Voter Outreach Efforts

Voter Outreach Efforts

- MCED continues to attend all of the INS ceremonies to welcome new Americans into our electoral process:

Almost 3,000 were registered at the ceremonies in the last few months!

Voter Outreach Efforts

- At the naturalization ceremonies our staff has the ability to verify the A-number and sign off that it has been checked by an election official.
- This step allows us to enter them immediately into the voter registration system.
- Some groups outside the ceremony were having registrants put down the wrong number which delayed, and in some cases rejected, that voter's form (if the voter did not contact us with the correct number in response to the letter we mail them).

Voter Outreach Efforts

- MCED has offered voter registration workshops:

2007-2008

Voter Outreach Efforts

Our Community Network webpage was launched for the public to benefit from our meetings:

**MARICOPA COUNTY RECORDER
VOTER OUTREACH**
ALWAYS READY TO SERVE OUR COMMUNITY

Community Network

Transparency and community involvement are essential to the democratic process and the conduction of successful elections—and Maricopa County is committed to both.

Formed in 2005, the Maricopa County Elections Department's Community Network meets monthly to discuss election-related issues and concerns. Comprised of Tribal Leadership, Hispanic Community Leaders, Advocates for Voters with Disabilities, the League of Women Voters, the ACLU, and the Political Parties among others, this group offers organizations active in the community conducting voter outreach the opportunity to raise concerns, review process, and gain first hand knowledge in a productive environment.

At the beginning of each year the monthly topics are posted. The group meets for one hour to discuss the topic. For members unable to attend, the presentations and summaries are emailed. Periodically informative emails are also sent reminding members of voter registration deadlines, early voting dates, lists of precincts where language assistance will be available, re-districting proposals, and other critical election information.

If you are a member of an organization that would like to participate please contact Tammy Patrick, Federal Compliance Officer at tpatrick@risc.maricopa.gov.

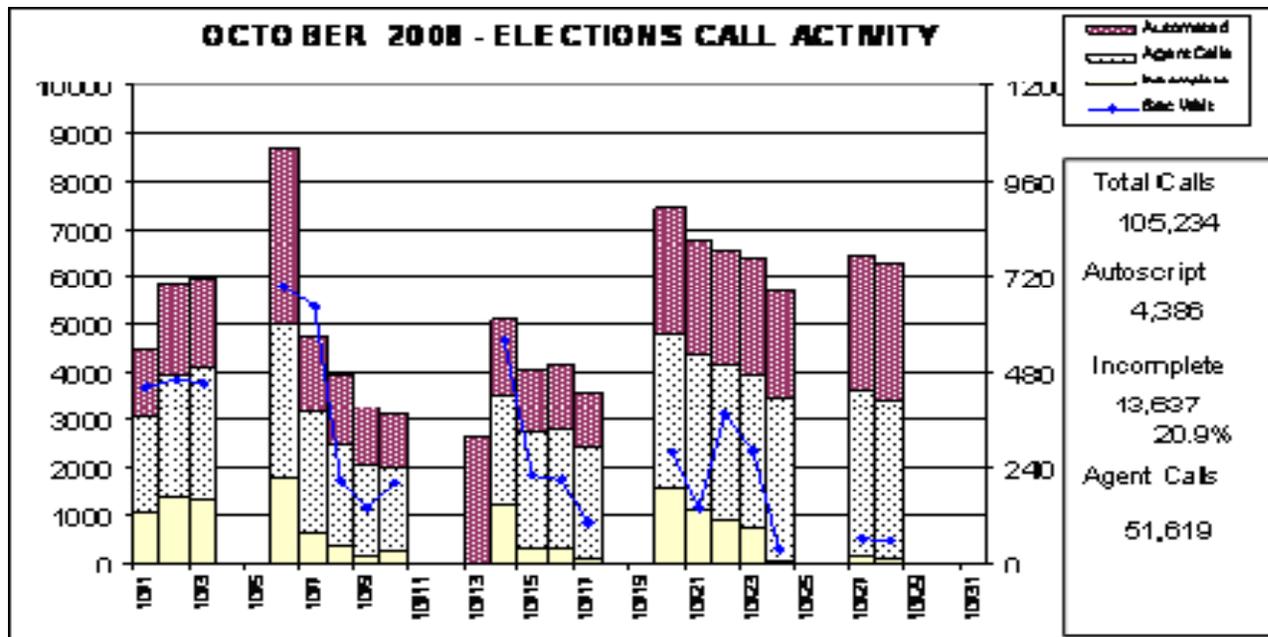

Presentations with general-public appeal are presented below:

Please be aware that for historical presentations some of the criteria and processes may have changed—always consult the main voter information page for current registration and voting requirements

Voter Registration

- Regarding “Purges”:
- The National Voter Registration Act (NVRA) requires routine list maintenance to keep voter files current and accurate.
 - When mail is returned as undeliverable to a voter a confirmation mailing is sent.
 - If that too comes back then the voter’s address is considered inactive—not the voter, they are still registered.
 - If the voter votes or updates their address before 2 general elections pass they are restored to an active status.

Voter Registration

- MCED conducts our list maintenance in the spring of the odd numbered years to remove all inactive voters who have not voted in the past 2 general elections.
- The frequency of voting does not make a voter inactive, the return of mail to an address does.

Return mail from our initial notice of the implementation of the Permanent Early Voting List in 2007

Voter Registration

- Ongoing maintenance of the file includes:
 - Removal of voters who request to be removed
 - Removal of voters who have died
 - Removal of voters who move out of county and we receive notice from new jurisdiction
 - Removal of convicted felons & adjudications of incompetency
 - Removal of those who have self proclaimed as a non-citizen or felon on their jury summons:

I am qualified and will report on date scheduled

I am **not qualified** because I am [select no more than one reason]

not a U.S. citizen

not a resident of Maricopa County

under 18 years of age

a convicted felon and my civil rights have not been restored

If not qualified, a notice of confirmation will be mailed to you.

