elections should be in English only.	12/4/2017 5:05 PM
321	Prefer only English to be used.	12/4/2017 4:58 PM
322	I used to get a pamphlet explaining the propositions, and a summary of pros and cons. I found it helpful. I received nothing last voting cycle.	12/4/2017 4:57 PM
323	This should be the only way we vote!	12/4/2017 4:54 PM
324	include the full detail of propositions	12/4/2017 4:53 PM
325	Great job and great outcomes on the provisional counts! Keep up the great work.	12/4/2017 4:51 PM
326	Simpler instructions with larger prints.	12/4/2017 4:51 PM
327	Do a better job with the pro and con. More detail.	12/4/2017 4:50 PM
328	For a white, educated, middle class person- I was able to understand everything included.	12/4/2017 4:49 PM
329	will be more critical with propositions and general elections	12/4/2017 4:48 PM
330	descriptions	12/4/2017 4:47 PM
331	Easy as pie	12/4/2017 4:46 PM
332	I did not know what pertained to me and whether or not I was to do anything to participate to be honest.	12/4/2017 4:46 PM

2017 Maricopa County Voter Experience Survey

333	I did not vote as I did not get any information about what the election was for. Is info sent out by mail or email? Please give an update on how this and other not national elections are passed on to voters. I have lived here for many years and this is the first time that I am aware they exist. I'll be grateful for your help.	12/4/2017 4:45 PM
334	I wish I knew where school administrators would really spend their money before voting to approve a bond.	12/4/2017 4:41 PM
335	Make this process online.	12/4/2017 4:40 PM
336	I checked this answer because I am able to research names and items to be voted on. The information might not be enough for elderly that do not have computers.	12/4/2017 4:39 PM
337	Perfect and convenient	12/4/2017 4:37 PM
338	The wording sometimes on the pamphlets needs to be placed at an easier to read and understand level. Sometimes difficult to understand what I'm voting for.	12/4/2017 4:35 PM
339	Your doing a good job	12/4/2017 4:34 PM
340	Statements by candidates would be nice to have.	12/4/2017 4:31 PM
341	Since the wording of laws is very technical and intentionally convoluted, perhaps there should be places (websites, articles) listed where one can find simplified versions that are not one sentence summaries.	12/4/2017 4:31 PM
342	Each proposal had a summary but I relied on the information provided by the city in pamphlets and on the website to make an informed decision.	12/4/2017 4:30 PM
343	The 2016 Democratic Primary was a bad joke, limited voting place, calling the election for Crooked Hillary with less than 1% vote counted and much more... then our officials doing nothing to nullify the results of a fixed crooked election... trust of voting integrity is very much in question...	12/4/2017 4:27 PM
344	Everything was clear. Had no problem.	12/4/2017 4:26 PM
345	i also do my own research	12/4/2017 4:22 PM
346	This time the information was sufficient since it was in regards to a policy vote but I usually feel the information regarding the candidates are lacking.	12/4/2017 4:19 PM
347	It would be good to know that you can drop your early ballot off At any location in maricopa the day of if you miss the deadline	12/4/2017 4:19 PM
348	PLEASE SEND STICKERS WITH EARLY BALLOTS!!!!!!!!!!!!	12/4/2017 4:19 PM
349	Difficult to understand the language used. Simplify the average.	12/4/2017 4:18 PM
350	MAIL IN IS THE ONLY TO GO - SEVERAL STATES HAVE & WORKS GREAT	12/4/2017 4:16 PM
351	Well done.	12/4/2017 4:16 PM
352	I got everything I needed to make a decision, Thank You.	12/4/2017 4:16 PM
353	provide information in lame terms as well as legal/political format; when someone is not familiar with specific areas it allows voters to make a more educated decision.	12/4/2017 4:14 PM
354	Information regarding the candidates stances on abortion and other hot issues would be very helpful	12/4/2017 4:14 PM
355	Require voter ID. I feel my vote was countered by votes from illegal, non-US citizens who had no right to vote, but could not be forced to verify citizenship.	12/4/2017 4:12 PM
356	I didn't receive my ballot for this election as I usually do.	12/4/2017 4:12 PM
357	Thank you!	12/4/2017 4:12 PM
358	Never got my ballot by mail	12/4/2017 4:11 PM
359	The process was smooth and without any issues.	12/4/2017 4:07 PM
360	It's hard to find reliable info about certain measures on the ballot.	12/4/2017 4:06 PM
361	None	12/4/2017 4:06 PM
362	Too much junk info. Short straight informative needed	12/4/2017 4:06 PM
363	It could be better if the due date on mail in ballots was easier to find.	12/4/2017 4:04 PM

2017 Maricopa County Voter Experience Survey

364	I think the information is very clear and complete. I have seen mail-in ballots from other states and like the Arizona one very much.	12/4/2017 4:04 PM
365	This is an English speaking nation and this is an English speaking state. Stop aiding voter fraud by illegal aliens. Stop printing anything on the ballots in Fucking Spanish. If you do not have a handle on the English Language, you have no fucking place voting in an Arizona or US election. PERIOD. FULL. FUCKING. STOP.	12/4/2017 4:03 PM
366	More specific info...common to each candidate...solid, honest info.	12/4/2017 4:03 PM
367	Do you compare signatures on envelope?	12/4/2017 4:03 PM
368	Clarity on specific legal speak.	12/4/2017 4:02 PM
369	SATISFIED WITH MAIL IN VOTING	12/4/2017 4:02 PM
370	Good job, keep it up	12/4/2017 4:01 PM
371	All elections should be vote by mail. Every registered voter should be on the PEVL	12/4/2017 4:01 PM
372	It won't be an honest election until you require ID and proof of citizenship at both the time of registration and at the polls, in my opinion.	12/4/2017 3:57 PM
373	ballot drop off location information could be improved somehow.	12/4/2017 3:57 PM
374	great	12/4/2017 3:57 PM
375	This is the way to go.	12/4/2017 3:56 PM
376	Larger type and bolder for voting date and places. difficult to find info on the website about candidates.	12/4/2017 3:55 PM
377	Put the date the ballot must be mailed in to arrive in time to be counted in CAPITOL LETTERS on the ballot.	12/4/2017 3:54 PM
378	Explain more clearly about what a yes vote would mean verses what a no vote would mean.	12/4/2017 3:53 PM
379	When the ballot needs to be returned being more apparent would be helpful	12/4/2017 3:52 PM
380	Because I was on the early voter list already, I was not surprised to receive a ballot; other people I know who generally vote in person were not expecting a ballot and some seemed to have missed it in their mail. The change in procedure could have been publicized more.	12/4/2017 3:49 PM
381	My ballot seemed like it was for numerous county's	12/4/2017 3:48 PM
382	The information could be presented more clearly.	12/4/2017 3:46 PM
383	Information on initiatives is hard to understand, too technical, give it to us in plain English.	12/4/2017 3:46 PM
384	Explain proposed bills in laymen's terms. We're all not politicians who are familiar with more specific legal terminology.	12/4/2017 3:45 PM
385	I just dropped off my mail in ballot	12/4/2017 3:45 PM
386	Just an idea. I really don't like my signature exposed on the outside of an envelope. In WA they had a envelope with a flap that folded over the signature. Also, drop box stations would save Maracopa a lot of money in postage.	12/4/2017 3:44 PM
387	I typically use Google with my mail-in ballot, so I can make sure I'm voting in an educated manner.	12/4/2017 3:43 PM
388	I have not any issues voting.	12/4/2017 3:42 PM
389	Received information day of voting.	12/4/2017 3:41 PM
390	Always wonder if my vote is counted immediately or if it's an after thought. I have heard rumors that blocks of votes, latino surnames, that are not for Republicans are set aside, misplaced, not counted. I've heard it more than once. Troubling.	12/4/2017 3:39 PM
391	A lot of tiny print makes it less likely to be read. It must be signed. The envelope is just as important as the vote itself.	12/4/2017 3:38 PM
392	where do you sign box could be made easy	12/4/2017 3:37 PM
393	How about voting online?	12/4/2017 3:37 PM
394	Great system!	12/4/2017 3:37 PM

2017 Maricopa County Voter Experience Survey

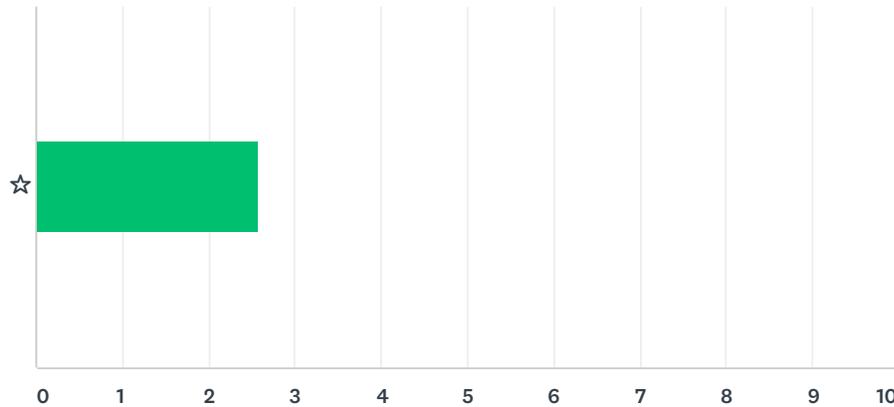

395	Clearer language so that EVERYONE can understand - and participate in the voting process. Remove the complex language that so many people may struggle to understand.	12/4/2017 3:36 PM
396	What could be improved is the information to track your ballot. It didn't stand out as much as it could have. I saw it then went back to get the information and had to hunt for it.	12/4/2017 3:35 PM
397	Vote ID should be absolutely mandatory to validate the voter.	12/4/2017 3:35 PM
398	This time the booklet was okay there were no negative comments. In the past they were oft times confusing.	12/4/2017 3:35 PM
399	clear for me.	12/4/2017 3:35 PM
400	I LIKE THE IDEA OF EVRYBODY GETTING A BALLOT MAILED TO THEIR HOME.	12/4/2017 3:34 PM
401	All the spanish mixed with english is always confusing/distracting...	12/4/2017 3:34 PM
402	Keep up the good work!	12/4/2017 3:34 PM
403	Information is dense and detailed. Do not time to read everthing - just pros and cons would be nice	12/4/2017 3:33 PM
404	It would be good to re-send the publicity pamphlet along with the ballot.	12/4/2017 3:29 PM
405	It is so much easier for me to vote by mail and I have no trouble with the info on how to vote. All is very clear. Thank you	12/4/2017 3:28 PM
406	Summary for each, like a bullet points for each bill. Bigger print	12/4/2017 3:27 PM
407	No comments other than, vote by mail works for my situation.	12/4/2017 3:26 PM
408	no changes needed	12/4/2017 3:25 PM
409	Too confused with mixed English and spanish. Extremely difficult to read.	12/4/2017 3:25 PM
410	Quick and easy here in AZ	12/4/2017 3:21 PM
411	This was a one topic election. These questions kind of silly.	12/4/2017 3:20 PM
412	I am still baffled how in 2017 we can't vote online though.	12/4/2017 3:20 PM
413	Thanks!	12/4/2017 3:20 PM
414	Have enough polling places open for those who vote in person. DO NOT use Purcell's model!!!!!!	12/4/2017 3:20 PM
415	Can't imagine ho wit could be much easier	12/4/2017 3:19 PM
416	Would prefer a consolidated voter information booklet with pro and con statements about issues and statements from candidates along with info on who has endorsed the candidate. The fill in the arrow mechanism is terrible and would much prefer a box to "x" or fill in completely. Suggest you look at WA state voter information booklets for ideas on providing information. Everyone gets the same booklet and saves all the area specific printing/mailing now being done in AZ. Voting has never been as confusing to us as it's been in AZ. The amount of time spent on line researching candidates, issue information etc. was ridiculous!	12/4/2017 3:19 PM
417	No changes, simple to follow as is.	12/4/2017 3:19 PM
418	Simpler language would be beneficial in some cases	12/4/2017 3:18 PM
419	Information printed in small font on colored paper is difficult and intimidating for many.	12/4/2017 3:17 PM
420	Please give us mail in folks an "i voted" sticker. Our votes count, too!	12/4/2017 3:17 PM
421	The election date could be more prominent.	12/4/2017 3:16 PM
422	Deadline to mail ballot is not easy to find.	12/4/2017 3:16 PM
423	It would be great to see a "how this person's job affects you" kind of statement on each.	12/4/2017 3:15 PM
424	Clearly state the issues in 1-2 sentences	12/4/2017 3:13 PM
425	More information on agenda items including propositions and amendments.	12/4/2017 3:13 PM
426	I find the voter information very helpful especially when it is mailed out at least 1-2 weeks before the ballot shows up in the mail.	12/4/2017 3:11 PM
427	Why only two items to vote on....wait until there are more items to be addressed, taxpayer waste!	12/4/2017 3:11 PM

2017 Maricopa County Voter Experience Survey

428	Please include our assigned voting address also on the envelope in case it is needed. I looked it up online minutes after 6p on voting day to find it.	12/4/2017 3:10 PM
429	The instructions can be written in a more practical and informative manner keeping the reader in mind.	12/4/2017 3:09 PM
430	I believe it was very wasteful to use so much paper when there was only one question on the ballot, and the rest of it was blank. Granted, every voting district is different and other may have had more, but nevertheless I felt it was a huge waste of paper.	12/4/2017 3:09 PM
431	Excellent process.	12/4/2017 3:08 PM
432	Get your records updated! My son updated his address the same day as me over a year before the election, yet the ballot never arrived.	12/4/2017 3:08 PM
433	A lot of paper was used for what could have been written on a single 8 1/2 by 11 sheet.	12/4/2017 3:08 PM
434	I used to like to vote in person but now I feel it is better to vote by mail - voting in person has become an unreliable experience - only twice with the long lines but it was bad enough to make me switch. Election info is always difficult to figure out - wording is complicated etc.	12/4/2017 3:08 PM
435	There should be something on the ballot saying when the ballots need to be received by at the latest. Many could think that if the ballot is due by a certain date that the postage date would count.	12/4/2017 3:07 PM
436	Next time, please (1) include deadline to mail-in; (2) provide instructions in case the ballot is not mailed on time.	12/4/2017 3:07 PM
437	Include the date of the election along with the last date by which voters can mail in their ballot right on the ballot, instead of having voters look up the information separately.	12/4/2017 3:07 PM
438	It would be nice to be able to read about the measures I'm voting on in clear, plain English - not Legalese.	12/4/2017 3:07 PM
439	There could be bullet points detailing the specifics of bills and candidates in lay terms	12/4/2017 3:06 PM
440	More information	12/4/2017 3:06 PM
441	Wish as an Independent I was not excluded from voting in the Primary	12/4/2017 3:06 PM
442	Election date was not clearly presented.	12/4/2017 3:06 PM
443	I love voting by mail!	12/4/2017 3:05 PM
444	Help voters understand what's on the ballot better. Don't hide information or make it hard to understand so voters vote incorrectly	12/4/2017 3:05 PM
445	None.	12/4/2017 3:05 PM
446	but I did not get a current ballot in the mail	12/4/2017 3:05 PM
447	I could not find a link to voting places on the ballot and had to look it up on where to drop mine off. Home voting places should be included on ballots.	12/4/2017 3:05 PM
448	Layman terms please	12/4/2017 3:05 PM
449	No excuse for people to not vote. You have a simple process. Took me seconds.	12/4/2017 3:05 PM
450	Voters should have ability to sign up for e-information as this is a giant waste of paper	12/4/2017 3:05 PM
451	Deadline to vote and voting day were not clearly listed on ballot.	12/4/2017 3:04 PM
452	i never got my ballot.	12/4/2017 3:04 PM
453	Democracy itself is a failure.	12/4/2017 3:04 PM
454	How to vote was clear, but which day the election was on was not	12/4/2017 3:04 PM

#	COMMENTS OR SUGGESTIONS:	DATE
1	It's Arizona!!	12/8/2017 6:42 PM
2	There should be some record that shows our vote was received and it verifies what we counted for. I do not trust the Arizona voting system especially after the debacle in the Democratic primary.	12/8/2017 6:15 PM
3	Please send us notice that our votes have been received when you receive them. Otherwise, we have absolutely no way to know you got it. Are we supposed to send it certified? That's a pay-to-vote system, then. It's not any one part of the voting system; it's that any one link in the chain until the vote is counted can be broken, and you know that.	12/8/2017 3:27 PM
4	I don't know enough about the specific processes used to ensure complete security with the Ballot Mail system to say that I fully trust the Ballot Mail system. Maybe with a short education summary of the Ballot Mail system would help.	12/8/2017 1:55 PM
5	The county's website ballot tracker is really amazing. I've mailed ballots very early and closer to Election Day, and it seems like my ballot information is updated timely.	12/8/2017 11:32 AM
6	I think this 3 Star system leaves much to be desired. There's a HUGE difference between "somewhat trust" and "fully trust". Any result from this survey could be interrupted *any way you want*, which defeats the purpose of the survey! On a scale from 1-10 (10 being the most trust), I'd give myself a solid 8 on the trust-o-meter.	12/8/2017 10:23 AM
7	I sometimes feel concerned that the USPS may not send the ballot on time to be counted. I like putting the ballot into a Maricopa County Voting box which I can do at ASU.	12/8/2017 8:18 AM
8	I see more opportunity for fraud with mail in ballots.	12/8/2017 8:12 AM
9	It's hard to know anymore what is safe from tampering.	12/7/2017 11:19 PM
10	A little concerned that it will get there via post office	12/7/2017 8:27 PM
11	I have a distrust of mail-in ballots and believe you should arrive in person to vote early, or on Election Day.	12/7/2017 8:25 PM
12	Someone could easily steal ballots from mailbox and vote	12/7/2017 5:43 PM
13	I take the ballot to the postoffice. I do not leave it in my mail box.	12/7/2017 5:37 PM

15	I trust much better now that we have a different recorder!	12/7/2017 2:16 PM
16	I feel that the voting process is not being done fairly anymore. To many rumors around about illegals voting and unfair counting and lost information is causing me to feel like it's hardly worth the effort anymore.	12/7/2017 2:04 PM
17	I hope my ballot makes it, I always have doubts that it will be thrown to the side and not have my vote counted.	12/7/2017 1:52 PM
18	None	12/7/2017 1:23 PM
19	Why when I select "i fully trust the system do all 3 items get selected	12/7/2017 1:16 PM
20	My trust isn't the greatest in the USPS....therein lies my problem. I hope my ballot is counted and trust that the people doing so are honest!	12/7/2017 1:14 PM
21	The way my wife and I vote is we receive our ballots in the mail, fill them out before election day and hand deliver them to our polling location. We don't have to stand in line and this way we know they got to the proper place and without any hanky-panky going on with "certain" groups....unless, there is some "funny" stuff going on in the polling locations. Then that is out of our control...and...hopefully, YOU ALL have control of that situation.....RIGHT????	12/7/2017 1:11 PM
22	I fully trust the system. Would like a verification that my vote has been implemented..	12/7/2017 11:45 AM
23	Having the phone number on the outside of the envelope seems unnecessary and could easily be on the inside.	12/7/2017 11:31 AM
24	Things can always happen -- ie envelope lost, dropped, rained on, snowed on (oops not here), but the system works well, and more convenient than scheduling time to go to voting booth location.	12/7/2017 11:19 AM
25	LOVE IT! It was a surprise that I had to re-register for the "permanent" mail-in list when I moved, but now that I know that I register each time. I think it would be helpful if you stayed on the list when you do an address change rather than having to request to be on it each time.	12/7/2017 10:40 AM
26	In our current political climate, I am not absolutely sure about security for voting in person or by mail. But that does not stop me from voting.	12/7/2017 9:41 AM
27	This window is not working. Trying to click on "somewhat trust" but system won't let me without lighting up the "do not trust" me star	12/7/2017 9:18 AM
28	I have not regained trust in either Ballot by Mail or going to the polling place. I have not seen any reports on what you have done or are doing concerning the Russian hacking of the system. I have seen nothing coming out of the federal government (or state government) telling us what has been done! It doesn't seem to be a priority to the present party in power in either Washington or Arizona. Why haven't we received updates on this problem?	12/7/2017 9:12 AM
29	I somewhat trust the system...I never really had any issue with the mail system to have an option other wise.	12/7/2017 8:55 AM
30	Please fix the submission of the starts , I want to submit. I somewhat trust the system and all starts appear	12/7/2017 8:47 AM
31	You have an error in the answer option. Top 2 option light up/get checked when the second is selected. My choice is the second not first or both first and second.	12/7/2017 8:41 AM
32	i dont trust trumps claims that there are many cheaters at polling places !	12/7/2017 8:06 AM
33	I can access a database to ensure ballot was counted.	12/7/2017 7:49 AM
34	I do not see why I have to write my personal information on the outside of the envelope. I do not like it. I do not know who will look at my info.	12/7/2017 7:48 AM
35	I check online afterwards to ensure my ballot was received and counted.	12/7/2017 7:48 AM
36	There was a time when I didn't get a ballot for years and now I get an email saying that I will get one. It has improved for me, but what about other people who have early ballot and don't get a ballot?	12/7/2017 7:26 AM
37	Vote by mail is incredibly convenient and allows me to participate in every election, and allows me more time to research each candidate before casting my ballot, since I have the names right in front of me.	12/7/2017 7:23 AM
38	I like receiving the ballot by mail, but I prefer hand-delivering my ballot at the polls.	12/7/2017 6:56 AM