Voter Registration

- Where did the forms come from?
 - Political Parties
 - Campaigns
 - Community organizations
 - Student organizations
 - Religious organizations

Voter Registration

Problems:

- There were organizations who turned in voter registration forms that were as much as **10 months old!!**
- Hundreds of voters were potentially disenfranchised in the spring elections (Presidential Preference & jurisdictional elections) as well as in the Primary.
- All because the organizations did not turn in the forms they collected...

Voter Registration

- This particular organization bills itself as a champion for voting rights.
- They failed these voters miserably by not turning in the voter's completed forms in a timely manner.

Voter is in the correct polling place.
If this is the ONLY ID the voter has:

- Do they get a standard or provisional ballot? **Provisional**
- Do we circle Yes or No on the provisional form? **Yes**
- Do they have to come back? **NO**

Your Call

Voter came in to dropped off an early ballot. Ballot was blank and the voter dropped it in the early voting box. Voter decided that they wanted to vote in person. Wanted to know what to do. MMG

EXPLANATION OF ISSUE/COMMENTS:

Voter came in with a spoiled Early ballot. Gave voter regular ballot and voter put ballot in insight. MMG

- Voter should have been given a *provisional ballot*.
- Early voters can receive more than one ballot—if they call and say that they did not get their ballot, or spoiled it, we will mail them another. (The voter can only return one to us via the early voting process.)
- If they are allowed to vote a standard ballot at the polls they could potentially vote twice.

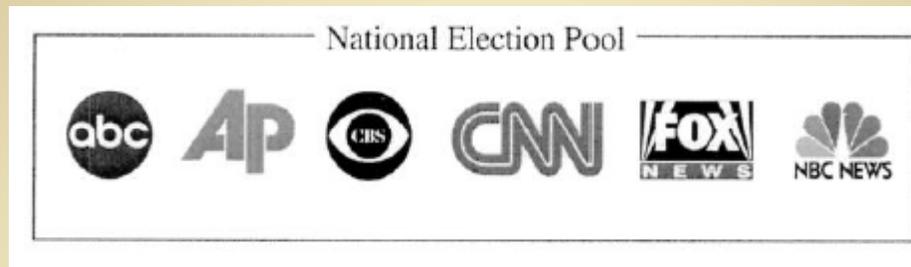

Your Call

Could not find voter on roster or add ons or anywhere wanted to know if voter gets to vote LCA

- Be sure that you have checked the correct spelling and checked for imbedded spaces (Mc_Donald vs. McDonald vs. Mac_Donald vs. MacDonald)
- Have the voter find their residential address on the precinct map at the provisional ballot table
- If they are in the correct location, have them vote a provisional ballot which will update their registration.
- If not, send them to the correct polling place.

Media/Pollsters

- The Media & Pollsters **ARE NOT OBSERVERS AND CANNOT BREACH THE 75 FOOT LIMIT.**
- There will be pollsters at the following precincts:

Briarwood - Bellevue Heights Church
Buffalo Ridge - Echo Mountain Church
Camelback High - Mountain View Christian Church
Canterbury - Fountain Of Life Assembly Of God
Copper Hills - La Camarilla Country Club
Fox Crossing - Village At Ocotillo

Mesa 027 - Los Racimos Conodominiums
Pinnacle Peak - Livingwater Lutheran Church
Riverside - Riverside Elem District #2
Sky View - Casa Del Rio Apartments
Superstition - Sunland Village East
Williams Field - Queen Creek Middle School

Federal Observers

- It is possible that there will be observers from the Voting Section of the Civil Rights Division of the Department of Justice.
 - They will be observing our compliance with the Voting Rights Act and the quality of language assistance available to voters.

The Department of Justice also has the authority to station federal election observers and monitors in polling places considered to present a potential for discrimination or other voting rights violations. The jurisdiction of DOJ election observers is not limited to federal-level elections. They may be dispatched to monitor elections for any position, anywhere in the nation, from President of the United States to city dogcatcher. Any observed potential violations of the Voting Rights Act, or any other action determined by the observers to be an attempt to influence certain voters or to prevent them from voting will be reported to the DOJ's Civil Rights Division for further corrective action.

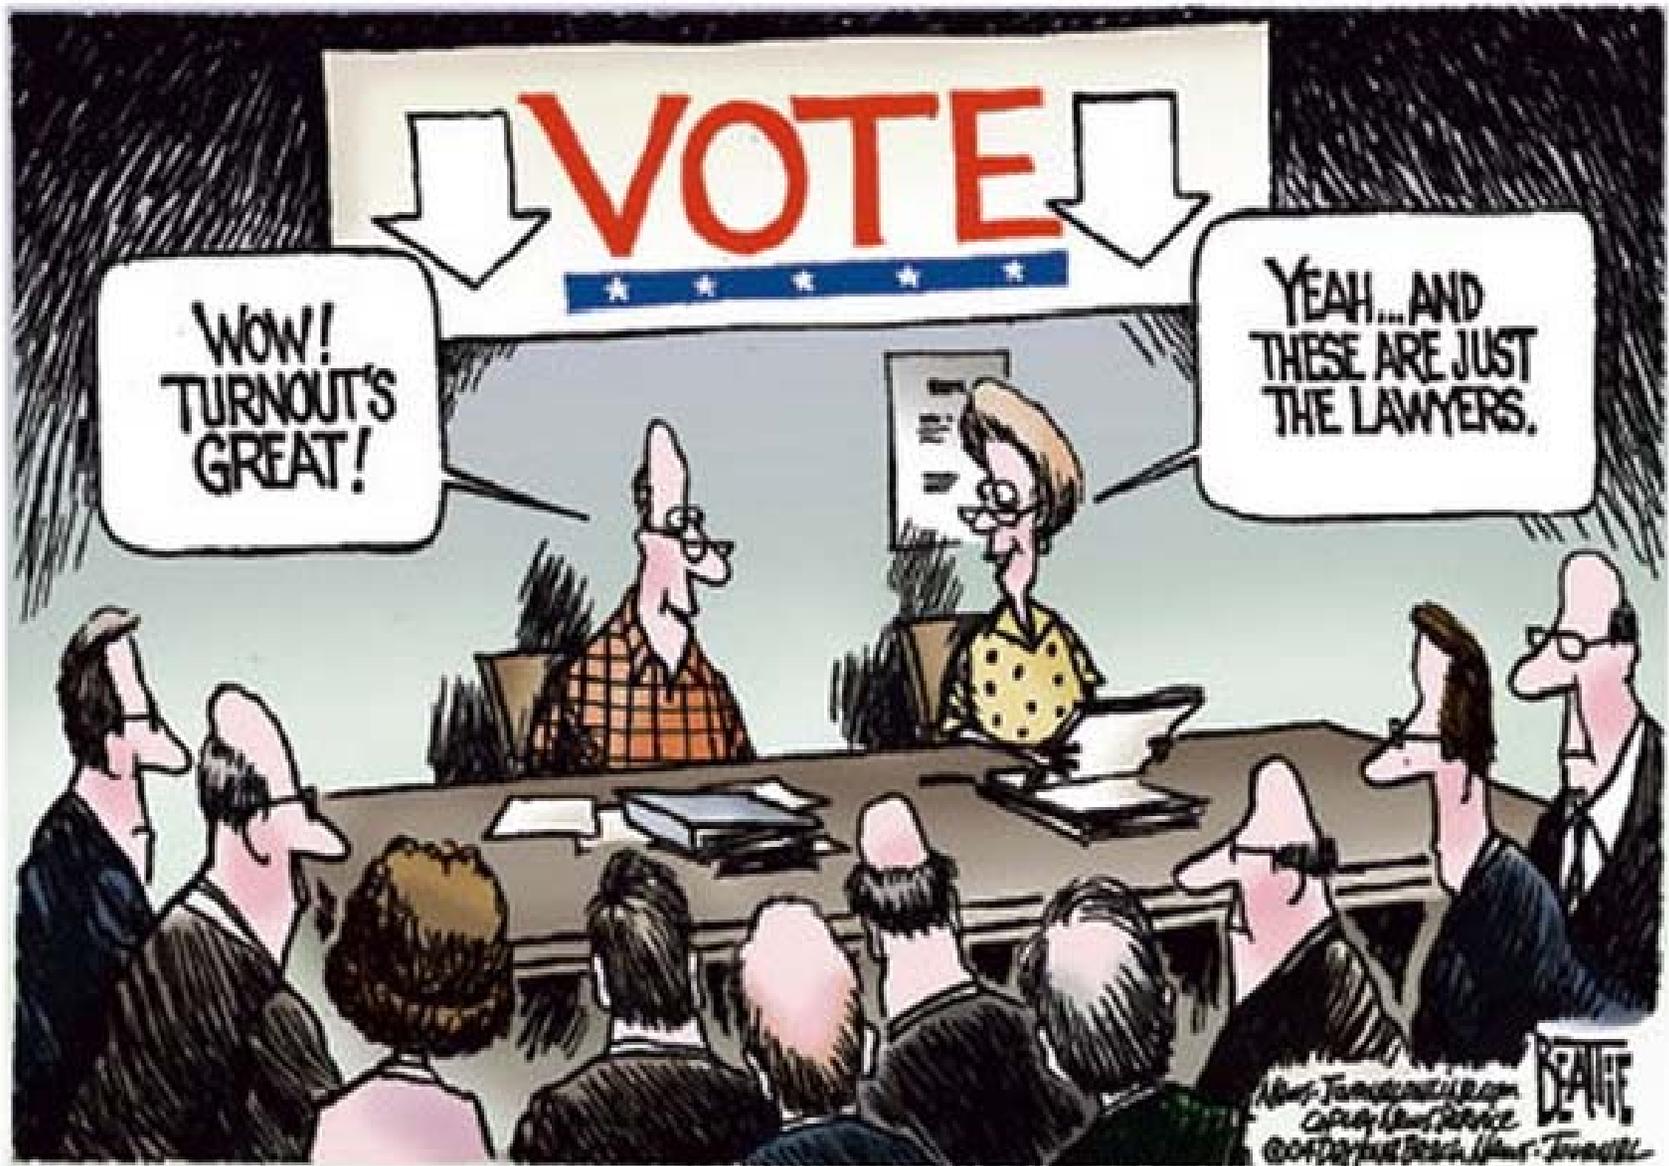

Federal Observers

- There may also be observers from the Government Accountability Office in DC.
 - They will be observing our compliance with the Help America Vote Act and the quality of accessibility & assistance at the polls for voters who may need it.

The U.S. Government Accountability Office (GAO) is the investigative arm of Congress. Its mission is to support Congress in meeting its Constitutional responsibilities (e.g. oversight, policy, and funding decisions) and to help improve the performance and accountability of the Federal Government for the American people.

Election Day Preparedness

Progress Diagram

Planning

We have been planning for this election since the last Presidential Election.

We reviewed:

Where were there lines in 2004?

Where is there growth?

How can we streamline processes?

Where is there an increase in early voting?

What contingency plans are in place?