39	I cannot comment on something that I don't have full knowledge of reliably.	12/7/2017 6:18 AM
40	I checked somewhat and 2 boxes got checked.	12/7/2017 4:54 AM
41	I always wonder if the votes are tallied in a timely fashion	12/7/2017 1:45 AM
42	A voter ID system would be a much needed and trusted security measure. I fear that anyone that got a hold of my ballot could potentially fill it out and sign, with little checks and balances in place to discover fraud.	12/7/2017 1:36 AM
43	I somewhat trust the system. Like I said earlier I wish there was a way to confirm that my ballot was actually counted	12/7/2017 12:34 AM
44	N/A	12/6/2017 10:01 PM
45	I fully trust the system. Thanks for your "did you vote reminders."	12/6/2017 9:52 PM
46	I'm having an issue trying to answer this question. It won't let me select a star. When trying to chose "somewhat" (anwering on my phone screen) the "do not" answer automatically selects as well. When I tap the "fully" answer, all 3 stars light up. I'm selecting "somewhat trust", because nothing works perfectly. Something could happen, but for now, that risk seems low.	12/6/2017 9:41 PM
47	I am aware of challenges that exist; however, we have to trust something. I trust that my vote matters and that there are people in place who care that the people have a voice.	12/6/2017 9:27 PM
48	Hopefully assume all ballots counted. No reason to questions!	12/6/2017 9:03 PM
49	I trust the system that the USPS will deliver my ballot. I am concerned that someone in your office will not enter my ballot if my Republican votes do not agree with the ballot takers political persuasion.	12/6/2017 9:03 PM
50	I don't feel the mail system is completely secret.	12/6/2017 8:57 PM
51	I fully trust the system dont know why all three choices are high lighted.	12/6/2017 8:40 PM
52	Don't know if my vote was received.	12/6/2017 8:34 PM
53	I don't like hearing advanced voting information. Are the votes opened before voting day?	12/6/2017 8:20 PM
54	I have no doubts or reservations	12/6/2017 8:14 PM
55	Duck trump and his election ballot controversy	12/6/2017 8:12 PM
56	I struggle to feel like my vote is actually tallied - because there is no confirmation it is received or used. I feel like only votes casted the day of have a chance.	12/6/2017 8:09 PM
57	I think this system is great and there is less pressure some people there	12/6/2017 8:06 PM
58	I ONLY speak/read English. The ballot sent to me was in wetback	12/6/2017 7:50 PM
59	The drawback is that you're never really sure if the ballot is received by the board of elections, and if so, is it really counted?	12/6/2017 7:45 PM
60	Is this a trick? Tried to select trust the system and either all three selections show selected or none do. I select 'Trust the system '	12/6/2017 7:40 PM
61	Fully trust	12/6/2017 7:21 PM
62	Here is a problem right here. I can't select "somewhat" without selecting "do not trust." PAPER BALLOTS ARE A MUST!	12/6/2017 7:08 PM
63	It was screwed up when Helen was in charge. She lost a version of the voting database and reverted to a previous address. Thanks Adrian!	12/6/2017 6:56 PM
64	Would be nice to have some sort of confirmation email that the ballot was received and counted.	12/6/2017 6:45 PM
65	I love vote by mail!	12/6/2017 6:44 PM
66	What secrets will get out?	12/6/2017 6:27 PM
67	Well I hope it's secure but I don't know for sure	12/6/2017 6:26 PM
68	My concern is if my vote is counted.	12/6/2017 6:25 PM
69	I trust the system and am glad a phone number is provided to check if my ballot was received and counted.	12/6/2017 6:22 PM

2017 Maricopa County Voter Experience Survey

70	only use this because I am clueless on where to vote on election day from election to election. All need to consolidate on voting locations	12/6/2017 6:15 PM
71	I can query and check online to see if my ballot was counted and THAT IS ALL. I can't verify that my ballot was processed correctly and my vote went to the correct candidate or proposition.	12/6/2017 6:07 PM
72	There should be a receipt system put in place, to insure that vote is really counted and matches what the voter selected. Both mail and in-person voting lacks anything. Which only serves voter fraud and ballot changing. By adding this receipt system, we would be protected better and if a recount happened we would be better prepared to prevent fraud.	12/6/2017 6:04 PM
73	The ballot problems from last year need to not happen again!	12/6/2017 6:01 PM
74	Not forwarding ballots needs to be addressed. A lot of people don't like mailing back their ballots & prefer dropping them off at a Ballot Center.	12/6/2017 5:57 PM
75	I am uncomfortable with putting my signature on the outside of the envelope where it can be photocopied or duplicated	12/6/2017 5:44 PM
76	I'm not 100% sure my ballot even gets counted!	12/6/2017 5:43 PM
77	I trust the system	12/6/2017 5:32 PM
78	Can't select somewhat trust without do not trust populating automatically.	12/6/2017 5:14 PM
79	How do ever really know if your vote gets counted. I gotta trust that they do!	12/6/2017 5:03 PM
80	I trust my mail carrier more then I do the internet!	12/6/2017 5:01 PM
81	I trust the system. I wish it were more widely available.	12/6/2017 4:58 PM
82	Count the mail in ballots immediately	12/6/2017 4:53 PM
83	Ballot-by-mail is a somewhat risky procedure so I cannot place my full trust in it compared to voting in person. Otherwise the current system is fine for me.	12/6/2017 4:49 PM
84	I worry about people at the post office interfering with the election by destroying our ballots	12/6/2017 4:47 PM
85	never really know if the ballot was counted correctly. or if there are hi-jinks happening when it is received. how do we really know.	12/6/2017 4:30 PM
86	However, as hacks and interference have been experience, it is not fool-proof. I would be in favor of online voting, but I understand that security is a big issue with the online process.	12/6/2017 4:26 PM
87	If I can get a notification by email or if I could login to see tgat my ballot was received and counted, I would feel more trusting.	12/6/2017 4:24 PM
88	I fully trust the US mail system in my area!	12/6/2017 4:20 PM
89	As much as I like the ballot by mail. I resent that MY vote seems insignificant because it may not be counted until two weeks after results have been announced. Counting should begin when the vote is received, not after the fact.	12/6/2017 4:18 PM
90	Finally a democrat was elected to this office. Yay. But don't blow it by becoming rude to people even if they do seem have complaints.	12/6/2017 4:17 PM
91	Your stars don't work... I trust the system.	12/6/2017 4:07 PM
92	There have been problems with the counting.	12/6/2017 4:05 PM
93	Not sure why the others stars are checked since I only wanted to check the "I fully trust the system" option.	12/6/2017 3:57 PM
94	never vote again	12/6/2017 3:54 PM
95	It won't just let me select "I somewhat trust the system." Appears to be a bug. Anyway, there will always be inherent risk in the Ballot by Mail system; however, the recent improvements have alleviated some of my concerns like the tracking system I can check and ensure that it was received.	12/6/2017 3:48 PM
96	I would like to know that my vote is counted.	12/6/2017 3:46 PM
97	It's supposed to be 'fully trust' but all the stars lit up. By the way you should put 'Maricopa County Survey' in your subject line. I have not opened it previously because the subject is so general and suspicious to me. Voter Survey tells me nothing.	12/6/2017 3:46 PM

2017 Maricopa County Voter Experience Survey

98	I selected option 2; however, option 1 apparently is paired with it. I somewhat trust the systwm, but when humans are involved, I don't know if my vote will be counted.	12/6/2017 3:39 PM
99	Do whatever possible to tighten security surrounding the process.	12/6/2017 3:31 PM
100	I tried to select "I fully trust the system" but for some reason, all three stars are showing yellow.	12/6/2017 3:15 PM
101	I did not like the voting center there was only one for my area	12/6/2017 3:08 PM
102	That is supposed to be somewhat trust it. I feel better about it now with all the Facebook live and with Adrian Fontes in charge. I guess I'm sort of feeling it out for now. Waiting to see how the next big elections go in 2018.	12/6/2017 3:01 PM
103	I have so low confidence that my vote counted that I called to verify my ballot was received last year in the presidential election.	12/6/2017 2:57 PM
104	Has always worked for me. The vote early is a bonus. Expand the program.	12/6/2017 2:52 PM
105	My wife and I send our ballots in a larger envelope because we do not like having our names and signatures exposed.	12/6/2017 2:50 PM
106	I somewhat trust the system. based on news reports in the last election, that the mail in ballots were not prioritized or counted as quickly as the in person ones. this does not bode well for my trust. also this #3 survey rating doesn't work. I tried to mark the center star and all three highlight together. Get your I.T. people to fix it ASAP please.	12/6/2017 2:39 PM
107	I hope the mail-in system isn't able to be hacked by outside influences. If not, I wouldn't feel confident about voting by mail or in person.	12/6/2017 2:34 PM
108	Fully trust	12/6/2017 2:32 PM
109	I would hope there was a website where I can confirm that my ballot was counted	12/6/2017 2:26 PM
110	Knowing what is going on with GOP voter suppression and counting ballots maybe if a clear winner is pre-chosen by the powers-that-be, not so much.	12/6/2017 2:22 PM
111	Should need an IQ of at least 10 to vote	12/6/2017 2:08 PM
112	I somewhat trust the system.	12/6/2017 2:08 PM
113	How can anyone be sure the system is secure and not tampered with	12/6/2017 2:07 PM
114	This question appears to be broken.	12/6/2017 2:06 PM
115	I don't like having signature and phone number on the outside of the envelope.	12/6/2017 2:03 PM
116	It would be nice if you could allow me to opt-in to a requirement to acknowledge that I have sent my mail-in ballot back. I know that presents many privacy issues, however.	12/6/2017 1:59 PM
117	my anxiety about trusting the system is that my signature is on the outside of the envelope, and my phone number as well, I'd prefer this hidden from the public.	12/6/2017 1:56 PM
118	I fully trust the system as long as you send them back in time	12/6/2017 1:55 PM
119	Don't really know what happens to any ballot once it's submitted.	12/6/2017 1:55 PM
120	I still fear my vote being interfered with by having envelopes of a certain group of voters thrown out. This is not an accusation but I would like to know what security system is in place.	12/6/2017 1:47 PM
121	I just want to know that my vote has been counted.	12/6/2017 1:45 PM
122	I fully trust the ballot by mail system	12/6/2017 1:40 PM
123	because I'm able to get online and confirm my ballot was received and presumably counted	12/6/2017 1:26 PM
124	Fully trust the system	12/6/2017 1:23 PM
125	It is a Red State, I never trusted Helen Pursell, but now with Mr Fontes I regained trust in the voting system.	12/6/2017 1:19 PM
126	After the 2016 federal election, when ballots mailed in early were "still being counted", I...hoped...my trust in the system was correct, but wished for some way of ascertaining that my ballot a) had been received and accepted, and b) counted into the total number of votes cast.	12/6/2017 1:18 PM
127	I sincerely hope you do not take a 2 star rating the wrong way. It's not a matter if you will be hacked in today's day and age. It's a matter of when.	12/6/2017 1:17 PM

128	I fully trust the system. Your button was not working	12/6/2017 1:12 PM
129	I am trying to select the middle "I somewhat trust" and your survey does not allow me to do that.	12/6/2017 1:10 PM
130	While I trust in the security of the Ballot by Mail system, I am concerned about if mail-in ballots are being counted in a timely way so they are included in the final tally on election day, and not as an afterthought to the in-person voting ballots.	12/6/2017 1:06 PM
131	I do not have enough information as to how and by whom my ballot is treated once it gets to its destination so I will not comment.	12/6/2017 1:01 PM
132	I fully trust the system...all three stars become orange when I touch "fully trust"	12/6/2017 1:00 PM
133	Problem: I fully trust the system except if you click that choice, all the other choices are clicked too	12/6/2017 1:00 PM
134	This is hilarious (or not): I was about to express my concern for computer (ES&S ?) scanning equipment corrupting our votes and, above, trying to select "somewhat trust", either my browser or your coding is not letting me do that w/o also selecting "do not trust". Point made!	12/6/2017 12:54 PM
135	All options on this question get selected. My answer is I fully trust mail in system	12/6/2017 12:52 PM
136	Too many Democrat votes were miss placed in both the primary and main election. Mainly the primary.	12/6/2017 12:45 PM
137	This survey is not mobile friendly. it's highlighting all 3 stars for "do not", "somewhat" and "fully" trust. How frustrating!!! For the record I fully trust the Ballot by mail system.	12/6/2017 12:45 PM
138	I somewhat trust the system. With our current administration, I have concerns about honesty.	12/6/2017 12:42 PM
139	Did not give three stars because do not trust the USPS.	12/6/2017 12:42 PM

141	I fully trust the system	12/6/2017 12:41 PM
142	Still shaken by hacking and need to know my state and vote are protected.	12/6/2017 12:36 PM
143	Hard to know if my vote is received and counted correctly	12/6/2017 12:29 PM
144	I have heard that mail in ballots are counted last in elections and this is worrisome because I want to be sure my vote counts and actually matters.	12/6/2017 12:27 PM
145	I don't trust mailmen. That's nothing you can control.	12/6/2017 12:24 PM
146	I'm attempting to say fully trust. I hand deliver to post office though.	12/6/2017 12:21 PM
147	I fully trust the system	12/6/2017 12:20 PM
148	I mostly trust it. That is reflective of the overall system though, and I worry about outside forces making efforts to manipulate it.	12/6/2017 12:18 PM
149	The only question that I might have is how do I know that my ballot is counted by the way I voted. Is it done electronically or manually? What is your system that will help voters "Know" that their vote is placed by their wishes?	12/6/2017 12:18 PM
150	This web survey is not even letting me choose a selection. What is wrong with you guys, Arizona? And why are you using survey monkey for such an important issue???	12/6/2017 12:12 PM
151	My address got three ballots with only one voter. Data base needs to be updated.	12/6/2017 12:11 PM
152	I am always concerned about people "helping" the voter by perhaps filling out ballot & maybe not marking as the voter intended. I know I am honest but not everyone else us. Same goes for on-line voting.	12/6/2017 12:11 PM
153	I trust the mail	12/6/2017 12:10 PM
154	USPS is very unreliable.	12/6/2017 12:05 PM
155	Assuming that the ballot is recieved and counted it's fine.	12/6/2017 12:05 PM
156	I fully trust the system	12/6/2017 12:02 PM
157	How can it be a secret ballot if my signature is on it?	12/6/2017 12:02 PM
158	Does not confirm the voters identity	12/6/2017 12:02 PM
159	I'm sometimes afraid some one might throw it away	12/6/2017 12:00 PM

160	I'd like confirmation that my ballot was received, so that I know for sure my vote was counted.	12/6/2017 11:59 AM
161	I don't fully trust the counting system	12/6/2017 11:58 AM
162	I fully trust the system after all the attention lately you see and read about related to hacking and scammers. I think the people in front of our voting process are aware and taking the right measure to protect us!	12/6/2017 11:58 AM
163	I don't know if my vote was received since I send it via mail.	12/6/2017 11:54 AM
164	I fully trust the system	12/6/2017 11:53 AM
165	Perhaps having a small section in the ballot information describing the security measures taken would reassure some voters?	12/6/2017 11:51 AM
166	Some kind of feedback that the vote was received would be great	12/6/2017 11:47 AM
167	I'm neutral in this question. Also it wouldn't let me choose the answer I wanted without it highlighting two answers	12/6/2017 11:46 AM
168	What I had a problem with was our local post office....I didn't receive my ballot and had to go to the polling place in person. I know the ballot was sent (I received the email notice) and that my address is correct. I have voted by mail for many years and never had a problem with anything other than the post office here in Gila Bend.	12/6/2017 11:44 AM
169	I vote by mail but I am always a little reluctant!	12/6/2017 11:43 AM
170	I like the system and the fact that you can check if your ballot has been counted.	12/6/2017 11:40 AM
171	No matter how secure you make anything these days, there is always crooks can find a way to get around any security system.	12/6/2017 11:39 AM
172	I trust it	12/6/2017 11:38 AM
173	This question does not allow to pick the last two answers	12/6/2017 11:37 AM
174	Only some concern because mail-in ballot might be lost in the mail.	12/6/2017 11:34 AM
175	I trust the mailing of ballots just not the counting of ballots.	12/6/2017 11:34 AM
176	Sorry this does not work, I trust the system but I don't trust that we are sure American citizens are the only ones voting.	12/6/2017 11:34 AM
177	Wish you could check if ballot received/processed and if not have a dropdown to revote.	12/6/2017 11:33 AM
178	I fully trust the system.	12/6/2017 11:33 AM
179	I guess I don't have a reason to not trust it.	12/6/2017 11:33 AM
180	Have worked in the system, it does not work.	12/6/2017 11:33 AM
181	I would trust a reputable online method more. By reputable I mean open source and fully vetted by security professionals.	12/6/2017 11:30 AM
182	None	12/6/2017 11:29 AM
183	I trust the system.	12/6/2017 11:25 AM
184	1. Systems can be hacked. 2. Systems can have unknown back-doors. #. We don't know what we don't know. We need a way to ensure the voting is legitimate.	12/6/2017 11:22 AM
185	Dont know	12/6/2017 11:21 AM
186	Tried to put in I fully trust the system. When I hit that star all the stars lit up. Could not just put in the one star.	12/6/2017 11:20 AM
187	Great	12/6/2017 11:20 AM
188	I am not too sure when I mail in my ballot by mail if my vote was counted. This is where my break down in system trust generates. I mail it in. How do I know 1) it was received 2) my vote counted?	12/6/2017 11:19 AM
189	I'am a skeptic of everything.	12/6/2017 11:18 AM
190	No way to know if my ballot was received or counted.	12/6/2017 11:17 AM
191	You guys cheated, by trying to change votes from Trump to Killary	12/6/2017 11:17 AM