Preparation

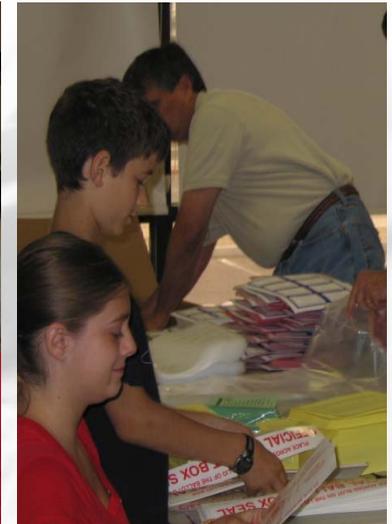

Precincts were reconfigured in 2007 to adjust for growth & keep registration manageable on Election Day. Equipment supply levels reviewed and adjusted. Language assistance needs addressed. Training & recruitment expanded.

Implementation

Additional staff /boardworkers/ trouble shooters hired, extra supplies packed, new procedures in place, website enhanced for ease of access to information by the voter. We are poised and ready.

Election Day Preparedness

- Numerous community groups helped us to prepare the generic supply packets for the polls.
- Boy Scouts, Girl Scouts, Jack & Jill to name a few:

Election Day Preparedness

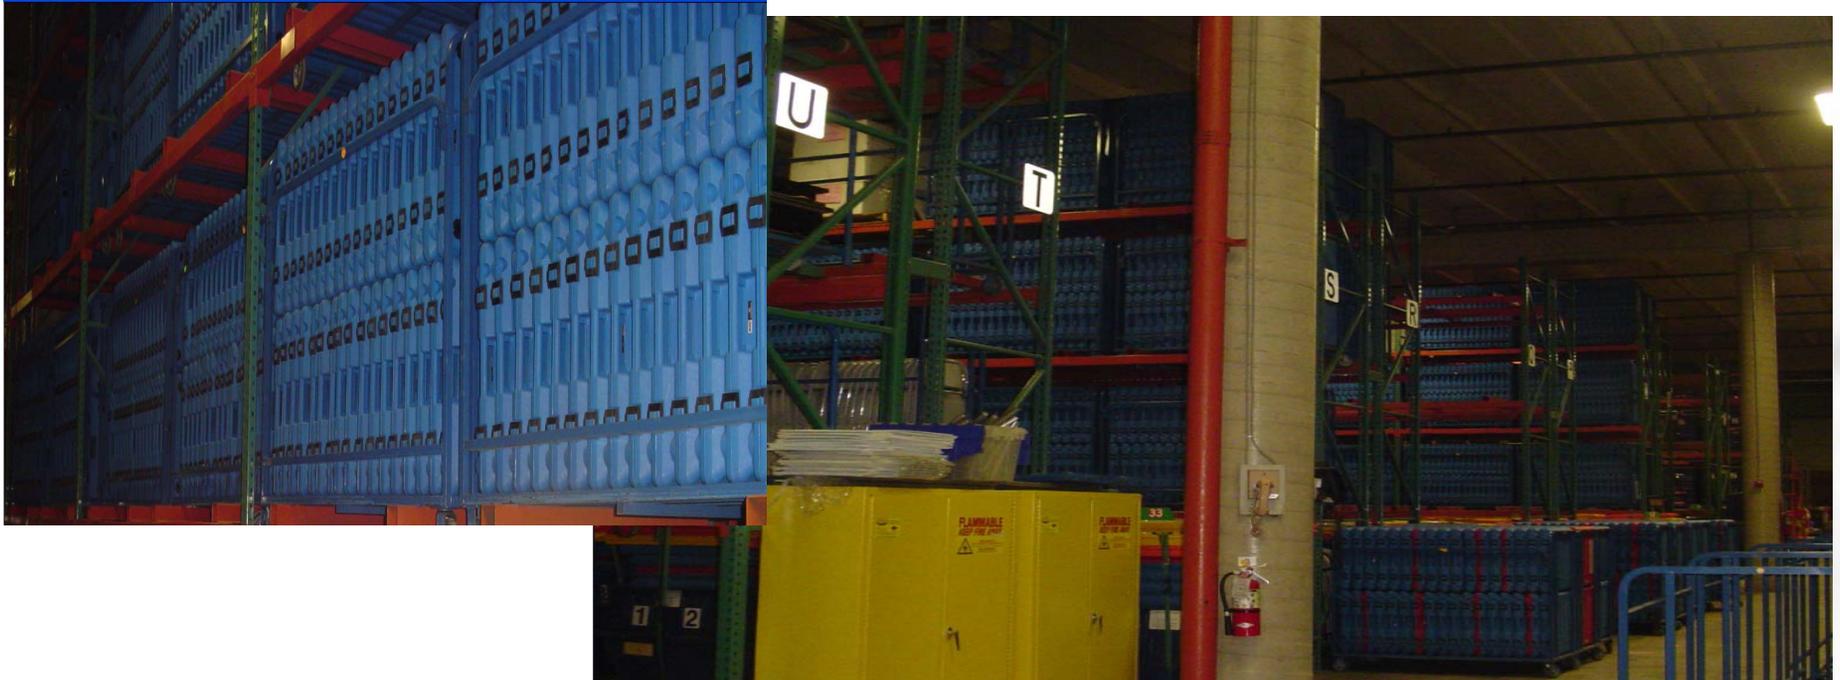

- Participants received a certificate for their assistance in helping to prepare for the election.

Election Day Preparedness

- What has been done to prepare for the turnout expected on Election Day?
 - 16,620 additional booths were purchased (at a cost of \$100,000)

Election Day Preparedness

Booth Allocation

STANDARD ALLOCATION IS 3+1 = 7 booths+1 h/c booth	
ACTIVE VOTER REGISTRATION TOTALS	ADDITIONAL BOOTHS
0 - 1000	0
1001 - 1500	1

2251 - 2500	4
2501 - 2750	5
2751 - 3000	6
3001 -	7

The # here represents a set of booths. (They come fastened together for ease in transport.) So multiply each number here by 2 to get total booths.

Election Day Preparedness

We have added additional converters for the touch screen's tactile key pad so that the mechanism is compatible with more sip and puff devices.

SIP AND PUFF ATTACHMENT FOR THE EDGE TOUCH SCREEN

ATTACHMENT FOR VOTER'S DEVICE.

The Sip and Puff attachment for the Edge Touch Screen is in the small black bag with the Audio Equipment.

As you can see in the picture above, one end of the device attaches to the Audio Equipment and the other end attaches to the voter's device.

Any voter who needs the Sip and Puff attachment will have their own device that attaches to ours.

Also, enclosed in the bag with the Sip and Puff device are two adapters (they look like Tootsie Rolls 😊) that can be used if the tip of our device is not compatible with the voter's.

Please make sure all of the Board Workers are aware of this device. You can leave the device in the Audio Bag until you need it.

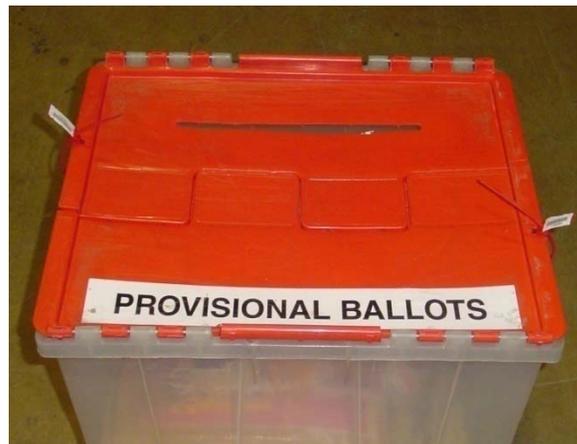

Election Day Preparedness

- An extra 400 ADA parking designation signs were ordered.
- 200 door adapters also ready to send out to facilities with doors not compliant with ADA specifications.

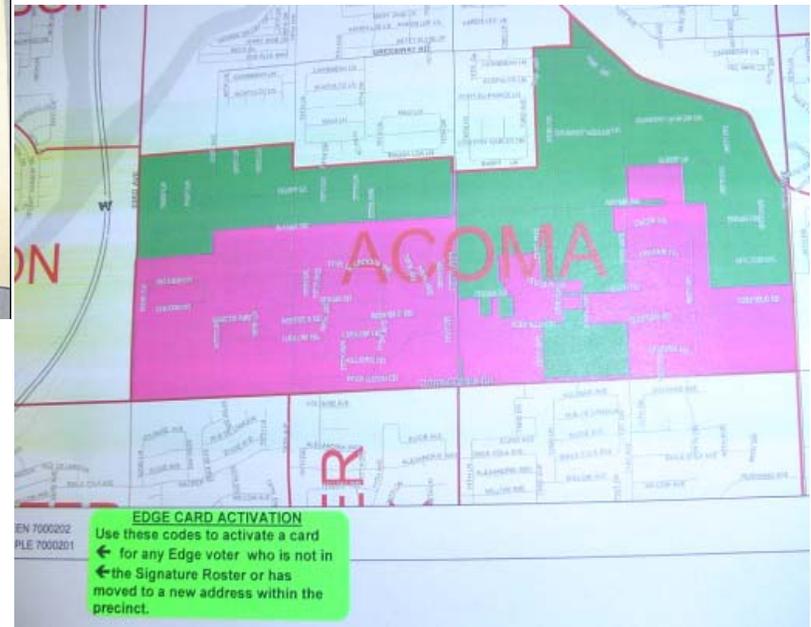

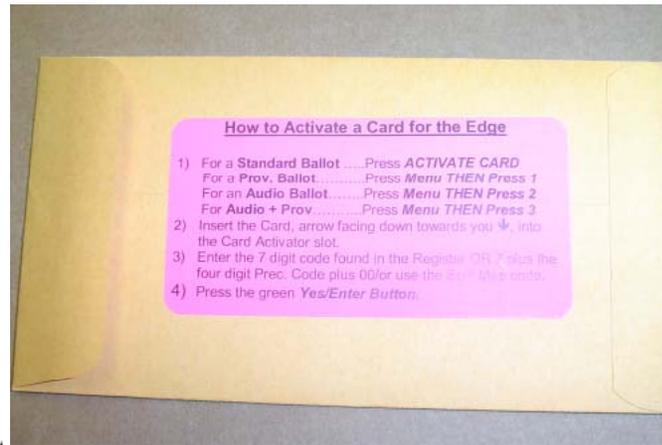

Election Day Preparedness

- Precincts over 2,000 voters will have:
 - 2 Black bags for Ballots
 - 2 Provisional Ballot Boxes
 - 2 Early Ballot Boxes
 - Split board running lines A-L & M-Z