2017 Maricopa County Voter Experience Survey

192	Some concern about all being counted.	12/6/2017 11:16 AM
193	i don't trust the software that counts my vote.. too easy to manipulate and too easy to not count my vote	12/6/2017 11:15 AM
194	When I click ".....fully.....", all choices are highlighted.....	12/6/2017 11:15 AM
195	Good job!	12/6/2017 11:13 AM
196	I am confused as to whether my vote counts	12/6/2017 11:11 AM
197	The opportunity for mail ballots to be tampered with during the delivery and return process is available. With the willingness of a center party and group of people to commit voter fraud and tamper with elections, ballot security and integrity should be the top priority.	12/6/2017 11:10 AM
198	i fully trust the system	12/6/2017 11:08 AM
199	great	12/6/2017 11:07 AM
200	I fully trust the system. When checking that response, all three responses are highlighted as those I checked all of them	12/6/2017 11:05 AM
201	I don't trust the USPS, so I drop my mail-in ballot off at one of the locations.	12/6/2017 11:04 AM
202	The public needs to do the hard work of educating themselves on how the system works and the government needs to do the hard work of transparency	12/6/2017 11:02 AM
203	Just like above, you can't click on just one star. Both stars light up. Clerical errors lead to the mistrust	12/6/2017 11:01 AM
204	I believe that people in charge in AZ are in tune with voter suppression if and when possible.	12/6/2017 11:01 AM
205	I trust the system. How come all three rate options check? Maybe I don't trust the system.	12/6/2017 10:59 AM
206	Something wrong with your star ratings you cannot pick the one you want either all the stars but I fully trust the system does is not a choice	12/6/2017 10:58 AM
207	As noted above, there have been voices in my circle who question the integrity of this system.... so far I have trusted it....	12/6/2017 10:57 AM
208	I can't saw "fully" since I can't do my own verification but I trust that it works	12/6/2017 10:54 AM
209	Lost ballots, not counted. I always vote in person to ensure my vote is counted.	12/6/2017 10:52 AM
210	If sent early enough!	12/6/2017 10:51 AM
211	I trust the system.	12/6/2017 10:47 AM
212	It's only as trustworthy as the people opening and counting the ballots. I still prefer it over voting at the voting precincts, though.	12/6/2017 10:47 AM
213	I like that I can check online to see if my ballot has been counted.	12/6/2017 10:46 AM
214	I selected somewhat trust and the do not trust was clicked too	12/6/2017 10:46 AM
215	Mostly trust, but don't know enough to know if there are security gaps in the system. My hope is that many measures are taken to assure it gets to the right place.	12/6/2017 10:46 AM
216	I trust the system.	12/6/2017 10:46 AM
217	I don't feel it's ever guaranteed that my mail-in ballot is counted in time, but I don't have the convenience of voting in person.	12/6/2017 10:43 AM
218	I feel a little nervous because I don't know it actually got there or if it was really counted.	12/6/2017 10:42 AM
219	I have familiar tremor and my signature is deteriorating. Wish I knew if they excepted my signature or threw it out. Since I do not know, I will probably vote early voting from now on.	12/6/2017 10:42 AM
220	I question the software used to tally the votes	12/6/2017 10:41 AM
221	I have not vetted the system so I don't know the answer to the question about having faith that the government is honest and reliable. I use the system as I have no other choice	12/6/2017 10:41 AM
222	A clearer explanation of the process for counting the ballots and the security precautions taken would help allay concerns about trusting the process. Democracy needs transparency and participation to flourish.	12/6/2017 10:40 AM

2017 Maricopa County Voter Experience Survey

223	System secure	12/6/2017 10:40 AM
224	An email confirmation of ballot received and counted would be nice	12/6/2017 10:39 AM
225	I fully trust the system.	12/6/2017 10:38 AM
226	The system appears completely trustworthy and seems to work very well. Keep it up!	12/6/2017 10:36 AM
227	I am not sure my ballot get counted.... as it is said that mail in ballots are not counted until after the election date but election results are issued before the mail in ballots are counted	12/6/2017 10:34 AM
228	What type of scams are you pulling - I fully trust (star) will not stand alone!	12/6/2017 10:33 AM
229	Having the mail in ballots is convenient, but it passes through so many hands that one can never be sure if their vote has been counted and/or altered. It would be nice if someone could figure out a way to vote through internet with unique codes given our digital age in society.	12/6/2017 10:33 AM
230	nothing is fool prof anything can be twisted or hacked no one is really watching until after the fact, must have valid ID to vote period.	12/6/2017 10:33 AM
231	I wish there was a confirmation that the ballet was processed or counted, maybe by email or a mailed receipt of some kind.	12/6/2017 10:32 AM
232	Mailed ballots should ALWAYS be included in the final count of votes used to determine election results.	12/6/2017 10:31 AM
233	Is there a way to check when your mail In Ballot is received? If not, can that be an available option.	12/6/2017 10:31 AM
234	Every single time I vote I have to reverify my signature	12/6/2017 10:31 AM
235	I like that I can check on the county recorder website to see if my ballot was received.	12/6/2017 10:30 AM
236	It would help if the Republican party ceased and desisted in their illegal and unconstitutional voting suppression campaigns. All they achieve is the undermining of public confidence -- and getting more Republicans elected. We live in shameful times and every public servant needs to acknowledge that and fight against the creeping tyranny.	12/6/2017 10:30 AM
237	System is still open to abuse and fraud.	12/6/2017 10:29 AM
238	I do not trust the system to not be rigged against any non-right wing wingnuts. Votes for normal candidates get tossed.	12/6/2017 10:28 AM
239	I somewhat trust the system	12/6/2017 10:26 AM
240	When there is no reports of "voter fraud", I will trust mail in ballots. Until then, I think we should put a ban of mail in ballots.	12/6/2017 10:26 AM
241	I sometimes worry that my vote may not be counted.	12/6/2017 10:25 AM
242	Requiring a signed outside return envelope is stupid and you increase risk of id theft! Our personal signed checks receipts do not even show our signature! Stop forcing us to put into another mailing envelope to protect our signatures.	12/6/2017 10:24 AM
243	Strongly, I do not trust partisan Republican Secretaries of State or Governors to maintain the integrity of election outcomes. There should be no purging of ballots after the fact. Only a valid signature should be required as voter ID, which can be checked if there are duplicate ballots.	12/6/2017 10:23 AM
244	I know very little about the mail ballot system to indicate my level of trust. However, I strongly prefer to not vote in person.	12/6/2017 10:22 AM
245	No verification that my ballot has not been tampered with.	12/6/2017 10:22 AM
246	Won't allow selection of only "I fully trust the system"	12/6/2017 10:21 AM
247	I have heard that mail-in ballots are not counted unless the election is close.	12/6/2017 10:21 AM
248	I prefer to drop it off at the voting site to be certain it isn't lost in the mail. I also like the option of computerized voting early at the site.	12/6/2017 10:20 AM
249	I dont trust it enough to early vote due to potential fraud. I will ALWAYS drop it off on Election Day.	12/6/2017 10:20 AM
250	I fully trust the system but on this survey ..when I check that box...it highlights ALL the answers instead of just that one..	12/6/2017 10:20 AM
251	I don't fully trust anything! People always find a way to manipulate things. However, i do prefer to vote this way. It's safer, securer and more convenient. No hassle from others(long lines, etc.)	12/6/2017 10:19 AM

2017 Maricopa County Voter Experience Survey

252	It would be nice to know if my ballot was actually counted after I mail it in.	12/6/2017 10:19 AM
253	I have had my "doubts" but not on the elections office operations but the USPS side meaning sometimes I worry about my ballot getting lost or misplaced while in mailing route	12/6/2017 10:17 AM
254	Being able to track my vote validated my trust in the system	12/6/2017 10:15 AM
255	I wish Arizona law could be changed to be like California so ballots would be accepted as long as postmarked by Election Day (or at least modified to say votes will count as long as they are postmarked 6 days before Election Day or something like that....after what happened with DACA it is worrisome to have USPS in charge of delivering things in a timely manner)	12/6/2017 10:15 AM
256	Paper ballots should always be retained; there is no compelling state interest to destroy paper ballots.	12/6/2017 10:14 AM
257	I don't know your process for handling mail-in ballots so perhaps that information can be added to the ballot materials. I would like to know for sure that my ballot isn't cast aside or misplaced and that it is counted in accordance with my selections.	12/6/2017 10:14 AM
258	No way to verify that it has been accepted and counted	12/6/2017 10:13 AM
259	Your survey keep staring all 3 choices here instad of the one I choose.	12/6/2017 10:13 AM
260	Prefer ballot drop box versus mail.	12/6/2017 10:13 AM
261	mailing ballot would be hard to breech (but not impossible) as like this last time. More security is for sure in order. Really disappointed and discouraged of a number dropping the ball in our Arizona election process. I personally want my one vote to count for the person/position that I have searched and reviewed to take the state out of it backward enforcing of established regulations. Please keep in focus what it will take in this changing culture of stepping in breeching so many area of dishonest intentions to sway an election.	12/6/2017 10:12 AM
262	In past elections it was shown that some ballots were thrown away. https://azcir.org/rejected-ballots-document-continued-problems-in-arizonas-elections/	12/6/2017 10:10 AM
263	Want to know vote was received and counted	12/6/2017 10:09 AM
264	I trust the system. When I selected the option in the survey, it selected all options, so I wanted to be clear.	12/6/2017 10:09 AM
265	My voter party changed before the 2016 Primary election without my consent. I had registered as Democrat and when I tried to vote in March, my party had changed to Independent so I was unable to cast my vote.	12/6/2017 10:09 AM
266	I will admit that it scares me a bit as I drop it in the mail, but knowing that I can check the status of my ballot online does help to ease that anxiety. Thank you!	12/6/2017 10:09 AM
267	Vote by Mail has a great many opportunities for breach.	12/6/2017 10:09 AM
268	Somewhat... I could not touch just one on survey	12/6/2017 10:08 AM
269	Somewhat trust. Not sure it gets opened. This question would not let me mark my answer without adding "do not trust" as well. Not sure I trust this survey now.	12/6/2017 10:07 AM
270	I verify my ballot has been received online. I do not trust that I can mail it without verifying it arrived and was counted.	12/6/2017 10:06 AM
271	Not at this time.	12/6/2017 10:06 AM
272	I fully trust the system, but the survey will only mark ALL choices. Will not let me deselect #1 & #2	12/6/2017 10:06 AM
273	I vote a LOT more with mail-in ballots than I would if I had to show up in person for every election. Thank you!	12/6/2017 10:06 AM
274	I don't like that you can tell which party the voter is from the outside of the envelope. If your postal carrier is an opposite party or someone else who may want to get rid of an opposing vote.	12/6/2017 10:06 AM
275	As all choices show stars even though I just chose "I filly trust the system " tab I am clarifying it here in the comments.	12/6/2017 10:06 AM
276	Please promote Ballot by Mail. It is standard in Oregon and extremely popular with all political parties.	12/6/2017 10:05 AM
277	Trust it more than I do computers and machines that can be manipulated.	12/6/2017 10:05 AM

2017 Maricopa County Voter Experience Survey

278	It's helpful to be able to check online and see that my ballot was received. After the issues with Helen Purcell I was happy to mail in my ballot.	12/6/2017 10:05 AM
279	I somewhat trust the system, due to the trouble in the past...	12/6/2017 10:05 AM
280	My neighbor received several ballots in his mailbox with his address for people that did not live at that address,	12/6/2017 10:03 AM
281	The current political climate, including the rigging of the Democratic primary through secret deal, and the vast evidence of voter fraud being committed systemically across the country requires me to question the integrity of the Maricopa County Elections department, and all other election departments in kind. All effort must be taken to secure the integrity of the election and to protect against voter fraud.	12/6/2017 10:03 AM
282	I don't trust this Red State to count my vote. That is true whether I vote in person or by mail.	12/6/2017 10:03 AM
283	Having my signature on the outside of the ballot makes me slightly concerned.	12/6/2017 10:03 AM
284	because of all the recent problems and forgeries nationwide its hard to trust the system anymore.	12/6/2017 10:02 AM
285	I checked somewhat trust and it marked that along with I do not trust. Just an FYI	12/6/2017 10:02 AM
286	I want to say I Fully Trust the Mail Ballot System, but, now a days, you never know.	12/6/2017 10:01 AM
287	I trust it to a certain extent, but I want to know that the election results can't be hacked? Like, I would honestly rather we have a hand counted vote than a computer-counted vote that can be tampered with.	12/6/2017 10:01 AM
288	The convenience of submitting a ballot by mail is tempered by the fear of potential damage or loss by the postal service	12/6/2017 10:01 AM
289	This election was fine but the 2016 one was a plethora of criminal actions to defeat democracy. No one was arrested for this.	12/6/2017 10:00 AM
290	I somewhat trust the system	12/6/2017 10:00 AM
291	I trust the mail-in ballot more than a computerized vote but I don't know how it's handled once it gets to the Recorder's office.	12/6/2017 9:59 AM
292	I never get a confirmation that my vote is tallied and received. I have to trust a system that has proven untrustworthy that my vote has been counted.	12/6/2017 9:59 AM
293	I can only trust what I know, can see, and understand. I *think* I understand it, so I *think* I trust it. I do tend to drop off my ballot at a voting location, which gives me "more confidence" than dropping it in the mail.	12/6/2017 9:59 AM
294	There is always a chance of something happening to the mail-in ballots, however I have to believe in good people to help prevent things like this.	12/6/2017 9:58 AM
295	send shit to right person	12/6/2017 9:58 AM
296	I fully trust the system	12/6/2017 9:58 AM
297	I live in a group home. I suspect that my ballot in the 2016 election was intentionally "misplaced". I never was able to vote in that election.	12/6/2017 9:58 AM
298	Eliminate the electoral college. It is an impediment to the voice of the people.	12/6/2017 9:58 AM
299	This section auto fills the stars.	12/6/2017 9:58 AM
300	I trust the system realizing that nothing is 100% safe these days.	12/6/2017 9:58 AM
301	NOT SURE I FEEL SAFE WITH THE POST OFFICE HANDLING AS WE MISS MAIL ALL OF THE TIME	12/6/2017 9:57 AM
302	Again, always room for improvement. The process should be continually reviewed.	12/6/2017 9:56 AM
303	Please note: This question automatically selected "I do not trust the system" when I chose "I somewhat trust the system"	12/6/2017 9:56 AM
304	Concerned about ballot not being counted	12/6/2017 9:55 AM
305	I moved and updated my address but the update was not completed and my ballot was lost in the mail.	12/6/2017 9:55 AM
306	I fully trust the system.	12/6/2017 9:55 AM

2017 Maricopa County Voter Experience Survey

307	I often wonder if the USPS actually delivers the ballots as I often find my mail greatly delayed or missing.	12/6/2017 9:55 AM
308	Always curious whether it is received/counted in time. It would be great to get a confirmation email/text when counted	12/6/2017 9:55 AM
309	Seemed like we didn't need to vote or couldn't vote and wasn't sure if it really counted or not.	12/6/2017 9:55 AM
310	What I do not trust is the mail system. It isn't the counting of the votes, but the delivery of the ballot.	12/6/2017 9:55 AM
311	I somewhat trust the system...	12/6/2017 9:54 AM
312	I fully trust the system!	12/6/2017 9:54 AM
313	A way to make sure that my vote specifically was counted would be appreciated	12/6/2017 9:54 AM
314	I do not like, at all, my signature being on the back of the envelope in open view to one and all.	12/6/2017 9:53 AM
315	I trust the system.	12/6/2017 9:53 AM
316	There needs to be more information on the news, etc. about ballot by mail being the ONLY way to vote. I heard several people say they didn't know that was the only way for this last time.	12/6/2017 9:53 AM
317	I would trust the system more if mail-in ballots could not be thrown out and Phoenix/Arizona had less voter suppression	12/6/2017 9:53 AM
318	I fully trust the system just not this survey as it only allows all 3 options to selected at once	12/6/2017 9:53 AM
319	Uncertain whether my votes actually get counted if I mail it in.	12/6/2017 9:52 AM
320	Allow for online verification ballots were counted	12/6/2017 9:52 AM
321	I think email should be allowed and get rid of paper to prevent USPS unreliability problems	12/6/2017 9:52 AM
322	Some people say that mailed in ballots aren't even counted unless the vote is close. Count EVERY vote!!	12/6/2017 9:43 AM
323	Sometimes I worry that my vote won't get counted. I would hope the mail in ballots would be counted before a candidate is named.	12/6/2017 9:42 AM
324	I trust the system much more than I trust people at a polling place who might "lose" my ballot because they don't like me.	12/6/2017 9:21 AM
325	i just don't have a good feel for it.something seam crooked with the ballot system.long lines,the way the information is given specially to the Hispanic population.	12/6/2017 9:16 AM
326	I have never seen evidence to believe otherwise, however county officials should remember that behaving unprofessionally could quickly erode this view.	12/6/2017 8:53 AM
327	Maybe, we should be looking at blockchain technology for voting.	12/6/2017 8:41 AM
328	I fully trust the system.	12/6/2017 7:49 AM
329	I have to say I wonder if my ballot even arrives... but then, if I vote in person I wonder if it ever gets counted. I really don't trust the system any more because there are so many people who hold want their way more than they want to be honest. VERY sad day in our country.	12/6/2017 5:45 AM
330	This won't allow me to choose only "I somewhat trust the system"	12/6/2017 2:56 AM
331	It depends on who is in charge. I trust it now.	12/6/2017 12:32 AM
332	Not sure how the mail system actually works, if I was more informed I would be better able to answer this question.	12/5/2017 10:24 PM
333	My ballot was not counted until 12 days after a victor was declared. But I mailed it in 15 days before the election.	12/5/2017 9:45 PM
334	There have been problems in several states. Not sure if votes really count.	12/5/2017 9:42 PM
335	My answer is somewhat trust the system but it wouldnt let me pick just that one. (Which is funny to me considering the question lol)	12/5/2017 9:20 PM
336	I dislike having to sign the envelope where anyone can see my signature and copy it along the way. I understand why a signature is needed but why can't it be on the ballot itself?	12/5/2017 8:48 PM
337	None	12/5/2017 8:38 PM

2017 Maricopa County Voter Experience Survey

338	I don't every think trust would be 100%, but at least inform us as citizens that those votes are getting counted better!	12/5/2017 8:24 PM
339	I trust the system but on the choices above I can't make just that star gold. It makes all if them gold	12/5/2017 8:21 PM
340	I really like the mail-in ballot system but, it must be updated so that the voter's signature is NOT in full display on the outside of the envelope!! It not safe to the voter!! Why not put the signature on the actual ballot?	12/5/2017 7:38 PM
341	Not sure my answer registered. I selected "I fully trust the system."	12/5/2017 7:11 PM
342	I fully trust the ballot by mail system!	12/5/2017 6:54 PM
343	Hard to fully trust the system when Comey, Clintons, and all the taxpayers dollars being used by Congress to pay for mens' sexual harassment and worse!!	12/5/2017 6:54 PM
344	I wish there was a receipt and a way to verify that my vote was counted.	12/5/2017 6:51 PM
345	With the polarization happening in the country, I would prefer my vote to be anonymous. I'm afraid there may come a time that we would need protection to vote.	12/5/2017 6:46 PM
346	I worry about the ballot's journey from mailbox to its final destination.	12/5/2017 6:34 PM
347	I trust the system	12/5/2017 6:14 PM
348	I am never sure that my ballot has been recorded, not just received.	12/5/2017 5:32 PM
349	There should be a 4th option of "I trust the system," which is what I would choose.	12/5/2017 5:23 PM
350	The above question does not allow me to rate. All stars light up.	12/5/2017 5:08 PM
351	Some feedback that ballot was received and/or counted	12/5/2017 4:51 PM
352	Efficient and easy, hopefully improved voter participation rate. I fully trust system.	12/5/2017 4:49 PM
353	I fully trust the system	12/5/2017 4:41 PM
354	I never know if my ballot has been counted.	12/5/2017 4:37 PM
355	would prefer online voting. this paper system seems to leave a lot of room for human error	12/5/2017 4:37 PM
356	I don't have any specific reasons to mistrust it, but it makes me nervous. I also think it could be abused by a husband forcing his wife to vote for a misogynist she doesn't support.	12/5/2017 4:32 PM
357	It did not allow me to choose but I trust the system	12/5/2017 4:15 PM
358	I had to register to vote 3 times last year before the presidential election last year and my vote was still provisional.	12/5/2017 4:14 PM
359	I don't fully trust ANYTHING about any level of government as long as a single Republican holds any elected office.	12/5/2017 4:02 PM
360	(I don't consider mail ballots to be any more or less reliable than in-person ballots.)	12/5/2017 3:51 PM
361	My one hesitation is knowing whether my ballot was received. Dropping it into a mailbox is less definitive than dropping it into a polling place's ballot box.	12/5/2017 3:37 PM
362	After all of the election problems over the last two years you don't really think I trust this process do you?	12/5/2017 3:30 PM
363	I fully trust the system.	12/5/2017 3:14 PM
364	i would like to know for certain, that my vote was counted and would not be changed.	12/5/2017 2:22 PM
365	I've never had a reason not to trust the security of the system. Hopefully I won't.	12/5/2017 2:08 PM
366	I wish there was a email system that notifies you when your ballot has been processed when mailed back in.	12/5/2017 1:38 PM
367	When I touch "I fully trust the system" here all 3 stars fill in. When I touch the "somewhat" the 1st two change,etc. ???	12/5/2017 1:31 PM
368	All votes should be cast by mail. it is simpler, efficient and reduces your costs.	12/5/2017 1:25 PM
369	I'm fearful of the USPO because they miss deliver my mail routinely.	12/5/2017 1:14 PM
370	I don't trust it now that I can't choose the answer I want!	12/5/2017 1:09 PM