Election Day Preparedness

For Each Precinct

4 Dozen Ballot Marking Pens

400 Provisional Ballot Forms and Envelopes

1 Roll of Insight Paper Tape

1 Additional Precinct Register—use to verify voters in line

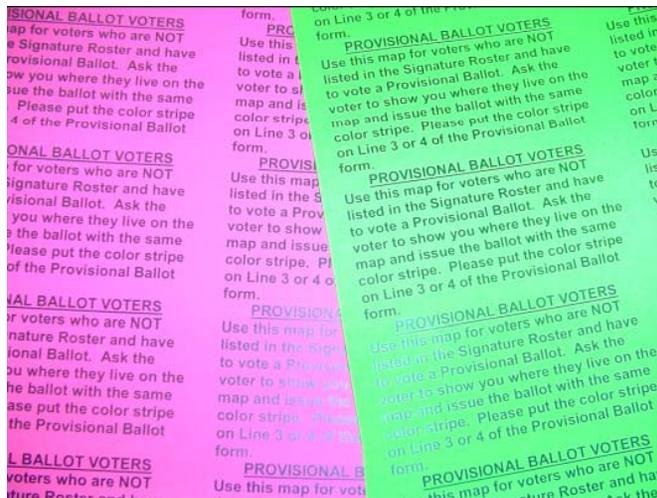

1 Additional Precinct Map—use to verify voters in line

All Activator Card Envelopes will have card activation instruction labels

All Split Maps will have card activation code instructions

Election Day Preparedness

- Every precinct will have **400** provisional ballot forms and envelopes (we hope they don't need them...)

Election Day Preparedness

- This General Election could see almost double the number of provisionals we had in the Presidential Preference:

Election Day Preparedness

- Voters receive a provisional affidavit receipt so that they can check the status of their ballot after the election:

Election Day Preparedness

- Trouble Shooters will be provided with detailed instruction on how to address precincts with lines.
- We are expecting high turnout and you can't have that without encountering other voters at the polls.
- There will be lines.

THINGS TO DO WHEN THE LINES GET LONG ON ELECTION DAY

1. Have the Marshal take the **Yellow** Precinct Register and the Precinct Map and go down the line and do several things:
 - a. Is the voter's name in the Precinct Register? If not, have the voter look at the map—they may be in the wrong polling place.
 - b. If the voter's name is in the Precinct Register, do they have ID from List 1 or 2? If yes, does the address match the address in the Precinct Register? If no, the voter can find other ID with a matching address, or go to the Provisional Ballot Table.
2. As the Marshal goes down the line, they should find out if any of the voters have their Early Ballot.
 - a. If yes, make sure the packet is signed and have the voter deposit their Early Ballot in the **blue ballot box**.
 - b. If the voter has their Early Ballot but does not have the ballot envelope, give them a blue early ballot envelope to fill out and sign.
3. Have the assigned BW write *only* the voter's Register Number in the Poll List until they have time to go back and fill in the complete name.
4. Split the Signature Roster A-L, M-Z and run two lines. **If there are only 6 BWs, this will require hiring an extra person out of the line.** The BWs will need an additional Poll List (found in your Red Supply Bag). The BW at each table will write *only* the voter's Register # in the Poll List and then issue the ballot based on the Precinct Register (party, color stripe, etc).

BW 5 is assigned to the Provisional Ballot Table.

BW 6 oversees the Insight and the Edge along with the Provisional Ballot Box and the Early Ballot Box.

BW 7 is the Marshal (already assigned to work the line).

Election Day Preparedness

- Additional instruction is given to address extenuating circumstances (such as what we see in a Presidential Election) and how to handle them.

URGENT SITUATIONS AT POLLING PLACES

Ballots, ran out of them – Until the TS can get there with more ballots, have the voters vote on the Edge Touch Screen.

Ballot Box, Red Provisional, is full – if the Provisional Ballot Box is full, have voters put their Provisional Ballots in the black canvas bag. When the TS delivers a new box take the Provisional Ballots out of the black bag & put them in the new box. Remove one of the precinct tags from the Insight Ballot Box & put it on the new box.

Ballot Box, Blue Early Ballot, is full – see Ballot Box, Red Provisional box.

Booths-not enough of them – voters do not need to use a booth unless they want more privacy. If there's a place to sit or stand and mark a ballot, use it. Do not let voters take their ballots out of sight.

Edge Touch Screen – not working. If the Edge is not working, a complete new Edge must be sent to the polling place. If someone comes in to vote and needs the Edge, please find Linda. She will find the nearest polling place with the same ballot style so the voter can go and vote a Provisional Ballot.

Edge Activator Cards, can't find them – the TS has extra Activator Cards.

Keys for the Insight, Inspector lost them or left them at home – each TS has an extra set of keys. TS must get there **A SAP**. Board Workers cannot set up or start voting without Insight Keys.

Pens, Ballot Marking, need more – if you do not have any pens, have the voters vote on the Edge Touch Screen. The TS has some or can get more from an office supply store.

Provisional Ballot Forms, ran out of them – write voters name, address, birth date, telephone number, former name and address (if applicable) directly onto a Provisional Ballot Envelope.

Provisional Ballot Envelopes, ran out of them – attach the Provisional Ballot form to a secrecy folder; after the voter has voted have them put the ballot in the folder-- put a small piece of masking tape on all 3 sides so the ballot does not fall out. Or, use the blue Early Voting envelopes. If you do not have any secrecy folders or blue EV envelopes, fold the ballot in half with the printing on the inside and attach the form to the ballot. If the ballot has printing on both sides, **MAKE SURE THE PEEL AND STICK PORTION OF THE FORM IS NOT ATTACHED TO THE ARROW PORTION OF THE BALLOT.**

Poll List, too busy to write names in it – write the voters Register Numbers in the poll list until you have time to go back and fill in the names.

Power at polling place is out – if possible, continue voting. Have voters insert their ballot into the slot in Door 3 of the Insight ballot box. When power is restored, ballots will remain in Door #3 until the Board Workers close the polls.

Signature Roster/Pink Precinct Register – Inspector took the Roster and Register home to finish marking Early Voters and unforeseen circumstances have prevented them for working – until we can retrieve the Signature Roster/Pink Precinct Register or print new ones, the Board Workers should have the voters sign next to their name in the Green Precinct Register.

Election Day Preparedness

- Trouble Shooters were encouraged to pick up their supplies early.

2008 GENERAL ELECTION HIGHLIGHTS

- ✓ All voters in a precinct receive the same ballot unless the precinct is split by a school district, fire district, city or town. Those ballots will have a purple, green, etc. color stripe on the top. The Green Precinct Register will indicate which ballot each voter receives, i.e. PUR, GRN, GLD, or GRY.
- ✓ There are **English ballots** and there are separate **Spanish ballots**. Make sure **BOTH** types of ballots are on the table ready to be issued to voters.
- ✓ Board workers will be required to fill out a Wait Time Survey requesting information about lines at the polls for the Arizona Secretary of State.
- ✓ Each precinct has been given 400 Provisional Ballot Envelopes and Forms. The envelopes are packaged separately in a cardboard box. The forms are packaged with the regular supplies.
- ✓ Each precinct has a spare roll of paper tape for the Insight Optical Scanner. Your TS supply bag has 5 spare rolls of Insight paper. Most precincts will need at least one new roll of paper tape.
- ✓ Each precinct with 2,000 or more active registered voters has been given **2 red ballots boxes** for Provisional Ballots, **2 blue ballot boxes** for Early Ballots, and **2 black canvas bags** for Voted Ballots.
- ✓ Each precinct with 2,000 or more active registered voters has split Signature Rosters and Precinct Registers, A thru L and M thru Z.
- ✓ Every precinct will have one additional Precinct Register that has a **yellow cover**. It is to be used by the Marshal along with one of the Precinct Maps to verify that voters in line are in the correct polling place.
- ✓ **VOTERS, BWS, TS OR AUTHORIZED OBSERVERS INSIDE THE 75 FOOT LIMIT OF A POLLING PLACE ARE *NOT* PERMITTED TO WEAR ANYTHING THAT PROMOTES A CANDIDATE, POLITICAL PARTY OR PHILOSOPHY. Election Day Preparedness

- The reminder sent out by MCED regarding Arizona Statute on what is acceptable attire at the polling place was not an isolated incident as Electionline reported:

- Election officials are staring in their own version of “[What Not to Wear](#)” this season as they reiterate the rules of what types of political clothing and paraphernalia are permitted inside the polling place. It seems that much of the media coverage of this issue has been generated by an [email](#) circulating nationwide. In [Kansas](#), voters have been reminded that they can’t wear political clothing within 250 feet of a polling place. Things are bit less restrictive in [Virginia](#) — at least distance wise where the rule is 40 feet. [Nebraska](#) Secretary of State John Gale (R) released a statement explaining what’s appropriate and what’s not. In [Pennsylvania](#), where the dress code seems to have generated the most press coverage (and a [lawsuit](#)), [York County](#) and [Berks County](#) commissioners recently voted to allow voters to wear campaign attire into the polling place; although [Cumberland County](#) will prohibit campaign attire. In [Florida](#), election officials will be able to focus their attention on the matters at hand instead of what people are wearing and in [D.C.](#), the Board of Elections and Ethics took time out of preparing for a Council hearing to remind voters that they can’t wear political clothing inside the polling place..the Stacey Londons and Clinton Kellys of the election world will be watching.

Election Day Preparedness

- To reiterate:

16-515. "Seventy-five foot limit" notices; posting; violation; classification

A. Except as prescribed in this section and section 16-580, a person shall not be allowed to remain inside the seventy-five foot limit while the polls are open, except for the purpose of voting, and except the election officials, one representative at any one time of each political party represented on the ballot who has been appointed by the county chairman of that political party and the challengers allowed by law, and **no political or electioneering materials may be displayed within the seventy-five foot limit.** Voters having cast their ballots shall promptly move outside the seventy-five foot limit.