2017 Maricopa County Voter Experience Survey

371	ballots were not counted during presidential election	12/5/2017 1:04 PM
372	Not sure what happens after I mail it.	12/5/2017 12:53 PM
373	I prefer to vote by mail. I do trust your system but I also feel the USPS is a very weak link. I understand there is a way to check to see if my ballot was received and that is great.	12/5/2017 12:48 PM
374	I fully trust the system. I also liked that I could see that my ballot was received and counted online in 2016	12/5/2017 12:35 PM
375	I feel that even though the ballots are sent to each registered voters last known address, people move. Then anyone could fill out and mail the ballot. I received a voter registration card and feel as though going in person. Showing my card and signing in help avoid voter fraud. Things happen to mail. I don't follow my ballot online even though I know I can. It is very time effective but I just don't trust it as much.	12/5/2017 12:31 PM
376	Mail ballots should be turned in at least one week before election day so I am confident the mail in votes are counted before they start giving results	12/5/2017 12:30 PM
377	Of course, voting through the mail does, inherently, cause me to wonder whether my vote was actually received or was possibly not counted because of some technicality like not fully filling in the lines, etc.	12/5/2017 12:26 PM
378	I don't trust much in this political environment. We need to do more to ensure voting is fair. It should be paper ballots or paper backing up electronic.	12/5/2017 12:26 PM
379	I trust my ballot is received but may not be taken into account.	12/5/2017 12:19 PM
380	We are very appreciative that we can vote by mail. Thank you	12/5/2017 12:18 PM
381	I don't trust the USPS with much, given their handling of some lost wedding gifts a few years ago. The fact that the judicial system relies on it for jury summons is terrifying. Furthermore, the trade-off of putting faith in the USPS vs standing in line at a physical poll is a risk I'm willing to take.	12/5/2017 12:15 PM
382	I knew a guy that worked at the place that sends them out or prints them or something and he filled out a bunch for trump	12/5/2017 11:54 AM
383	I somewhat trust the system. My concern is my being received and counted accurately.	12/5/2017 11:52 AM
384	Is there not a way to do it "electronically"? Now a days, mail is almost less secure than most of the security we have, especially regarding paying bills, etc.	12/5/2017 11:12 AM
385	Would be nice to have some form of confirmation that the ballot has been received and counted	12/5/2017 11:12 AM
386	Being able to confirm online that my ballot was received is very helpful to my trust of the system.	12/5/2017 11:03 AM
387	A welcomed improvement since past experiences were aggravating and processes inefficient and inaccurate .	12/5/2017 10:53 AM
388	Voting should be delivered in person to a drop off site on election day. Early voting should only be done for special circumstances, military or traveling outside the state. The state should not be paying postage for ballots.	12/5/2017 10:53 AM
389	I believe the system to be good but I am not sure we are actually confirming that all the people who get a ballot (i.e., registered to vote) are legal to vote. There is also a sense that when it leaves my hands it will actually get where it is suppose to go.	12/5/2017 10:30 AM
390	Sorry it wouldn't let me just vote for one.	12/5/2017 10:25 AM
391	I just have to hope that the ballot is received and that it is counted. There is no way of really knowing if this is true.	12/5/2017 10:20 AM
392	fully trust system votes for all three. Want fully trust. survey operating has a problem	12/5/2017 10:11 AM
393	It would be nice to receive an email confirmation that our mail-back ballot was received.	12/5/2017 10:07 AM
394	I have voted by mail for years, and trust the system	12/5/2017 10:05 AM
395	Are the envelopes somehow labeled as registered Democrat or Republican?	12/5/2017 10:02 AM
396	I like that I can check online to see if my ballot was counted. But can we ever be sure that it was?	12/5/2017 9:56 AM

2017 Maricopa County Voter Experience Survey

397	There is a problem with this question, as both the "do not trust..." and "somewhat trust..." stars are lit at the same time. I somewhat trust he voting by mail system, but am leary as to the validity of people voting being legitimate voters. You need to make known the safeguards that are in place to assure only registered voters are in fact voting.	12/5/2017 9:36 AM
398	mail is unreliable, would rather just fill out my early mail in ballot and drop it off in person - mail can be late, delayed, get lost, etc	12/5/2017 9:33 AM
399	it would be good to receive an automated email that our ballot was received and scanned to confirm it was included.	12/5/2017 9:21 AM
400	We need to move to all mail voting like Oregon. It encourages more voting and saves the state money.	12/5/2017 9:14 AM
401	It feels like the onus is on me to go online and put in a bunch of information to verify that my vote was received. Perhaps there could be an automatic email notification that comes out when the system recognized that a ballot was received. I know if it's received and there's something wrong I'll get a phone call, but if I do it right, I never know that it was received.	12/5/2017 9:05 AM
402	Notify voter when ballot is received. Currently voter has to remember some obscure link to check whether or not ballot was counted.	12/5/2017 8:57 AM
403	I worry about the ballot being lost in the mail so at times I hand deliver to a polling place	12/5/2017 8:54 AM
404	How can I not trust the security?	12/5/2017 8:52 AM
405	I put somewhat trust Because I trust it here in Arizona now My concern is why would we or any state let illegals vote they are not citizens And to use dead people as votes Thats where I don't trust it Otherwise i do I show my ID and other info So I feel pretty sure it's done and counted right	12/5/2017 8:49 AM
406	I trust the system.	12/5/2017 8:48 AM
407	There have been a handful of times I or someone else in my household did not receive my mail in ballot. I wouldn't mind having to pick it up and drop it off to ensure it gets counted.	12/5/2017 8:31 AM
408	I say I somewhat trust the system because I don't have any way to verify that my ballot was received and counted.	12/5/2017 8:24 AM
409	I'm always uncertain whether or not my ballot was received and tallied. Suggestion: Online Tracking System automated via barcode scanning.	12/5/2017 8:20 AM
410	I believe voting by mail is best, but all elections have issues thus creating my concern for security. PLEASE PROTECT OUR VOTES. Helen Purcell and Michele Reagan did a terrible job.	12/5/2017 8:19 AM
411	The stars on this question aren't working for me, but I fully trust the security of the system.	12/5/2017 8:12 AM
412	No way of validating the ballot was received from the registered voter. For example, if a large group of voters handed their ballot over to a central group for selection of the candidate of their choice, there is no way to stop this. The voter would sign but some one else votes.	12/5/2017 8:08 AM
413	I hear that mailed ballots may not be counted on election day, that it may be a day or two later. I do not know if this is true, but I want to be sure my vote gets counted on election day.	12/5/2017 7:59 AM
414	I am worried about the voting machines, but I have been reassured by the actions taken with the new county recorder to ensure all our votes are counted as cast.	12/5/2017 7:56 AM
415	I fully trust the system. All the stars lite up when I tried to mark that one.	12/5/2017 7:55 AM
416	I hate that they require a phone number on the outside of the ballot.	12/5/2017 7:55 AM
417	It seems there is risk of security in all ballot systems. I am not 100% convinced that my ballot by mail is counted as part of the totals you see on the news stations on voting night.	12/5/2017 7:51 AM
418	I would rather drop it off so I can be sure it gets in and counted.	12/5/2017 7:37 AM
419	I am not so sure if my ballot has ever been counted	12/5/2017 7:33 AM
420	I trust the system, however no system is foolproof.	12/5/2017 7:15 AM
421	I worry that the vote is not really anonymous	12/5/2017 7:11 AM
422	It is evident that early voting and mail-in is ripe for voter fraud by non-citizens and non-district residents. Only U.S. citizens should be allowed to vote per constitutional law. And every one voting should have to identify themselves with a government issued identification which verifies they are indeed citizens of U.S. and residents of the district in which they are voting.	12/5/2017 7:09 AM

2017 Maricopa County Voter Experience Survey

423	your survey instrument is flawed...you try to pick one star and all get chosen in error...i trust the system by mail	12/5/2017 6:58 AM
424	Maryville USPS always screws something up. They are not dependable.	12/5/2017 6:56 AM
425	Full trust	12/5/2017 6:55 AM
426	I trust the Recorder but always have concerns about the USPS.	12/5/2017 6:53 AM
427	when I click on the fully trust system star why do all of the stars turn yellow?	12/5/2017 6:53 AM
428	Being able to verify that my ballot was received greatly reduced my anxiety about mailing in my ballot. Thank you.	12/5/2017 6:48 AM
429	Heard stories of unscrupulous people hiding/mishandling ballots. Need oversight or a third party vendor?	12/5/2017 6:37 AM
430	I trust the system.	12/5/2017 6:34 AM
431	It's not going to be the same as putting your ballot in the ballot box - ever. However, once a ballot reaches the place of counting, it's all the same. So, the trust is not so much with the elections department as with the mail/delivery system.	12/5/2017 6:26 AM
432	One piece of the ballot I had to turn in had my phone number exposed on the outside of the envelope which I didn't care for. Other than that I had no issues	12/5/2017 6:21 AM
433	i trust it more now than i did b4 adrian took over	12/5/2017 6:17 AM
434	Have been told unqualified voters given ballots at polling stations.	12/5/2017 5:56 AM
435	As long as you have honest counters I have no problem.	12/5/2017 5:49 AM
436	The stars don't work	12/5/2017 5:43 AM
437	I somewhat trust the system. Stars not working properly.	12/5/2017 5:34 AM
438	I am unaware of a system to verify if my ballot was received, or if there was an issue with it. If there is, maybe highlight that on the ballot?	12/5/2017 5:15 AM
439	I never feel confident that my ballot is being counted just because of the glitches, mail delivery and integrity of those handling the ballots.	12/5/2017 4:29 AM
440	I trust as much as voting in perso only it is a far better experience compared to going to a pole and waiting...	12/5/2017 2:36 AM
441	I fully trust the system.	12/5/2017 2:02 AM
442	I trust my mail in ballot this question is not allowing the user to tap on that star	12/5/2017 1:40 AM
443	Haven't really used it before, I've lost things in the mail in the last! Would like to know more how it would not ever be lost.	12/5/2017 1:36 AM
444	I prefer a close monitoring of the process including hand counting and include reps of interested parties. We do not need a repeat of 2000 and 2016. Knowing the foibles of software and hack history, do not trust digital scanning and computation.	12/5/2017 1:26 AM
445	Fully trust vote by mail	12/5/2017 1:16 AM
446	I trust the system. I have voted this way for yrs.	12/5/2017 1:01 AM
447	I somewhat trust the the system. If I lick on this above, it has a star come on I do not trust the system plus I somewhat the system ... which makes me wonder, ifl should trust the system !	12/5/2017 12:58 AM
448	I would like to make sure no one can tamper with my voting. Anyone going in to vote should have proper id.	12/5/2017 12:56 AM
449	With the current administration in the White House, my trust of the entire voting system has diminished.	12/4/2017 11:46 PM
450	Too easy to cheat on mail-in ballots	12/4/2017 11:46 PM
451	I fully trust the system	12/4/2017 11:44 PM
452	Beneficial to be able to check ballot status after it is sent back to the Recorder's Office.	12/4/2017 11:42 PM

2017 Maricopa County Voter Experience Survey

453	I 99% trust the system. Something could go wrong with my ballot by mail, but if something goes wrong; it's either going to be human error or malicious, illegal activity. I would hope Maricopa County voters and your office would hold human error appropriately accountable and due process would hold malicious actors appropriately accountable.	12/4/2017 11:12 PM
454	#3	12/4/2017 11:03 PM
455	I trust the system. The survey is filling in all boxes	12/4/2017 11:01 PM
456	I worry about my vote being properly counted an possibly being challenged for some silly reason. It would be great to get some statistics on how many mail in votes/what % of votes cast were disqualified and for what reasons.	12/4/2017 10:58 PM
457	I wish there were some kind of confirmation that the ballot was received and input as written...	12/4/2017 10:51 PM
458	This doesn't allow me to pick the one I want.	12/4/2017 10:37 PM
459	Wasn't sure if my 2016 General Election mail-in ballot was recorded. Checked online the week after the election and it didn't show I had voted. Didn't check back. Didn't know what to do if my ballot was never recorded.	12/4/2017 10:35 PM
460	I don't leave it in my mailbox with the flag up, I'm paranoid that someone may take my ballot. I prefer to drop it in a USPS box. Probably overly cautious Ha ha!	12/4/2017 10:35 PM
461	I am trusting the vote gets counted correctly, however this survey isn't working right.	12/4/2017 10:35 PM
462	I fully trust it, but this survey form highlighted all three choices	12/4/2017 10:32 PM
463	I don't like that decisions could be made without my ballot. There have been elections where many mail in ballots were not yet counted but the results were reported	12/4/2017 10:19 PM
464	I trust the security of the system but question the dependability of the USPS to deliver my ballot.	12/4/2017 10:12 PM
465	Only because I can check online	12/4/2017 10:12 PM
466	It is essential for those of us who work or need to be by the phone all day. I prefer voting in person but can't always.	12/4/2017 10:05 PM
467	I have to believe we are Americans and everyone believes their vote counts. Even when we wind up with the mess that is doing on now	12/4/2017 10:02 PM
468	I am half paranoid so on major elections I take my ballot to a polling place and drop it off in person to ensure it gets to its destination. Less minor elections like the recent one I did mail in, but again, I'm paranoid, so I mailed it from my work mail box which has a locked outgoing mail slot instead of putting the ballot in my home mail box, which is just open to the world.	12/4/2017 10:02 PM
469	No concerns with the mail system. My wife and I use it all the time.	12/4/2017 9:57 PM
470	I trust the system, HOWEVER, feel that mail-in ballots should be counted during the day of the election. Results are often predicted without even counting mailed ballots which should have been received several days earlier. It just feels like our ballots are collected and stuck in a box in the event a race is close.	12/4/2017 9:56 PM
471	Can get lost I. The mail	12/4/2017 9:48 PM
472	Trust the system!	12/4/2017 9:36 PM
473	Answer: Somewhat - the selections in the question are faulty.	12/4/2017 9:36 PM
474	Have an early voting drop-off where ID can be verified when dropping off is much better than a mail-in. You know that your vote is received, will be counted, and ID verified.	12/4/2017 9:23 PM
475	None	12/4/2017 9:22 PM
476	I drop my ballot off in person so I know it gets delivered	12/4/2017 9:19 PM
477	Do not release results until mailed-in ballots have been counted	12/4/2017 9:15 PM
478	I'm pretty confident that the ballot arrives, but I'm not certain that it gets opened and counted.	12/4/2017 9:12 PM
479	Voting by mail is the best way to vote. Easy. Simple. No waiting in line. No parking. I believe the whole state should always vote by mail. Oregon has been for years!!	12/4/2017 9:06 PM
480	I like that I can check to see if my ballot was received.	12/4/2017 9:03 PM
481	I trust the system	12/4/2017 9:00 PM

2017 Maricopa County Voter Experience Survey

482	Please include a "mail by date" so I get my ballot mailed in on time.	12/4/2017 8:54 PM
483	Last year (2016 general elections), a lot of the early mail-in ballots were held and not counted or they weren't counted until after election day. That needs to not happen again.	12/4/2017 8:51 PM
484	Zero	12/4/2017 8:50 PM
485	There should be some type of email that you can send to validate the ballot was received and cast	12/4/2017 8:45 PM
486	I fully trust the system, but the website won't let me just click on that star.	12/4/2017 8:43 PM
487	Vote by mail should be mandatory with a return receipt from the Recorder when it is actually counted..notice if not counted and why not. Tired of votes being discarded.	12/4/2017 8:42 PM
488	Wonder if all are really counted.	12/4/2017 8:38 PM
489	STARS IN ABOVE BOX ARE DEFAULTING TO I DO NOT TRUST THE SYSTEM. HOWEVER, MY ANSWER IS THAT I FULLY TRUST THE SYSTEM.	12/4/2017 8:35 PM
490	Even if the ballot by system were perfect, the political system is so broken it wouldn't matter anyhow.	12/4/2017 8:34 PM
491	I trust the Ballot by Mail System. But not 100% confident in the USPS, all the time.	12/4/2017 8:32 PM
492	While I trust Mr. Fontes, I have trouble trusting the right wing of AZ and their handling of vote counts and the integrity of mail in forms	12/4/2017 8:30 PM
493	I'm not excited that people can register to vote online at the DMV's website, but I love voting by mail.	12/4/2017 8:27 PM
494	In Oregon, there is an envelope within another envelope, one with one's signature. It seems to be even more secure.	12/4/2017 8:24 PM
495	I fully trust the system	12/4/2017 8:21 PM
496	I don't trust that the outcome of any vote can't be tampered with. Not since the primary when I waited for hours at one of the very few polling locations that were open, only to find that they'd run out of ballots!!! Criminal! I'm referring to this past presidential primary election here in Phoenix.	12/4/2017 8:19 PM
497	I do not like putting my signature on the outside of the mailer	12/4/2017 8:19 PM
498	I fully trust the system !	12/4/2017 8:18 PM
499	This last election was horrible. It was as if are votes didn't count here in Arizona.	12/4/2017 8:17 PM
500	I fully trust it	12/4/2017 8:17 PM
501	I do not like that I have to sign the outside of the envelope where everyone can see it.	12/4/2017 8:07 PM
502	This should be the default voting system - I love voting by mail!	12/4/2017 8:06 PM
503	Keep up the great job!	12/4/2017 8:00 PM
504	The chain of custody is not disclosed. I want to see the faces and names of the handlers/managers on the Web. This is not a blind trust. I want to see full disclosure and evidence that the By Mail system is trustworthy.	12/4/2017 7:57 PM
505	Now this makes me nervous . . . when I select "somewhat", "do not" appears automatically!	12/4/2017 7:52 PM
506	I just hope my vote gets counted.	12/4/2017 7:51 PM
507	I like the system, just hope they count all the mail-in ballots. I've heard rumors many ballots were not counted last year. It's hard to know what to believe.	12/4/2017 7:51 PM
508	better explanation of signature verification - how closely does it need to match drivers' license?	12/4/2017 7:50 PM
509	We received a ballot for my husband's father who passed away 6 years ago! And we've not received one for any other election in the last 6 years. We cant help but wonder why his name would suddenly pop up as a valid recipient.	12/4/2017 7:47 PM
510	In this day and age, and from last years debacle - why should I? Voting locations should be made widespread, open till later hours 9pm AND if you require identification - give it to every arizona resident the day they turn 18 or the day they move here.	12/4/2017 7:44 PM
511	I drop my important ballot off right at the post office rather than relying on the local USPS rep to collect it and send it along	12/4/2017 7:41 PM

2017 Maricopa County Voter Experience Survey

512	I have to trust the post office that the ballot will reach its destination, and then I have to trust that it will be counted. However, I vote by mail because I have less trust in some of those who run the polling places if they happen to be on the "other side."	12/4/2017 7:39 PM
513	I trust the system.	12/4/2017 7:37 PM
514	Always wonder if my vote is counted...	12/4/2017 7:36 PM
515	It could be better advertised that there is a way to check if your ballot was counted online.	12/4/2017 7:35 PM
516	I fully trust the system. I am 73 years old with chronic back pain. I would not be able to stand in line at the polls waiting to vote. Voting by mail is the best choice for me.	12/4/2017 7:32 PM
517	Please send voting options prior to election so I can read up on my choices.	12/4/2017 7:32 PM
518	Great job. Good luck to you and your staff as you move this county forward. And thank you. Count me as a fan.	12/4/2017 7:31 PM
519	No problem	12/4/2017 7:31 PM
520	I am concerned about hacking by malicious sources and tampering.	12/4/2017 7:30 PM
521	I fully trust the system, even email for mailing out ballot to the recipients are good.	12/4/2017 7:29 PM
522	I only wish they were better at giving us the results.	12/4/2017 7:28 PM
523	Somewhat	12/4/2017 7:27 PM
524	There should be a way to check online or by text to see if your vote actually counted. Or if there's enough time and there's an error reach out to the voter so they can go to a polling place to cast their vote.	12/4/2017 7:27 PM
525	I do not have 100% trust in the system.	12/4/2017 7:25 PM
526	The stars in this question do not respond correctly to my mouse clicks.	12/4/2017 7:18 PM
527	I often worry if someone may get their hands on my ballot.	12/4/2017 7:17 PM
528	One wonders if the ballots do reach Recorders Office. Need to be handled by so many people before being delivered	12/4/2017 7:12 PM
529	Are you kidding, Arizona Republican Politicians? After this current election -- HELL NO!	12/4/2017 7:11 PM
530	I fully trust the system	12/4/2017 7:10 PM
531	You can always improve on voters confidence. Trust is hard to come by in today's world.	12/4/2017 7:09 PM
532	I often wonder if it truly gets counted.	12/4/2017 7:08 PM
533	Wish I didn't have to put my signature on the outside of an envelope for all to see.	12/4/2017 7:07 PM
534	love the process!	12/4/2017 7:07 PM
535	Always keep working at ensuring data is safe and that our elections are fair.	12/4/2017 7:06 PM
536	This question seems to have a problem. No matter what I pressed all three came up.	12/4/2017 7:05 PM
537	Voting is a privilege and should be difficult	12/4/2017 7:02 PM
538	Not sure on your system. Certainly don't trust the USPS to get the mail in ballot to you.	12/4/2017 7:01 PM
539	Keep up the good work	12/4/2017 6:58 PM
540	I Truly Trust voting by mail.	12/4/2017 6:58 PM
541	I somewhat trust the system. Website not working correctly	12/4/2017 6:57 PM
542	Thankful for mail-in ballots... very helpful for my busy life.	12/4/2017 6:56 PM
543	it makes sure you get your ballot in on time	12/4/2017 6:53 PM
544	I am leaning strongly toward changing my method of voting from mail-in to voting at the site and feeding the ballot in as I do not believe my votes are counted when I mail them in	12/4/2017 6:51 PM
545	PLEASE DO NOT HAVE MY SIGNATURE ON THE OUTSIDE OF THE THE ENVELOPE, THANK YOU!! GOD BLESS YOU AND MERRY CHRISTMAS!!??	12/4/2017 6:50 PM
546	It is the most secure of any system to guarantee the integrity of elections.	12/4/2017 6:48 PM

2017 Maricopa County Voter Experience Survey

547	I don't fully trust anything, so you should take this with a grain of salt.	12/4/2017 6:48 PM
548	I like filling out my ballot ahead of time and then dropping it off in person.	12/4/2017 6:46 PM
549	I would rather not have to put my signature on the outside of the envelope. For identity thieves, there are a lot of signatures out there.	12/4/2017 6:46 PM
550	I am not concerned with the governments role but the Democrats willingness to cheat at all cost.	12/4/2017 6:45 PM
551	The fact that Trump was elected president is so unfathomable that I can't help question the system. Either the system is untrustworthy, or the citizens of this country are ignorant or the ballots around the entire country have been "hacked".	12/4/2017 6:43 PM
552	No reason not to trust it. Right?	12/4/2017 6:40 PM
553	I like being able to go online to yge trwasurer's website and confirm that my ballot was counted.	12/4/2017 6:37 PM
554	I fully trust the system.	12/4/2017 6:36 PM
555	I somewhat trust the system. I was trying to select that but it keeps highlighting both numbers 1&2	12/4/2017 6:35 PM
556	Not sure about the stars above - when I selected trust the system all 3 Stars were highlighted.	12/4/2017 6:34 PM
557	I really enjoy that your office is so interactive now and with that I'm hopeful for a more engaged public. More people voting means a more level playing ground!	12/4/2017 6:32 PM
558	I fully trust the mail in ballot system.	12/4/2017 6:30 PM
559	With interference in our elections by the Russians, and Republican collusion with them, I no longer trust our system completely.	12/4/2017 6:27 PM
560	I don't like my signature on outside of envelope.	12/4/2017 6:25 PM
561	Trump won so I'm satisfied.	12/4/2017 6:25 PM
562	I was going to say I fully trust the system but this page is acting weird so maybe I don't.	12/4/2017 6:25 PM
563	See previous comment	12/4/2017 6:22 PM
564	I somewhat trust the system. This program only let's me choose both of the first two options	12/4/2017 6:19 PM
565	Voting by mail is good, if I had to go in person, I would not participate in the circus.	12/4/2017 6:16 PM
566	I trust the system, but it would be nice to get a confirmation email that my ballot was accepted and counted.	12/4/2017 6:14 PM
567	I fully trust the system- the stars won't let you pick just one	12/4/2017 6:14 PM
568	I don't know when my mail ballot is counted compared to in person voting. Do you count it when you receive it in the mail? Do you count mail ballots after all the in person ballot process is complete? Is there a way for me to determine the status of my ballot?	12/4/2017 6:11 PM
569	I like receiving my ballot early but usually choose to deliver it personally on Election Day. I like the option to vote conveniently, but want to still participate on Election Day.	12/4/2017 6:09 PM
570	Locked boxes should be used. Elections are serious things. Helpers should pass background checks.	12/4/2017 6:07 PM
571	Fully trust button isn't allowing me to use it.	12/4/2017 6:07 PM
572	I would rather vote in person but sometimes cannot because I don't live near work	12/4/2017 6:07 PM
573	I trust the US Mail to get the ballot to you and I trust your system to count it correctly and ensure that my vote matters.	12/4/2017 6:04 PM
574	I fully trust the system ??	12/4/2017 6:00 PM
575	Putting voter full information including party on the outside of the envelope AND my signature is pretty much just asking for problems.	12/4/2017 5:59 PM
576	Voting by computer would be interesting. I want to see that my vote was counted	12/4/2017 5:57 PM
577	i am from Oregon. It works great there despite the original worries years ago. I am fully behind it. It is safe and fair as long as whoever counts the ballots are not partisan of course.	12/4/2017 5:56 PM
578	I fully trust the system, but I do not trust this survey. All three stars turn yellow when I check "fully trust."	12/4/2017 5:52 PM

2017 Maricopa County Voter Experience Survey

579	Two options light up. I trust postal system but not my mail box!	12/4/2017 5:51 PM
580	I do not like putting my signature on the outside of envelopes. These stars aren't working. Two or three light up at a time. Answer: I somewhat trust the system.	12/4/2017 5:50 PM
581	I fully trust the system.	12/4/2017 5:50 PM
582	My biggest concern is people receiving ballots that don't belong to them, either because they were mis-delivered, or because they were addressed to a former tenant. This area has a lot of student rentals, who come and go pretty quickly. Otherwise, as long as I drop it my completed ballot off at the post office, I'm not too concerned about mishandling.	12/4/2017 5:50 PM
583	Something wrong with this page I hit fully trust and they all light up	12/4/2017 5:47 PM
584	I clicked the Trust the System, but all 3 stars darkened, so I don't know what was marked. What happened?	12/4/2017 5:45 PM
585	It concerns me that the ballots aren't counted in a timely manner.	12/4/2017 5:41 PM
586	I know some of the people who work for the Maricopa County Elections Department and they are as honest or more so than anyone else.	12/4/2017 5:35 PM
587	Your survey response options do not allow me to pick just item #2 (both #1 and #2 are marked when choosing #2) or just item #3 (all options are marked when choosing #3). I somewhat/mostly trust the mail system.	12/4/2017 5:34 PM
588	I don't trust the mail in system 100% but it's better than dealing with politically hostile people at the polls.	12/4/2017 5:33 PM
589	I like getting my ballot in the mail. I can only hope it will be scanned and counted correctly at the main office.	12/4/2017 5:32 PM
590	I fully trust the system.	12/4/2017 5:32 PM
591	Fully trust	12/4/2017 5:31 PM
592	I am not aware of what happens to my ballot between the mail box and the ballot box. It's very easy to "re-route" mail that comes from a specific area with a specific demographic.	12/4/2017 5:30 PM
593	I trust my vote will be counted correctly, but I do not trust that you will make voting easier to do or make it more convenient. Gerrymandering has got to be addressed. One district, one vote for issues that do not effect one district alone or are district exclusive needs to stop. Parties should not be allowed to draw on maps proclaiming sections this or that...period.	12/4/2017 5:30 PM
594	I fully trust the system. But your stars aren't working it. It selects all three choices	12/4/2017 5:29 PM
595	don't like having my signature on the outside of envelope	12/4/2017 5:29 PM
596	I fully trust Ballot by Mail system and hope for online voting in the future. This is the 21st Century after all!	12/4/2017 5:27 PM
597	I am fine with the USPS. This question auto checked all stars.	12/4/2017 5:26 PM
598	2012 election, Pima County reported that the election was called even though thousands of early ballots were even touched.	12/4/2017 5:23 PM
599	I prepared my mail in ballot but missed the deadline so ended up dropping it off at a voting location prior to election day.	12/4/2017 5:23 PM
600	LOL! I fully trust the system, but maybe not surveymonkey!	12/4/2017 5:21 PM
601	I'm always wary that a postal carrier might interfere with my ballot for whatever reason, but I know there's a very slim chance of that. Still, a slim chance is still a chance.	12/4/2017 5:20 PM
602	This is not working	12/4/2017 5:19 PM
603	I do not like having my phone number on the outside of the envelope - why can't the signature & phone number be added to the inside???	12/4/2017 5:18 PM
604	I like being able to go online and see if my ballot has been received.	12/4/2017 5:17 PM
605	I tapoe on the 3rd response (star), but all 3 responses become highlighted for some reason. But I fully trust the system.	12/4/2017 5:16 PM
606	I hope the mailing lists are reviewed and kept as accurate as ballot lists at the polls.	12/4/2017 5:13 PM

2017 Maricopa County Voter Experience Survey

607	To the extent that you can trust the mail system. I often drop off my mail in ballot at an early voting place.	12/4/2017 5:12 PM
608	all three light up?? fully trust	12/4/2017 5:10 PM
609	Although I prefer the convenience of voting by mail, I still have concerns about the possibility of fraud since no face-to-face contact is made.	12/4/2017 5:09 PM
610	Since Adrian Fontes is the county recorder, I have a high level of trust in the system. I believe he is doing what he promised: protecting democracy!	12/4/2017 5:09 PM
611	Completely trust the system	12/4/2017 5:09 PM
612	Impeach Trump	12/4/2017 5:08 PM
613	I have no way of knowing whether my vote was received or recorded	12/4/2017 5:06 PM
614	I always trusted it, but I love the new tracking system	12/4/2017 5:06 PM
615	The star for Fully Trust will not let me select it by itself.	12/4/2017 5:06 PM
616	I fully trust the mail in system	12/4/2017 5:05 PM
617	The survey took over my answer and checked all 3. I fully trust the system.	12/4/2017 5:05 PM
618	To much foul play going on across the country. Has to be a better way.	12/4/2017 5:05 PM
619	watch democrats	12/4/2017 5:02 PM
620	I'm never confident it's actually counted	12/4/2017 5:01 PM
621	I walk it in	12/4/2017 4:59 PM
622	I could NOT select just one (1) option??? It was all three (3) or nothing???	12/4/2017 4:57 PM
623	I've heard of postal employees opening and discarding ballots, but whether fact or fiction I don't have 1st hand knowledge.	12/4/2017 4:53 PM
624	I clicked on fully trust the system, but all three stars lit up	12/4/2017 4:52 PM
625	I'm a little tired of receiving bi-lingual ballots, bi-lingual envelopes and bi-lingual emails about taking a survey. You could simplify all ballots for both Hispanic voters and English-only voters by removing the non-relevant verbiage from the ballot. It would shorten it, clean it up and make it far more legible for both language groups.	12/4/2017 4:51 PM
626	I cannot click on only "I somewhat trust the system." on question 3 above.	12/4/2017 4:50 PM
627	Don't trust the mail!	12/4/2017 4:49 PM
628	Would like to know that my vote has been counted and confirmed.	12/4/2017 4:49 PM
629	independent can't vote on some issues	12/4/2017 4:47 PM
630	Only due to reliability of the USPS.	12/4/2017 4:46 PM
631	You didn't set this question up properly in SurveyMonkey. When I select "I fully trust" - it highlights all 3 stars which will surely confuse some people. Anyway - we should have online voting! It's 2017 for cryin out loud	12/4/2017 4:46 PM
632	I fully trust the system and prefer it.	12/4/2017 4:45 PM
633	Fully trust system. (All stars lit up)	12/4/2017 4:44 PM
634	I fully trust the system...voting for this question was confusing	12/4/2017 4:44 PM
635	Sometimes, I worry if it will arrive on time and whether or not it would get tampered with on the way.	12/4/2017 4:43 PM
636	I don't like that I have to sign the OUTSIDE of my ballot and would wish to sign somewhere someone couldn't see it just by looking at the outside.	12/4/2017 4:43 PM
637	I'm losing trust in the system in general. Especially after there were so many voting locations closed for the presidential primary. I can see people making it difficult for low income and minorities to vote. My trust in the mailed in ballot system is tied to this, so I'm not sure I trust any of it at this point.	12/4/2017 4:41 PM
638	We should take the hacking by Russia seriously.	12/4/2017 4:40 PM

2017 Maricopa County Voter Experience Survey

639	Bad guys are everywhere.	12/4/2017 4:39 PM
640	I want to make sure that my ballot was received, and was counted. I think I remember getting notification of this, but I definitely want this implimented if this is currently not how it works.	12/4/2017 4:38 PM
641	I fully trust	12/4/2017 4:38 PM
642	I understand I can call up and they can actually tell me if my mail-in ballot was counted or not. However, I would advertise these local elections so that more people vote. Turns out that the school referendum for Paradise Valley was approved; we voted against it because a YES VOTE will now increase our property taxes by \$300.00 a year; how bad is that...if more people were aware of the big spike in property taxes, more people would have voted against it. Turns out, all the school teachers voted for it and everyone associated with the school district. Too bad for retirees like us and folks who don't have kids in the local schools....we are thinking about a move to a district where there are no schools like the Sun City area. You don't have teachers and administrative staff out there manipulating the vote.	12/4/2017 4:38 PM
643	I fully trust the system.	12/4/2017 4:37 PM
644	I find it hard to fully trust the process when I don't really know how my ballot is handled and when is it opened and counted?	12/4/2017 4:37 PM
645	Interesting that I was not able to check I fully trust without all three responses, is this rigged?	12/4/2017 4:37 PM
646	This item does not record properly. My answer is I somewhat trust the system, but all options are selected instead	12/4/2017 4:37 PM
647	Need to be able too verify that my vote was entered correctly somehow?	12/4/2017 4:35 PM
648	Feel like sometimes the elections are called before all ballots are counted. So no don't trust the system	12/4/2017 4:35 PM
649	Love the track my ballot feature!	12/4/2017 4:35 PM
650	I want to trust the system but definitely am concerned about the security! It only takes one nitwit to screw it up!	12/4/2017 4:34 PM
651	I have complete trust in the US postal service	12/4/2017 4:34 PM
652	I'M A HUGH ADVOCATE FOR PROVIDING PICTURE ID IN ORDER TO VOTE!!!!	12/4/2017 4:34 PM
653	I was not sent a ballot for the special election that happened in my district. My husband did receive a ballot. I kept checking the voter site and it said I was registered, so I don't know why I didn't get a ballot.	12/4/2017 4:34 PM
654	The ballot can be intercepted by mail carrier.	12/4/2017 4:33 PM
655	The signature being visible that potentially anyone can copy and use.	12/4/2017 4:33 PM
656	Survey will let me rate ballot	12/4/2017 4:32 PM
657	In this toxic environment it is hard to trust anything.	12/4/2017 4:32 PM
658	All the stars are lit up. This is a confusing way to mark my answer. But I do trust the mail system. Not this marking system.	12/4/2017 4:30 PM
659	I thought I trusted the system, until I heard some news that some ballets were not counted.	12/4/2017 4:27 PM
660	Paper ballots only with independent verification... no voting machines that are owned by questionable factions and easily manipulated...	12/4/2017 4:27 PM
661	My husband is supposed to receive a mail in ballot and didn't receive one for the last election. His name is John Pechur 21374 s 194th st Queen Creek, Az, 85142	12/4/2017 4:25 PM
662	great for seniors	12/4/2017 4:24 PM
663	verification of my vote being received and counted would be good.	12/4/2017 4:23 PM
664	I get nervous with all the issues with voter suppression and stories of lost votes that my votes actually gets counted. I wish there was a way to text or email me as soon as the ballet is processed.	12/4/2017 4:19 PM
665	I like to check that my vote was received though	12/4/2017 4:19 PM

2017 Maricopa County Voter Experience Survey

666	Perhaps a short blurb about how early mail-in ballots are counted would be helpful for me to understand the process.	12/4/2017 4:19 PM
667	PLEASE SEND STICKERS WITH BALLOTS!!!	12/4/2017 4:19 PM
668	I fully trust the system.	12/4/2017 4:19 PM
669	The type print needs to be larger. Some of older folks don't see all that well.	12/4/2017 4:18 PM
670	I would like to see a tracking barcode that sends me a conformation email that it was received.	12/4/2017 4:16 PM
671	THOSE STATES ON MAIL-IN HAVE NO PROBLEMS - I HAVE READ FRAUD IS NEARLY NONE IF ANY -	12/4/2017 4:16 PM
672	Certain precincts are notorious for ballot harvesting and illegal voting as a result of ballot collection from mailboxes that had not updated changes of address from that voter.	12/4/2017 4:16 PM
673	I like the idea of having the postal log of my ballot delivery now if we could tie it to a valid public vote...	12/4/2017 4:15 PM
674	Get the Russians out of it	12/4/2017 4:15 PM
675	How do I know my ballot was received? There is no check and balance in place, if received.	12/4/2017 4:14 PM
676	I trust as much as I can know about the way the system handles balloting.	12/4/2017 4:13 PM
677	Fully trust the system	12/4/2017 4:13 PM
678	Do not show voters name and address on return envelope.	12/4/2017 4:13 PM
679	It is mainly the timing of the results. The election day count is obvious but it must take awhile to count the mail in ballots so nobody really knows the results until they are counted.	12/4/2017 4:13 PM
680	Verification of US citizenship should be required to vote.	12/4/2017 4:12 PM
681	This was the first time I ever had a problem.	12/4/2017 4:12 PM
682	I trust it.	12/4/2017 4:12 PM
683	I fully trust the system.	12/4/2017 4:12 PM
684	Everyone should be voting my mail- You need to enclose the sticker "I voted Today" for mail in ballots- people one their stickers	12/4/2017 4:12 PM
685	A code we could type into the website so we know our vote was received and counter would be nice.	12/4/2017 4:12 PM
686	Consider about lack of proper voter id	12/4/2017 4:11 PM
687	I somewhat trust, it won't let me make only one. I like that i can check if my ballot was accepted	12/4/2017 4:11 PM
688	I trust the USPS. Can the mail in ballots be counted more quickly?	12/4/2017 4:11 PM
689	I don't trust that my info won't be given to the federal g'vmt, if it hasn't already. If it has or will be then i'll be looking to join in any class action that results. I really hate the gerrymandering in AZ too.	12/4/2017 4:11 PM
690	Make it easier to check if your ballot has be mailed out to you, when it is received back to the elections office, and if anything is missing so it might not be counted. I would think that each step could be verified by an automatically generated email from your office rather than the voter having to seek out the correct site for verification.	12/4/2017 4:11 PM
691	Fully trust, wasn't sure the question 3 showed my answer correctly above as all 3 stars were highlighted when I pick fully trust	12/4/2017 4:11 PM
692	I think there can be ways to improve early ballot counting procedures so that results can be relied upon and counted with the voting day's ballots sooner.	12/4/2017 4:11 PM
693	I fully trust the system	12/4/2017 4:10 PM
694	I'm actually getting a bit paranoid about everything these days.	12/4/2017 4:10 PM

2017 Maricopa County Voter Experience Survey

697	As long as the ballot is separated from the envelope in a secure manner	12/4/2017 4:07 PM
698	I trust the system	12/4/2017 4:06 PM
699	All choices keep selecting. My response should be I fully trust the system	12/4/2017 4:06 PM
700	I liked having the ability to check online to determine the status of my ballot	12/4/2017 4:06 PM
701	Recommendation for when to mail is extreme. Ballots should be counted if postmarked on election day or earlier as long as they've arrived prior to the official canvass.	12/4/2017 4:06 PM
702	Russians what else can I say	12/4/2017 4:06 PM
703	I fully trust when selected it marked all 3 I only wanted the last	12/4/2017 4:05 PM
704	Knowing places were reduced that hindered many that voted. Knowing that there were errors with machines when people were trying to vote for Sanders during the primary, I wonder if my vote was even counted.	12/4/2017 4:04 PM
705	I get the ballot and mail it in but after that who knows? Who handles that ballot when you get it back? When I vote in person and mark my ballot I have the same questions, so mail-in is not more worrisome than in-person voting. I just am in the dark about the overall procedures and protections on your end.	12/4/2017 4:04 PM
706	Too much opportunity for voter fraud. But, that's just the way you want it, right?	12/4/2017 4:03 PM
707	As long as no one is volunteering to pick up ballots, rather than them being actually put in the mail...OK	12/4/2017 4:03 PM
708	We should be able to cast negative votes on people not just issues.	12/4/2017 4:03 PM
709	While I trust the mail, I don't always trust that mail ballots will be counted. That worries me.	12/4/2017 4:01 PM
710	Somewhat!	12/4/2017 4:01 PM
711	Your software doesn't allow me to choose I fully trust the system provided the ballots are issued under very strict control and are validated upon return.	12/4/2017 4:01 PM
712	Cannot highlight only one button. But I do trust the system.	12/4/2017 4:00 PM
713	I'm not sure our early votes were even counted!!! They should be counted ASAP when received. Then tallied later!	12/4/2017 4:00 PM
714	I want to make sure my vote is counted before the results are announced.	12/4/2017 4:00 PM
715	Obviously, there is a great opportunity for fraud. In my days with Maricopa Elections it was quite evident that it didn't matter and no one cared.	12/4/2017 3:57 PM
716	I somewhat trust this way of voting	12/4/2017 3:57 PM
717	Great	12/4/2017 3:56 PM
718	This question does not let you check only one box	12/4/2017 3:56 PM
719	I just don't like that we have to sign our ballot on the outside of the it. For security reason.	12/4/2017 3:56 PM
720	Too easy to be corrupted either in the mail process or the voter itself. No monitor in your home?	12/4/2017 3:56 PM
721	I trust the system but don't trust survey monkey	12/4/2017 3:55 PM
722	Add a choice for "I choose not to vote for any candidate for this office." or "I choose not to vote either yes or no on this question." Then no one can open the envelope containing my ballot and vote on the candidates or questions that I chose not to cast a vote on.	12/4/2017 3:54 PM
723	Per mail, it should be secure, but there is a possibility of tampering.	12/4/2017 3:54 PM
724	I did not receive my mail in ballot until the day of election. Had to turn it in at the polling location	12/4/2017 3:54 PM
725	I was mistakenly put as inactive and still am unsure as to why. My address and information was current and I've voted in every election. If I had not checked the status of my registration I would not have received a ballot.	12/4/2017 3:54 PM
726	The envelopes appeared to be designed more for convenience than security. I was not comfortable with putting my confidential information on the outside of the envelope. You need to fix this massive oversight immediately.	12/4/2017 3:53 PM

2017 Maricopa County Voter Experience Survey

727	I do not know how to correct the problem, but I am not completely comfortable with writing my name on the outside of my ballot. Voting should be anonymous.	12/4/2017 3:52 PM
728	YOU NEED TO BE WORRIED ABOUT THE REGISTERED VOTERS THAT DIDN'T VOTE	12/4/2017 3:52 PM
729	I somewhat trust the system but it won't let me choose ONLY that option! When you hear stories about widespread voter fraud, it's hard to trust.	12/4/2017 3:52 PM
730	I like being able to check if my ballot was received online.	12/4/2017 3:51 PM
731	I trusted it more before this survey question chose two answers for me no matter how many times I tried to select just the middle one.	12/4/2017 3:51 PM
732	**Fully trust - all three stars turning yellow when I click I fully trust	12/4/2017 3:51 PM
733	Despite this level of trust currently, recent events and news stories continue to make me more wary of all of our voting processes - paper ballots seem to be the most secure method, however.	12/4/2017 3:49 PM
734	I fully trust the system. But the computer will not allow me to highlight only one star.	12/4/2017 3:48 PM
735	This seems to mislead!	12/4/2017 3:48 PM
736	none at this time	12/4/2017 3:48 PM
737	Your survey is screwed up. It won't let check the "I fully trust the system" without highlighting the other two choices	12/4/2017 3:47 PM
738	I am a little confused as to when my mail in ballot is opened and counted.	12/4/2017 3:47 PM
739	As long as the mail person does their job right then my trust is there.	12/4/2017 3:46 PM
740	A text or email stating that the ballot was received and counted would help. However the current political state makes gerrymandering acceptable.	12/4/2017 3:45 PM
741	When I selected "I fully trust the system" it looked like it selected all three choices. I'm using and iPhone. Maybe look into a possible issue from this internet platform for this survey.	12/4/2017 3:44 PM
742	I don't like signatures for anyone to see on outside of envelope	12/4/2017 3:44 PM
743	I hope my vote gets counted... but I'm sure it's just drown out by redistricting anyhow.	12/4/2017 3:43 PM
744	At some point we have to trust the system. It seems the most effective way to reach society.	12/4/2017 3:43 PM
745	I honestly don't know how risky it is. I do know that the U S Post Office delivers approximate 1 in 10 pieces of mail to my mailbox incorrectly; often it's a piece addressed to a neighbor on a different street with the same number, but sometimes it's different postal codes altogether. So, can I trust it to deliver my ballot? What if 10% of ballots go astray?	12/4/2017 3:43 PM
746	I never received any indication that my ballot was received. If it was never received, it would be nice to be told so.	12/4/2017 3:42 PM
747	I think cyber security will be an increasingly challenging issue, but assume you guys are on top of that.	12/4/2017 3:42 PM
748	After this past election, I don't think I'll ever fully trust the system. Once I mail it, it's out of my hands and do not know what all it goes through/who handles it. I know you can check to see if it's been counted, but has it really been counted or could someone easily mark it as counted but really was not?	12/4/2017 3:42 PM
749	my signature changes from year to year. I don't know how the signature is supposed to authenticate anything and I want to be notified when my ballot is counted or not and if it is not, I want the chance to rectify the situation.	12/4/2017 3:41 PM
750	Even though we use ballot by mail I would prefer in person voting with very limited exceptions with valid photo ID that verifies proof of eligibility to vote. One day election days.	12/4/2017 3:40 PM
751	See comment 2.	12/4/2017 3:39 PM
752	Voting by mail gives me time the consider the issues. Thanks you for the opportunity	12/4/2017 3:39 PM
753	I fully trust the system. The mail-in ballot has always been a convenient way for me to vote and is appreciated with regard to my work schedule. I would suggest changing the Voting Day instead a weekend. We would have a lot more voters I believe, if that were the case.	12/4/2017 3:38 PM

2017 Maricopa County Voter Experience Survey

754	Whoever opens my ballot can read my name and can see who I voted for. That's not a good system. If it's not changed, I'm considering filing a lawsuit.	12/4/2017 3:38 PM
755	If like having your signature and phone number on the outside of your mail in ballot can lead to someone having your information that is not part of the postal service	12/4/2017 3:38 PM
756	My mail carrier can often be unreliable so I was hesitant to leave my ballot in my own mailbox.	12/4/2017 3:38 PM
757	You've had to be sued, more than once, to process the mail by vote ballots. Candidates frequently show us who they really are in the final days of an election, vote by mail doesn't let you change a vote.	12/4/2017 3:38 PM
758	Mail in ballots are not counted when the election is being called. Doesn't appear our votes count.	12/4/2017 3:37 PM
759	Not knowing if your ballot was actually received, opened and counted leaves a little doubt. It would be great to get an email confirmation.	12/4/2017 3:36 PM
760	I trust that my ballot will arrive and be counted. Seems less secure than in person voting, but worth the risk to make it possible for more people to vote and to reduce costs.	12/4/2017 3:36 PM
761	It is very outdated. I also despise placing my signature plainly on the OUTSIDE of an envelope for so many people/handlers to see and potentially take advantage of.	12/4/2017 3:36 PM
762	Vote ID must be mandatory	12/4/2017 3:35 PM
763	When you have a middle man, and no confirmation if your vote was received, it's a bit unsettling. Is there a way (or could there be a way) for us to confirm our vote was received and cast?	12/4/2017 3:35 PM
764	This is ridiculous because I clicked on "I somewhat..." It also highlighted "I do not trust..." What gives?	12/4/2017 3:35 PM
765	I fully trust the system.	12/4/2017 3:35 PM
766	While I think the system probably works, there still seems to be a potential for parties to interfere with or manipulate the process.	12/4/2017 3:34 PM
767	My answer is somewhat, but it wont let me vote just that...	12/4/2017 3:34 PM
768	I trust the mail in ballot. So far, I have not heard of any problems with the mailed in forms.	12/4/2017 3:33 PM
769	My mail is sometimes erratic and I get other people's mail in my box few times a month. So worry...	12/4/2017 3:33 PM
770	Difficult to trust when I run my mouse pointer over each of the stars, from left to right and all three stars are highlighted. Not sure what that means, but your web folks need to take a look.	12/4/2017 3:33 PM
771	I wish we could sign the declaration and give our phone number on a piece enclosed within the envelope rather than the exterior of the envelope itself	12/4/2017 3:33 PM
772	I don't like to sign the outside of the envelope	12/4/2017 3:32 PM
773	I once received someone's mail-in ballot in my mail box with my mail. I haven't trusted the system since.	12/4/2017 3:32 PM
774	You need to bring back Maricopa County election troubleshooters;A lot of trouble shooters that have worked for 20 or more years was laid off.	12/4/2017 3:32 PM
775	I usually complete the mail in ballot and then drop it off on the day of the election.	12/4/2017 3:31 PM
776	Thanks	12/4/2017 3:27 PM
777	This is unclear. I fully trust vote by mail. It should be mandatory.	12/4/2017 3:27 PM
778	I feel like an email/receipt of your ballot being received would be a great way to somewhat improve people's trust in the system.	12/4/2017 3:27 PM
779	I have complete faith and trust in the ballot by mail system!	12/4/2017 3:26 PM
780	The people accepting the ballots were not standing near the box. After I asked, they got up from their seats and made sure I had done all the required items to the envelope.	12/4/2017 3:26 PM
781	I somewhat trust the system.	12/4/2017 3:26 PM
782	How about 2.5 stars?	12/4/2017 3:26 PM
783	Look who's POTUS	12/4/2017 3:26 PM

2017 Maricopa County Voter Experience Survey

784	I often wonder when and how my ballot is counted when voting by mail.	12/4/2017 3:26 PM
785	Actually it is the USPS that has failed me in the past. Some kind of receipt would alleviate the angst.	12/4/2017 3:26 PM
786	It would be nice to have a way to confirm my ballot was received and counted appropriately at some later date.	12/4/2017 3:26 PM
787	The 2016 primary did A LOT to undermine my confidence in America's voting systems. Go back to paper ballots and ditch the hackable insecure electronic systems.	12/4/2017 3:25 PM
788	The fiasco last year at General election time cannot happen again!	12/4/2017 3:25 PM
789	It's really easy to be anonymous but it also seems really easy to vote without any identification to prove valid eligibility and registration.	12/4/2017 3:25 PM
790	A ballot keeps coming to my house for a deceased person. I written deceased on the envelope and have sent it back a few different times and nothing changes....	12/4/2017 3:22 PM
791	Worry about lost mail. Like that I can check that my ballot was received.	12/4/2017 3:21 PM
792	A confirmation of that the completed ballot was recieved by either email or standard mail.	12/4/2017 3:21 PM
793	My ballot could be lost in transit. There is a lot of uncertainty with the mailing system.	12/4/2017 3:21 PM
794	now days who knows...	12/4/2017 3:21 PM
795	Keep the vote by mail system.	12/4/2017 3:20 PM
796	The look of the envelope is identifiable by those intending to intercept ballots. Could be more disguised	12/4/2017 3:20 PM
797	System is good.	12/4/2017 3:20 PM
798	It will not allow me to select only the middle answer	12/4/2017 3:20 PM
799	This survey monkey form is not allowing me to check only "I fully trust the system" (that's my answer). It keeps checking all three.	12/4/2017 3:20 PM
800	I've heard rumors about whether or not all mail-in ballots are counted. Could be untrue but I just don't know the truth.	12/4/2017 3:20 PM
801	Nobody steals snail mail ballots.	12/4/2017 3:20 PM
802	I would be more reassured that my ballot was counted if there was some receipt sent out indicating that my ballot was received after I mail it in. An e-mail or physical mail would suffice.	12/4/2017 3:19 PM
803	Anything could be manipulated I suppose	12/4/2017 3:19 PM
804	I hand-delivered my mail-in ballot to a physical drop location	12/4/2017 3:19 PM
805	I checked fully trust the system, but your system marked all three.	12/4/2017 3:19 PM
806	This is the first time in a while that we've actually voted in person. We usually do the early ballot mail in. I was extremely pleased that we were asked to show our driver's license in order to get our ballot. Yeah for Arizona! You get an A+.	12/4/2017 3:19 PM
807	I fully trust that everyone involved is trustworthy. I hope they are, if they are crocked, then that is so SAD!! Only God will judge those at their time!!	12/4/2017 3:18 PM
808	All the stars were highlighted for fully trust the system. Seems like the star show coincide with the ranking --not highlight all three comments	12/4/2017 3:17 PM
809	I somewhat trust it.	12/4/2017 3:17 PM
810	I'm never writing my telephone number on the outside of an envelope.	12/4/2017 3:17 PM
811	I hope we will implement an all mail-in voting system.	12/4/2017 3:17 PM
812	I somewhat trust the system - I'm not always sure that my my ballot has been received and my vote is being counted.	12/4/2017 3:17 PM
813	i am never sure our mail-in ballots are being counted! I sure hope they are.	12/4/2017 3:16 PM
814	Feelings same as those for state elections.	12/4/2017 3:16 PM
815	ID's are. important. Too much fraud in system	12/4/2017 3:16 PM

2017 Maricopa County Voter Experience Survey

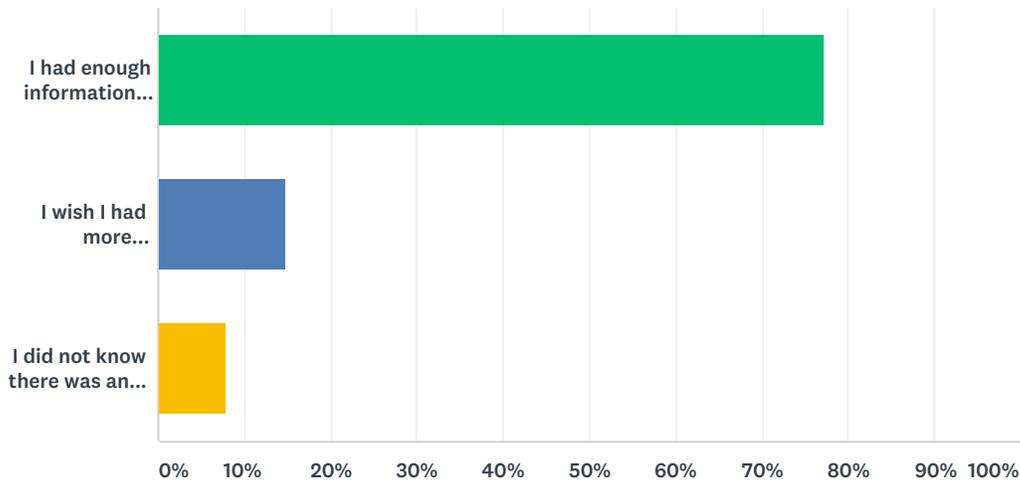

816	When I lived in WA state, our entire system was through mail-in ballot, so it's a process I am comfortable with. It ensures equal opportunity but did not necessarily ensure greater voter response.	12/4/2017 3:16 PM
817	Mail is mail...nothings 100%.	12/4/2017 3:16 PM
818	I've never had a problem yet.	12/4/2017 3:15 PM
819	How do we know that our ballots are actually counted?	12/4/2017 3:15 PM
820	How can I get proof that my vote was counted?	12/4/2017 3:15 PM
821	Not sure if my vote counted. Too much controversy.	12/4/2017 3:13 PM
822	Confirmation of receipt would be good	12/4/2017 3:12 PM
823	photo id should be required at the polls.	12/4/2017 3:11 PM
824	After the events of the 2016 primaries, I have lost some trust in the voting system of maricopa county. Although I trust that my mail in ballot is counted, I still login to check the status of my ballot online.	12/4/2017 3:11 PM
825	Would like an online method to verify ballot was received and accepted.	12/4/2017 3:11 PM
826	For the record, I don't trust anyone or anything 100% so it has less to do with the voting system and more to do with my own mistrust of humanity...	12/4/2017 3:11 PM
827	I'm selecting "somewhat" option, but the star for "do not trust" system keeps populating, too	12/4/2017 3:11 PM
828	We never know if our ballot is received and recorded.	12/4/2017 3:11 PM
829	I've never had any problems voting by mail insofar as I'm aware, but my girlfriend's political party was inexplicably changed without her knowledge or permission before the recent presidential election.	12/4/2017 3:10 PM
830	It seems too easy for people to vote for others	12/4/2017 3:10 PM
831	My only concern was with leaving my ballot on my mailbox for the postal worker to come get, as anyone could have taken it from the mailbox, and it was in a brightly colored envelope visible from very far away.	12/4/2017 3:09 PM
832	Have more official drop off points. I'm skeptical of dropping my ballot in a mailbox. I trust USPS, but someone could get my ballot before it gets picked up. So, I make a point to bring it to the Records Office. Not everyone can do that.	12/4/2017 3:09 PM
833	I'm just not sure I trust it these days due to the ongoing issue with the 2016 election	12/4/2017 3:09 PM
834	I trust the system, so, three stars?	12/4/2017 3:09 PM
835	The reason for this answer is short because the postal service in Phoenix is horrible I have already since Oct have 3 packages missing and or delivered to the wrong address. So my trust that my ballot makes it to you just isn't there.	12/4/2017 3:08 PM
836	Why are we not ALL automatically registered when we register for the Selective Services? Why are we not ALL automatically registered to vote by mail? Other states have implemented such measures and have seen excellent results.	12/4/2017 3:08 PM
837	I appreciate that we can log in and check the status of the mail in ballot. I have found that very few people I know are aware of this, and more awareness might increase turnout and use.	12/4/2017 3:08 PM
838	I think that everyone should vote by mail or if they made an app on the phone that was varified by first 4 or last of ur ss number it would be ideal	12/4/2017 3:08 PM
839	When I clicked on the fully trust the system, all options selected. I trust the current system. I would not if it was online.	12/4/2017 3:08 PM
840	I trust the system but I couldn't mark that as gold because it would not let me do that I left it silver	12/4/2017 3:08 PM
841	It would be nice to be notified that my ballot was received and counted .	12/4/2017 3:08 PM
842	I've heard you can track your vote - that would be neat - I'm going to try it next time.	12/4/2017 3:08 PM
843	I fully trust the system. It wouldn't let me click just one option.	12/4/2017 3:08 PM
844	I usually drop my ballot at the polling place.	12/4/2017 3:08 PM

2017 Maricopa County Voter Experience Survey

845	Having the ability to confirm the receipt of my vote is reassuring.	12/4/2017 3:08 PM
846	Dear Adrian Fontes, Maricopa County Recorder, How many voters have you told to "go fuck themselves"?	12/4/2017 3:08 PM
847	It seems like it would be easy for someone who is ineligible to vote to cast a ballot.	12/4/2017 3:07 PM
848	I fully trust the system; but the above buttons are not functioning correctly!	12/4/2017 3:07 PM
849	I trust	12/4/2017 3:06 PM
850	I trust it	12/4/2017 3:06 PM
851	We voters should get a notification either by text/email that our ballot was rcv'd and counted and confirmation that our selections correlate. Online voting is the future.	12/4/2017 3:06 PM
852	I have more faith in the ballot by mail system than I do actually going someplace to vote in person.	12/4/2017 3:06 PM
853	As long as there is a human handling the ballot after I have voted there always is doubt about security.	12/4/2017 3:06 PM
854	The only worries are that it gets to the election office and that it is counted in a timely manner	12/4/2017 3:06 PM
855	I worry that the mail in ballots are not being counted	12/4/2017 3:06 PM
856	I'd like some sort of confirmation that my vote was received and recorded. I always just have to hope for the best that it did not get lost in the mail.	12/4/2017 3:06 PM
857	We've heard from others that some mail system ballots are not counted. As far as we know that's not been the case, but hope everyone involved is honorable and trustworthy.	12/4/2017 3:06 PM
858	I worry about my vote being actually counted. There is not much guarantee that people are doing to right thing when they receive it.	12/4/2017 3:05 PM
859	None.	12/4/2017 3:05 PM
860	Not quite sure if my ballot is truly counted. I hope it is handled honestly.	12/4/2017 3:05 PM
861	While I trust the system, I have wondered whether it could be compromised. There have been instances of a rogue mail carrier who disposes of mail. But, I realize that it is highly unusual.	12/4/2017 3:05 PM
862	I have not received a ballot in the mail yet	12/4/2017 3:05 PM
863	I think a plastic box that is duct taped is not a very secure way to drop off a ballot. I think I should be able to electronically receive confirmation of my vote and how I voted, like you do for voting shares of publicly traded stock.	12/4/2017 3:05 PM
864	i fully trust how my vote matters in our current system	12/4/2017 3:05 PM
865	ballots can be mishandled by household or mail carrier	12/4/2017 3:05 PM
866	I don't know if my ballot was actually counted. The online tool just told me that it was sent in for counting and never updated.	12/4/2017 3:04 PM
867	It would be nice to get a confirmation that the ballot was received and counted	12/4/2017 3:04 PM
868	Until I have a reason to doubt it, I currently trust the system.	12/4/2017 3:04 PM
869	i never got my ballot.	12/4/2017 3:04 PM

#	COMMENTS OR SUGGESTIONS:	DATE
1	I am more of a detailed oriented person and prefer information ahead of time to either put it in my calendar or make sure that I allow myself enough time to review the issues and submit my ballot in a timely fashion.	12/8/2017 1:55 PM
2	I knew an election was coming, but not what for.	12/8/2017 11:32 AM
3	There was little information given and the electorate received little notice. Many of my friends felt the same way.	12/7/2017 8:25 PM
4	I only knew about the election because I saw signs posted on street corners. I didn't know what it was about until I got my ballot. At the same time, if I really cared to know, I would have looked it up.	12/7/2017 7:44 PM
5	I rely too much on the minimal info supplied. Perhaps list of more resources. Web sites to research.	12/7/2017 1:49 PM
6	We try to keep up-to-date on any elections that will affect us and do, in fact, vote in these elections.	12/7/2017 1:11 PM
7	I had enough information as I was working on one of the ballot items, but many people told me they did not know about the election until the ballot arrived.	12/7/2017 10:44 AM
8	I mentioned this earlier. Having the date accessible on the ballot has been a problem for years and years.	12/7/2017 10:40 AM
9	Part of the issue was me not making the time to research non-partisan facts to make an informed decision.	12/7/2017 9:10 AM
10	I appreciate the election information that is sent out prior to the voting deadline.	12/7/2017 8:29 AM

11	I keep up with the newspaper and television coverage.	12/7/2017 7:54 AM
12	I do not have any children and different district. It is hard to say.	12/7/2017 7:48 AM
13	There are times when I don't get any information about the elections and this last election, I didn't get any information about the election. Not everyone knows what a bond does and would like to have had information for last month's election.	12/7/2017 7:26 AM
14	I don't like reading AZ Republic although we subscribe to it. It is biased and fake mail.	12/7/2017 6:56 AM
15	I would have liked information included on how the previous school funding a few years ago was executed and it's impact included in the information pamphlet	12/7/2017 6:15 AM
16	I do wish I received an email about the outcome of the election. Also in the future, it would be nice to have an email about when the next coming election is. Another thing is during the primary elections, you have to make sure your party matches the party you want to vote for. It would be nice in the future for information about those qualifications to be made clear to voting citizens.	12/7/2017 2:10 AM
17	More info specifically about the date of the election	12/6/2017 9:52 PM
18	Felt informed by email communications.	12/6/2017 8:34 PM
19	The follow up reminder email was good the day of	12/6/2017 8:12 PM
20	In English ONLY	12/6/2017 7:50 PM
21	I had what you guys wanted me to have!	12/6/2017 7:48 PM
22	More tv ads?	12/6/2017 6:27 PM
23	Too many times there are hidden items and the real effects of any election are discovered too late. Currently roads, schools, clean air and water are suffering.	12/6/2017 6:04 PM
24	Make sure all households that have an issue to vote on receive the issue info pamphlet/s	12/6/2017 5:57 PM
25	The recent education bond election was not straight forward where the funds were going for. I could find little information online.	12/6/2017 5:55 PM
26	In the pre-voting information pamphlet, there should be a simple count of both proponent and opponent opinions.	12/6/2017 4:49 PM
27	I am in Goodyear. Sometimes I'm unaware of upcoming elections, but I try to stay informed.	12/6/2017 4:26 PM
28	I am a frequent voter; not everybody has had this experience. Lets encourage new voters by supplying as much info as you reasonably can.	12/6/2017 4:17 PM
29	once again , VOTER INFO HAS AND WILL SUPRESSED	12/6/2017 3:54 PM
30	I am politically savvy and pay attention to political developments closely, but I would be interested in seeing the feedback from those that aren't and depend on information received around the time of elections. I find this information can often be skewed to persuade the voter to vote a certain way or provide the information in trickles (either through multiple mailings on the same election, or political adverts).	12/6/2017 3:48 PM
31	The election booklets never have every candidate that's on the ballot in them. For example, judges, School District positions, utility company Commission. Things like that. At least instruct voters where to find the information for a fair vote.	12/6/2017 3:46 PM
32	I prefer voting by mail so if I do have any questions or want additional information, I can research online and take my time rather than guessing.	12/6/2017 3:28 PM
33	Sometimes too much info when the info is false.	12/6/2017 2:52 PM
34	I wish election issues were simpler. Too many combined propositions and efforts. Law should limit to one item. No riders.	12/6/2017 2:33 PM
35	This is not a negative comment. I am fine with learning about 'smaller' elections by mail - in my early ballot.	12/6/2017 2:31 PM
36	My husband and I take very seriously being aware of the issues and candidates for office.	12/6/2017 2:22 PM
37	Happy holidays!	12/6/2017 2:08 PM
38	Please do not have volunteers call to ask who we are voting for.	12/6/2017 2:08 PM
39	More informational can be gathered online if needed	12/6/2017 1:50 PM

40	I would sometimes want more information about the election before receiving the ballot.	12/6/2017 1:47 PM
41	I could not locate the date of the special election on the mail in ballot, despite the ballot stating a requirement it either be returned or post mark a number of days before the election. it did not state what this day was, either.	12/6/2017 1:47 PM
42	I usually receive information in the mail before voting	12/6/2017 1:02 PM
43	Will always welcome as much information before receipt of ballot as possible	12/6/2017 12:56 PM
44	A more concise way to learn about the vote going forward and what the candidates believe in. Something digital and easy to read and pull up on my computer or phone rather than bulky pan flit sent out with all information.	12/6/2017 12:55 PM
45	Again, if one is motivated, one can search this information out so I may not be a typical casual voter.	12/6/2017 12:54 PM
46	which was fine since I had enough time to address the issue on the ballot. Without the mail in ballot arriving I would put off looking at the issues till election day when I would have to either vote or skip it.	12/6/2017 12:34 PM
47	It wasn't a major election year so I can understand why, but it could have affected me more if I were a homeowner in this neighborhood. So having election materials sent out weeks in advance would be helpful. Or maybe that did happen and I ignored it because I wasn't a homeowner...	12/6/2017 12:24 PM
48	It would be great to have more info on who backs the "non-partisan" (and I use that term loosely) candidates like Corporation commission.	12/6/2017 12:18 PM
49	Example: Judges? The only way I know to decide on Judges conduct is by the Attorneys evaluation of any given Judge? Is their a way that I can do so without having to go to a respective that is maintained by Attorneys alone???	12/6/2017 12:18 PM
50	I had called the sec. of state info line to make sure I could vote in primaries, regardless of party affiliation. Turns out, you can't in "presidential preference" vote. I feel I was mislead, in order to suppress voter turnout.	12/6/2017 12:12 PM
51	I would like to receive more information regarding the elections without having to go find the info	12/6/2017 12:12 PM
52	I would love more information on candidates including how they have voted on certain bills or propositions	12/6/2017 12:00 PM
53	I wish that more issues could be decided by the voters. The timing of the AZ vote minimizes voter participation!	12/6/2017 11:59 AM
54	Social media was EXCELLENT. I saw posts all 7 days leading up to the election informing and reminding me.	12/6/2017 11:51 AM
55	Send out more pre-election educational material	12/6/2017 11:47 AM
56	The advertisements are not stop!	12/6/2017 11:43 AM
57	None	12/6/2017 11:29 AM
58	I was at a HOA Academy class at the Surprise Police department when some of the city people provided us with a lot of information about the issues that were on the ballot which helped a lot.	12/6/2017 11:26 AM
59	But it was still great	12/6/2017 11:20 AM
60	Date yes. Purpose, not so much. Outcome-based information when I vote YES or NO. Simple too. Nothing complicated.	12/6/2017 11:19 AM
61	Additional impartial and factual information should be provided for all candidates.	12/6/2017 11:15 AM
62	Yes, but can we please have a special election to get the Trump administration out of office. I believe circus monkey with Downs Syndrome could do a better job.	12/6/2017 11:08 AM
63	Dates are sometimes hard to find. I would like the ballot to clearly state the date of the election as well as the last day to mail in the ballot. It's probably there, but if so, it was hard for me to find.	12/6/2017 11:04 AM
64	But that was my own fault	12/6/2017 11:02 AM
65	I was informed of an election by all the signs posted along roadside. I then went online to find out what election was about.	12/6/2017 10:52 AM
66	Need to look for different polling place than queen creek schools. They were on the ballet	12/6/2017 10:37 AM

67	after we voted by mail, perhaps an e-mail follow up that the vote has been process.	12/6/2017 10:33 AM
68	its is design that way so that people vote from name recognition only rather than the true facts our votes are not to help the citizen its used by lobbyist to manipulate the voting population.	12/6/2017 10:33 AM
69	I had to get some additional information independently.	12/6/2017 10:30 AM
70	I think email of upcoming elections and a link to the information on the election would be helpful.	12/6/2017 10:26 AM
71	I am an informed and aware voter. However, I feel the majority of voters are not aware	12/6/2017 10:25 AM
72	For the lesser/local elections (non-presidential)	12/6/2017 10:20 AM
73	I like booklets summarizing the issues as well as giving the wording of the issues.	12/6/2017 10:13 AM
74	I wish there were email or text messages to remind us.	12/6/2017 10:13 AM
75	to hard to find the date/s	12/6/2017 10:12 AM
76	I often do research once I receive my ballot, but I do not feel that this information is easily accessed or readily available. This making voting a "chore," and I am sure discourages citizens from casting informed votes.	12/6/2017 10:11 AM
77	I feel uninformed about special elections in between the major ones.	12/6/2017 10:06 AM
78	Was unable to vote in primaries due to not enough notice between changing parties	12/6/2017 10:06 AM
79	Not at this time.	12/6/2017 10:06 AM
80	Additional mailings about upcoming elections would be appreciated; refer to Oregon's postal voting system.	12/6/2017 10:05 AM
81	A lot of my information came from just being an aware voter.	12/6/2017 10:05 AM
82	I was able to get everything I needed after I received the information. As I stated in the earlier question, I was not sure what the voting dates were until doing online searches.	12/6/2017 10:04 AM
83	I do my research and don't assume anything from headlines or news trailers.	12/6/2017 10:03 AM
84	I also wish I had more time to research the issues being voted on.	12/6/2017 10:03 AM
85	I do my own research online, but I do consider the information provided by the Maricopa Co Elections Office	12/6/2017 10:01 AM
86	Are the ballots "logged in" as they are received? Would be nice (if they are logged in in a timely manner) to have an Email reminder at 1 week before the due date. Sometimes I might forget to drop it off... a reminder Email would be nice.	12/6/2017 9:59 AM
87	no at this point no	12/6/2017 9:58 AM
88	My awareness comes through media outlets, not necessarily the elections office.	12/6/2017 9:58 AM
89	website that explained the election purpose and candidates claims/goals.	12/6/2017 9:57 AM
90	I would like more resources for learning about the issues on the ballot. Which are of greatest importance? Which are highly contested? Which are unusual?	12/6/2017 9:56 AM
91	It would be great to see the substance of a prop, rather then just the letters for/against a measure.	12/6/2017 9:55 AM
92	I had to look up the election online to be sure I had the information correct.	12/6/2017 9:55 AM
93	As stated previously, other viewpoints should have been included in the brochure included with the ballot.	12/6/2017 9:55 AM
94	A balanced view of both sides for and against would be nice.	12/6/2017 9:54 AM
95	I knew because of my involvement with my local district, but otherwise might not have heard about it. Many people expressed confusion over what an override actually is.	12/6/2017 9:53 AM
96	Additional emails or mail contacts would be very helpful, at least identifying important upcoming election dates	12/6/2017 9:53 AM
97	I would like to note that I did not mind at all that I did not know about the election until I received my ballot.	12/6/2017 9:52 AM
98	Information and requirements of what is needed to vote should be sent out earlier. How many forms of identification are needed?, etc.	12/6/2017 9:42 AM

2017 Maricopa County Voter Experience Survey

99	The information received ahead of time was thorough, an election date on the actual ballot would be good.	12/6/2017 8:53 AM
100	I don't think we should have these elections outside of the normal election cycle. It dramatically reduces voter turnout.	12/6/2017 8:41 AM
101	I'm currently attending an out of state college, so I don't get much local news.	12/6/2017 7:16 AM
102	But then I don't count... I follow elections pretty closely.	12/6/2017 12:32 AM
103	For smaller elections, sometimes it's confusing which issues we're voting on. For ex: there were Pinal County signs in Queen Creek for highway issues we didn't get to vote for.	12/5/2017 10:27 PM
104	Why was there a Special Election for this? Waste of money. Add it to the next General Election.	12/5/2017 9:10 PM
105	Is there a way we could request a secondary booklet filled with the pros and cons of each legislation? And increase media coverage and waste responsible signage. Lastly, just fine people if they don't vote. That will encourage people to care and get the information from other sources.	12/5/2017 8:24 PM
106	I had to google info about it	12/5/2017 8:21 PM
107	I especially liked the emails I received with the reminders about the deadline to mail I'm my ballot and links to where I could turn it in by hand if I had to.	12/5/2017 7:11 PM
108	I had to turn it in at a different location.	12/5/2017 6:29 PM
109	You could also publish info about issues weeks ahead of time in the newspaper and on lilne. Thank you.	12/5/2017 4:49 PM
110	It should be my responsibility to know more about the elections.	12/5/2017 4:34 PM
111	I attended a DEM party meeting in Sun Lakes - Mr. Fontes was one of 2 guest speakers. Maybe better informed due to that opportunity.	12/5/2017 3:24 PM
112	I look up the information I need on line	12/5/2017 1:23 PM
113	I think that it would be helpful to receive with my ballot a pamphlet with Arguments for and against each proposition and/or candidate.	12/5/2017 1:16 PM
114	It is my responsibility to keep myself informed about any election.	12/5/2017 12:48 PM
115	Although I had enough information, I spent time looking into what was at stake. The signs around town were not helpful and I saw no signs against the tax increases that would happen. Personally this is going to hit our families budget very hard. As a home owner on a strict budget the increase in our mortgage payments is still an unknown fear of ours. I feel strongly that a lot of the things were needed however, I wonder why the city hasn't taken into account all the new builds going in which will add to their budget? As someone on disability with my husband working to support our family of 5 he can not just walk in and get a raise because our monthly bills are more. We have to live within our budget. Why can't our city, state and government do the same?	12/5/2017 12:31 PM
116	They have too many elections days which each require great costs. state, county, and city should get together and consolidate so that we vote less often. follow scottsdale model and greatly reduce costs by using common sense	12/5/2017 12:30 PM
117	I subscribe to AZ Republic and listen to political people on cable, and read op-eds relating to politics. Some people do not have any information from reliable sources -- they are called "low information" people. They listen to Fox News (Faux news) and they are not well informed.	12/5/2017 12:25 PM
118	I like that they include the full proposition it's hard to vote on judges they should make a website that tells their views and important decisions	12/5/2017 11:54 AM
119	I try to stay informed independently, however most people do not, so I think it is important to send more information, non-biased of course.	12/5/2017 11:52 AM
120	I really value any voting guidelines/pamphlets which are released, indicating what is being voted on, the pros and cons, various opinions, etc.	12/5/2017 11:51 AM
121	I also had to look up the election date online; I didn't see it on the ballot/materials.	12/5/2017 11:43 AM
122	I feel like i get blindsided by it every year. That may be due to either receiving the packet with a short amount of time to research the candidates or lack or information on TV? I don't watch much TV nor news publications.	12/5/2017 11:12 AM
123	Especially on local elections	12/5/2017 11:12 AM

2017 Maricopa County Voter Experience Survey

124	I heard about the kerfuffle between the Recorder and a different politician regarding the date of the election. I did not find it confusing at all. I honestly think that anyone who found the materials confusing should be examined for mental incompetency. If the person was adjudicated legally incompetent, then they would not be able to vote.	12/5/2017 10:21 AM
125	I had to look on the internet for information on the initiatives on the ballot.	12/5/2017 9:39 AM
126	more electronic correspondence, a reminder email day before and day of would not make me mad	12/5/2017 9:33 AM
127	I knew there was an election because I received campaign material, not because of the county.	12/5/2017 9:05 AM
128	more information about the people running for office	12/5/2017 8:40 AM
129	There is plenty of information regarding the primary and general elections. Special elections always catch me by surprise.	12/5/2017 8:20 AM
130	I did not hear anything about what we were being asked to vote on till I received the ballot. I do not have kids, so I don't hear much about the schools around here, or their budgets.	12/5/2017 8:18 AM
131	Why a bond is needed for school construction financing should show how the money will be spent and the school board should be allowed to shift funds to other categories that are not included in the bond funding.	12/5/2017 8:08 AM
132	Election information reaches me, an activists involved, but the change to mail-in ballots was news that didn't reach my own parents until the week of election day.	12/5/2017 7:56 AM
133	A summary of the candidate's platforms sent along with the mail in voter card would be helpful.	12/5/2017 7:55 AM
134	More info on each candidate.	12/5/2017 7:44 AM
135	I read local papers and watch the news but miss the nonpartisan election info we use to receive.	12/5/2017 6:53 AM
136	Need more information about the outcomes.	12/5/2017 6:37 AM
137	The date of the election I had to search for after receiving my ballot.	12/5/2017 6:02 AM
138	I'm not even sure which election this survey is referring to.	12/5/2017 2:34 AM
139	Keep up the good work.	12/5/2017 2:02 AM
140	There was enough information for me to make a decision, but it would be nice to have additional detailed information online for those who are interested in learning more about the issue.	12/4/2017 11:17 PM
141	It was difficult to find the due date/date of the election on the envelope or on the ballot.	12/4/2017 11:01 PM
142	The information about what we are voting for in the election is really hard to find online. I am really good with computers and it is even hard for me. Please make a way to easily find information including election dates several months in advance.	12/4/2017 10:57 PM
143	The information about the election was hard to find online. Also, it is hard to know several months ahead when an election is coming.	12/4/2017 10:54 PM
144	I wish all information was electronic I don't like the waste of paper. and expence of printing this data	12/4/2017 10:52 PM
145	Website option to get election email reminders was beneficial	12/4/2017 10:27 PM
146	It is a lot to read. Maybe synthesize it. Overwhelming amount of reading.	12/4/2017 10:03 PM
147	I googled and read.	12/4/2017 10:02 PM
148	This latest election was an override ballot and the pro/con arguments were limited	12/4/2017 9:33 PM
149	I had enough information and I did my own research on all of the issues.	12/4/2017 9:23 PM
150	No enough data is given in Tempe local elections to make an informed decision on ballot outcome impacts.	12/4/2017 9:22 PM
151	I would like to know specifics- what bond \$ is used for exactly, not vague generalities like "helping Our school system." I'd like references to do research about both sides- not just the side that is most vocal. Just a little guidance would be helpful, as I often don't feel very well informed.	12/4/2017 9:14 PM
152	We were out of town all summer and got back just before the election, but I had plenty of info in my collected mail!!	12/4/2017 9:13 PM
153	county failed to fulfill my voting rights	12/4/2017 8:50 PM

2017 Maricopa County Voter Experience Survey

154	I really appreciated the email about the deadline to mail my ballot, but I wished it was sent a day or two earlier.	12/4/2017 8:49 PM
155	Make polling locations more clear.	12/4/2017 8:44 PM
156	But not from the County	12/4/2017 8:42 PM
157	I am an engaged voter and do not recall much advance notice of elections. My ballot arrival is my indicator.	12/4/2017 8:28 PM
158	I actually read the voter information that comes to me in the mail. I am fully vested in the voting process and believe it's my responsibility, as a citizen, to vote.	12/4/2017 8:27 PM
159	I wish there was a way for third parties to receive more public attention. The two party system seems a bit unfair even too and for the voters.	12/4/2017 8:18 PM
160	I'm old school and believe in one thumb, one vote. It's too easy to manipulate the system ala Hillary Clinton in New Hampshire. Everyone's eligibility should be verified before being allowed to vote or have a say in our elections.	12/4/2017 8:10 PM
161	I did not receive the typical information prior to the election like I normally do.	12/4/2017 8:10 PM
162	I got a notice it was coming but until then I had no idea. I felt blinded a little on the election notifications.	12/4/2017 8:05 PM
163	I always research everything before casting my ballot. The information you send is great - I often refer to it when I vote. Thank you.	12/4/2017 7:51 PM
164	could be better. But This past election was simpler than last year.	12/4/2017 7:44 PM
165	Sometimes elections are not advertised in a voter-engaging manner	12/4/2017 7:41 PM
166	For local primaries, as well as non-partisan elections of individuals, I often have to search online for information about candidates.	12/4/2017 7:39 PM
167	The previous question was not answered correctly. It made me select all 3 options.	12/4/2017 7:39 PM
168	the booklet are very helpful.	12/4/2017 7:29 PM
169	I only knew because I work for the district. Possibly sending out a notice a month prior to ballots would be helpful	12/4/2017 7:20 PM
170	We need more information on the judges, what party they associate with, etc. This will help us make better choices in these categories. For all I know, I'm voting for a racist based on the information you "DON'T" provide about our judges.	12/4/2017 7:11 PM
171	Sometimes I think we get too much info -- repeated info.	12/4/2017 7:06 PM
172	I am pretty politically active. I'm not sure I would have known about it if I weren't.	12/4/2017 6:59 PM
173	There was some great information provided by MCESA but I feel like I wanted a detailed project list for the bonds and overrides up front and then more of the narrative.	12/4/2017 6:53 PM
174	I'm pretty plugged in but I know everyone in not. Maybe a schedule of upcoming events?	12/4/2017 6:40 PM
175	See above comment.	12/4/2017 6:37 PM
176	I have completed the specialized poll worker training and have worked several elections in the last several years.	12/4/2017 6:36 PM
177	more information about specific topics, or people we are voting on	12/4/2017 6:16 PM
178	Too bad money is wasted with special elections in the fall. Schools should not waste funds on special elections.	12/4/2017 6:16 PM
179	Yes, I especially like the pamphlet that you send with regard to the props. I like the for and against statements.	12/4/2017 6:11 PM
180	The financial impact to tax payers was not disclosed well in the recent school bond election. I never saw it stated how this vote would impact local property taxes.	12/4/2017 6:04 PM

2017 Maricopa County Voter Experience Survey

181	For bond issues, there seems to rarely be any more information than the 'pro' and 'con' write-ups that are sent in advance of the ballot. That's fine as those are the most meaningful anyway. I find the 'sound bite' ads and signs on corners to be little more than distractions when the ballot includes elected positions. It would be helpful to have more information like what is provided for the bond issues - (a) what are the candidates actual positions on key issues...with specifics...in a concise (perhaps tabular) easily comparable format, (b) who is supporting each candidate and (c) where is there money coming from.	12/4/2017 6:03 PM
182	Books could contain more into to read.	12/4/2017 5:50 PM
183	Sometimes they seem to come out of nowhere, and this one in particular only had one item on the ballot. I'm not always sure what to expect on MY ballot since what I hear is from a much larger area.	12/4/2017 5:50 PM
184	Wish you could stop the robocalls, but know that's not your responsibility.	12/4/2017 5:48 PM
185	I always wish I knew more about the candidates, but they all talk a good story, who to believe?	12/4/2017 5:45 PM
186	I do not recall getting any information in the mail regarding the election. I would like it if you would provide information about candidates in a voter pamphlet. There is never any information about judges and the like.	12/4/2017 5:40 PM
187	I do have other problems with past elections though not necessarily in regard to being informed about the date and purpose but more so about the fact that I have almost been unable to vote because of mistakes in the system and also not being informed that I was no longer able to vote on another because I had a change of address.	12/4/2017 5:37 PM
188	I received the early voter information pamphlet, which is always helpful. For those who vote at the polls or those who want to newly register, there should be more Public Service Announcements provided by the broadcast TV stations and the local radio stations. For those voters for whom you have an e-mail address, you could save printing and postage costs by e-mailing the voter information pamphlets	12/4/2017 5:35 PM
189	I YouTube video type thing where each candidate gets to make their case on SPECIFIC policy subjects we will be voting on would be most helpful to me. Reading what I'm being asked to vote on if a little intimidating since I don't know all sides of the debate (if there is an opposing side that is).	12/4/2017 5:30 PM
190	I feel that I had sufficient information about the election, but I wish there was a clear resource for finding the election outcomes.	12/4/2017 5:18 PM
191	In CA, I received nonpartisan information on each candidate/referendum. It told me about the candidate/referendum, gave me opposing points of view on each side from reputable sources, and included endorsements--pro and con.	12/4/2017 5:16 PM
192	I use newspaper and TV to learn about issues related to the eletions.	12/4/2017 5:13 PM
193	I understood the ballot measures and how to vote, but some friends and family members had a hard time.	12/4/2017 5:12 PM
194	Impeach Trump	12/4/2017 5:08 PM
195	Not enough info on the judges	12/4/2017 5:06 PM
196	I am a PC. Many people I talked to on my canvas route did not know there was an election NOR that the ballot was a ballot. A couple tossed it, thinking it was junk mail. You need to distinguish it somehow from all the junk mail we receive.	12/4/2017 5:05 PM
197	I knew a lot about the date and the propaganda, but few real facts and definitions. I'd like for some of the terms to be defined on the ballot, especially with regard to the different property taxes	12/4/2017 5:04 PM
198	But that's ok.	12/4/2017 4:59 PM
199	I'm a member of many different PACs	12/4/2017 4:59 PM
200	But I'm also a teacher and the only thing on the ballot was an override.	12/4/2017 4:47 PM
201	Even then I didn't know it was a ballot per se	12/4/2017 4:46 PM
202	I feel like I had enough notice on the date, but was missing added information that would help me decide to vote yes or no.	12/4/2017 4:41 PM
203	Shouldn't suppress the vote. Should encourage people to come out and be a part of civic society.	12/4/2017 4:40 PM

2017 Maricopa County Voter Experience Survey

204	There was nothing in the Arizona Republic about these election results; and nothing on the local news....I had to dig for it online to find out the terrible news that the teacher referendum was approved and now by property taxes by \$300.00 will go up to pay them....too bad!!	12/4/2017 4:38 PM
205	I don't pay as much attention as I should to matters being voted on/or whom.	12/4/2017 4:32 PM
206	I got information on candidates from local media and by attending meetings. I would expect not everyone would make that effort. If more info could be provided, that would be great.	12/4/2017 4:31 PM
207	There is plenty of info out there. The voter is responsible for getting the info. We need to stop printing in Spanish or any other language. All should be in English. Perhaps one of the tests of whether or not we are buying into America is our willingness to learn and read English.	12/4/2017 4:25 PM
208	I had enough information about the election but I'm a bit of a political junkie. I had several friends we didn't know it was election day. I always make sure to post about it on Facebook and what not but I think there could be a little bit more done to advise people. Maybe a single page flyer that went out a week before the election or something along those lines.	12/4/2017 4:23 PM
209	again i do my own research.	12/4/2017 4:22 PM
210	It snuck up on me but I feel the ballot and information along with it was sufficient once it arrived	12/4/2017 4:19 PM
211	I somehow missed the material that came with the proposition I was voting on. This would have been helpful, as the language on ballots is always difficult to understand. I have a PhD in Communication Studies and half the time I have to read the wording several times before I understand what I am voting for on any given ballot.	12/4/2017 4:19 PM
212	NAY-SAYERS ON MAIL IN NEED SOME EDUCATION WHAT COULD BE MORE EASY THAN PUTTING YOUR BALLOT IN THE MAIL BOX NO WAITE LINES	12/4/2017 4:16 PM
213	KJZZ reports about lcoal elections.	12/4/2017 4:12 PM
214	Never got any info regarding election	12/4/2017 4:11 PM
215	Was not sure of the PVUSD voting date.	12/4/2017 4:07 PM
216	Anyone that didn't have enough information about the election is simply lazy and did get informed.	12/4/2017 4:07 PM
217	Earlier material re election received and it laid out pros and cons re issues very clearly. Also indicated who prepared those statements so one could judge biases.	12/4/2017 4:05 PM
218	I researched the ballot question after I received my ballot	12/4/2017 4:04 PM
219	I feel some of the info is not really decided by the voters...too political...and some things are not even made public...	12/4/2017 4:03 PM
220	I remember one election that I worked, where only the Democratic voters received information by mail. It was about a pay increase for county employees.	12/4/2017 3:57 PM
221	Candidate should be required to provide a resume and a good reason they are running	12/4/2017 3:56 PM
222	Having one pamphlet rather than two would be preferable, but this still worked fine.	12/4/2017 3:55 PM
223	Put ads out in the newspaper, ask news stations to talk about the issues up for vote. Run commercials...etc. make sure the public knows what is happening.	12/4/2017 3:53 PM
224	I watch the news daily but didn't know about the election until the ballot came in the mail	12/4/2017 3:52 PM
225	But I don't feel it's your responsibility to provide it.	12/4/2017 3:51 PM
226	I was involved in the campaign effort, and was therefore well-informed. Many of my neighbors were not.	12/4/2017 3:49 PM
227	I should pay more attention to local news, oh wait I do, I did not pay attension, my fault	12/4/2017 3:48 PM
228	I received pre ballot booklets informing me about the upcoming election so there was plenty of information for me to understand.	12/4/2017 3:46 PM
229	Pamphlets sent out before the election are appreciated.	12/4/2017 3:42 PM
230	It'd be nice to have more information about state positions not that well known.	12/4/2017 3:42 PM
231	The materials are written in such a way that doesn't make it make sense. Please write the for/against vote descriptions less partisanly and more clearly.	12/4/2017 3:41 PM
232	I'm not normal, I'm nerdy. You didn't give me information, I went looking for it.	12/4/2017 3:38 PM

2017 Maricopa County Voter Experience Survey

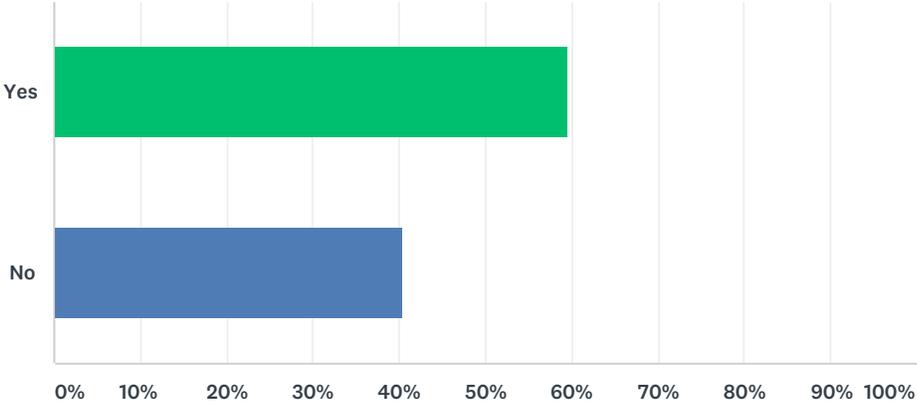

233	There really wasn't much to know about, honestly. Just a yes/no vote on some bonds.	12/4/2017 3:37 PM
234	Smaller special elections need more publicity.	12/4/2017 3:36 PM
235	I went on the web to research	12/4/2017 3:36 PM
236	Start using email for basic communications!!! It is a terrific way to get the word out on a) the fact that there is an election b) when the election is, c) the details (topics) of the election, d) where to find more information to make an EDUCATED DECISION in the election, and so much more.	12/4/2017 3:36 PM
237	Make voter ID mandatory	12/4/2017 3:35 PM
238	Continue to keep up the good work!!	12/4/2017 3:34 PM
239	generally informed about dates but not always clear on the purpose	12/4/2017 3:33 PM
240	Could there be an e-mail sent to registered voters, with the same information as the mailed out brochure? Similar to how this survey was distributed?	12/4/2017 3:31 PM
241	Since newspapers have become passe, and board elections, local school and civic budgets are not often covered in the standard online sources, it would be helpful to have general links to more information posted on the ballot when it goes out to see where readers could find outside opinions of the matters to be decided.	12/4/2017 3:30 PM
242	Where the system didn't work was the primaries. I was one of the many people unable to vote in the primaries because of the bad mistakes in polling sites and information	12/4/2017 3:29 PM
243	Again, not a complex election. This question superfluous.	12/4/2017 3:20 PM
244	I get all I need in the mail, fill out my ballot and send it in. Easy peasy!	12/4/2017 3:20 PM
245	It seems that the election material that was distributed could have been better formulated to indicate what the effects of various voting issues would be. As it stood, it seemed that the election material received was rather dense, which could make voters unsure or more confused about the issues they're voting for.	12/4/2017 3:19 PM
246	Maybe a POSTCARD, stating that the ballot mailed or to vote can be dropped off if not sent by a certain date. You all do such a great job!!	12/4/2017 3:18 PM
247	This was not always the case, but several times I did not know there was election until I received my ballot. Announcements about the election and ballot issues posted around the ASU campus would be nice	12/4/2017 3:18 PM
248	Would like to receive more information regarding the topics I'm voting on.	12/4/2017 3:17 PM
249	School districts did not give information on ballot of what money was to be spent for. No info, a no vote	12/4/2017 3:16 PM
250	I had moved a week earlier, so I believe it wouldn't have been expected to know about that particular election.	12/4/2017 3:16 PM
251	We were not very plugged in to local media when the ballots were out, so was surprised there was only one measure/voting issue.	12/4/2017 3:16 PM
252	I don't always pay attention to local elections but I do seek out information for major elections that get a lot of news coverage	12/4/2017 3:15 PM
253	There were several online sources that I used to supplement the information that you sent.	12/4/2017 3:15 PM
254	I thought the date of the election should have been more prominently placed on the ballot as well as the mail by date	12/4/2017 3:14 PM
255	I need information presented clearly and concisely.	12/4/2017 3:13 PM
256	Why were we voting for a person to run our Sanitary District...silly...hire someone	12/4/2017 3:11 PM
257	I appreciate email reminders	12/4/2017 3:10 PM
258	Stop wasting money on all those books you send out	12/4/2017 3:10 PM
259	I believe it is my responsibility as a voter to make myself aware.	12/4/2017 3:09 PM
260	I feel the local media should be more help full in educating the public about elections.	12/4/2017 3:09 PM
261	which election?	12/4/2017 3:08 PM

2017 Maricopa County Voter Experience Survey

262	an email link with digital information would have been helpful - maybe it was available and I didn't see it	12/4/2017 3:08 PM
263	It seems that all elections have hidden agendas, like the school funding?	12/4/2017 3:08 PM
264	Dear Adrian Fontes, Maricopa County Recorder, How many voters have you told to "go fuck themselves"?	12/4/2017 3:08 PM
265	I did not know there was an election until I received my ballot. Also, it would have been nice to know alternative ways to vote if I had not mailed my ballot in on time.	12/4/2017 3:07 PM
266	It would be nice to get emails every few months to remind me about upcoming elections. This could be done on a voluntary basis.	12/4/2017 3:06 PM
267	None.	12/4/2017 3:05 PM
268	I did not receive a current ballot in the mail yet	12/4/2017 3:05 PM
269	We have too many elections. There should only be a Sept primary and November general each year. It seems every few months new political signs go up. YUK!	12/4/2017 3:05 PM
270	I had more information than I needed, seemed redundant.	12/4/2017 3:04 PM
271	but i never got my ballot.	12/4/2017 3:04 PM
272	I appreciated the email and Facebook messaging, it kept me on track to make sure I got my ballot submitted	12/4/2017 3:04 PM