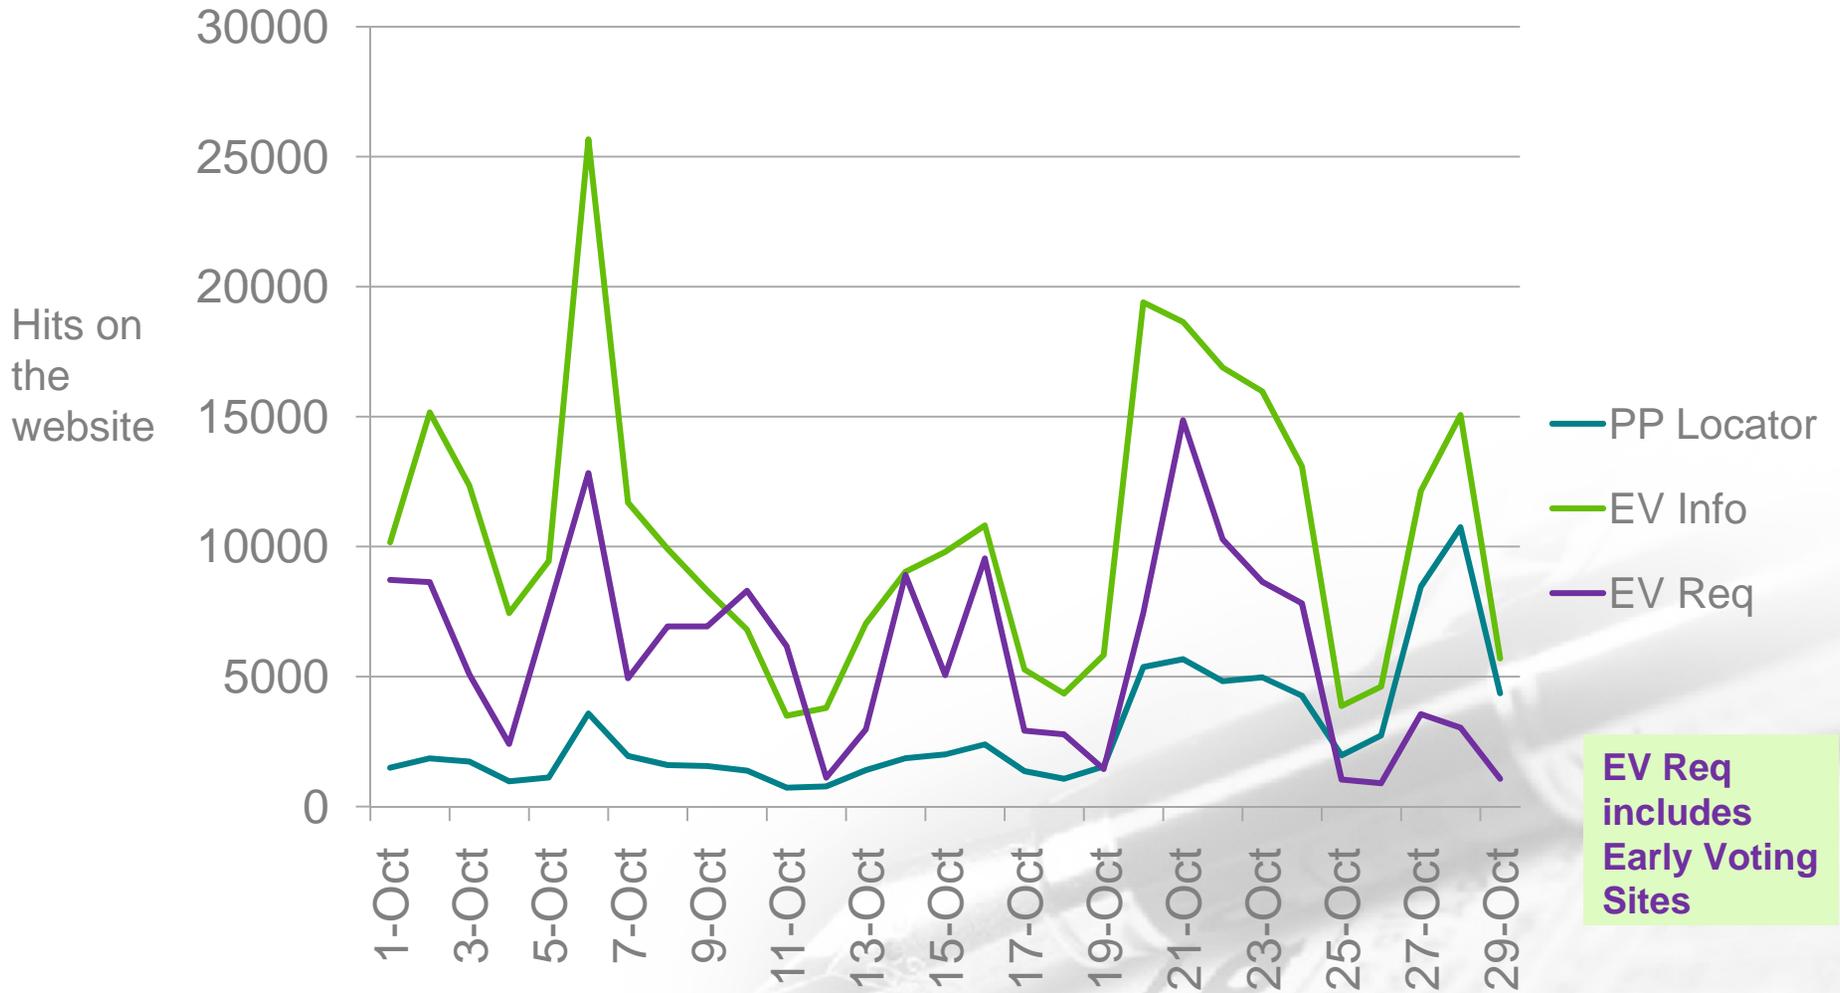

- In AZ, political or electioneering materials include:

Election Day Preparedness

– Try to avoid the rush.

- Voting mid-morning or mid-afternoon is best bet to avoid lines.
- Before work, lunchtime, and after work are the busiest and there will be lines in many places during those times.

Election Day Preparedness

We are expecting a crowd.
The voters need to too.

Election Day Preparedness

- An observer presentation was sent out to all Political Parties to remind them of observer protocol.
- The email also reminded the Party chairs that observers are there representing the party in their actions, words, and behaviors.
- We conducted 6 trainings for party observers.

Political Observer Workshop

2008

Activities a political observer may observe:

- Early voting satellite activities.
- Election Day polling place activities.
- Early voting ballot board meeting activities.
- Central counting station activities.
- Activities of other election boards (receiving, duplicating, processing, etc.)
- Voter being assisted by an election official.
- Tabulation and election results.
- Hand count auditing of ballots

Q. What are political observers **not** allowed to do while on duty?

A. To avoid disruption or interference with election procedures and voting at the polling place, political observers should not:

- Talk with an election officer regarding the election except to call attention to an irregularity or violation.
- Converse with a voter.
- Converse with other political observers.
- Communicate in any manner with a voter regarding the election.

Q. What illegal activities should a political observer look for?

- Unlawfully influencing voter
- Coercion of voters
- Tampering with voting equipment;
- Illegal voting
- Interfering with the election officials
- Unlawful voter assistance or instruction

Key points to remember:

- All voters must be asked for ID.
- If the voter has ID from the list and the address doesn't match they vote a provisional but DON'T have to come back.
- The ID does NOT have to be a photo ID—2 non-photo IDs suffice.
- Voter must vote in the precinct where they live in order for their vote to count.

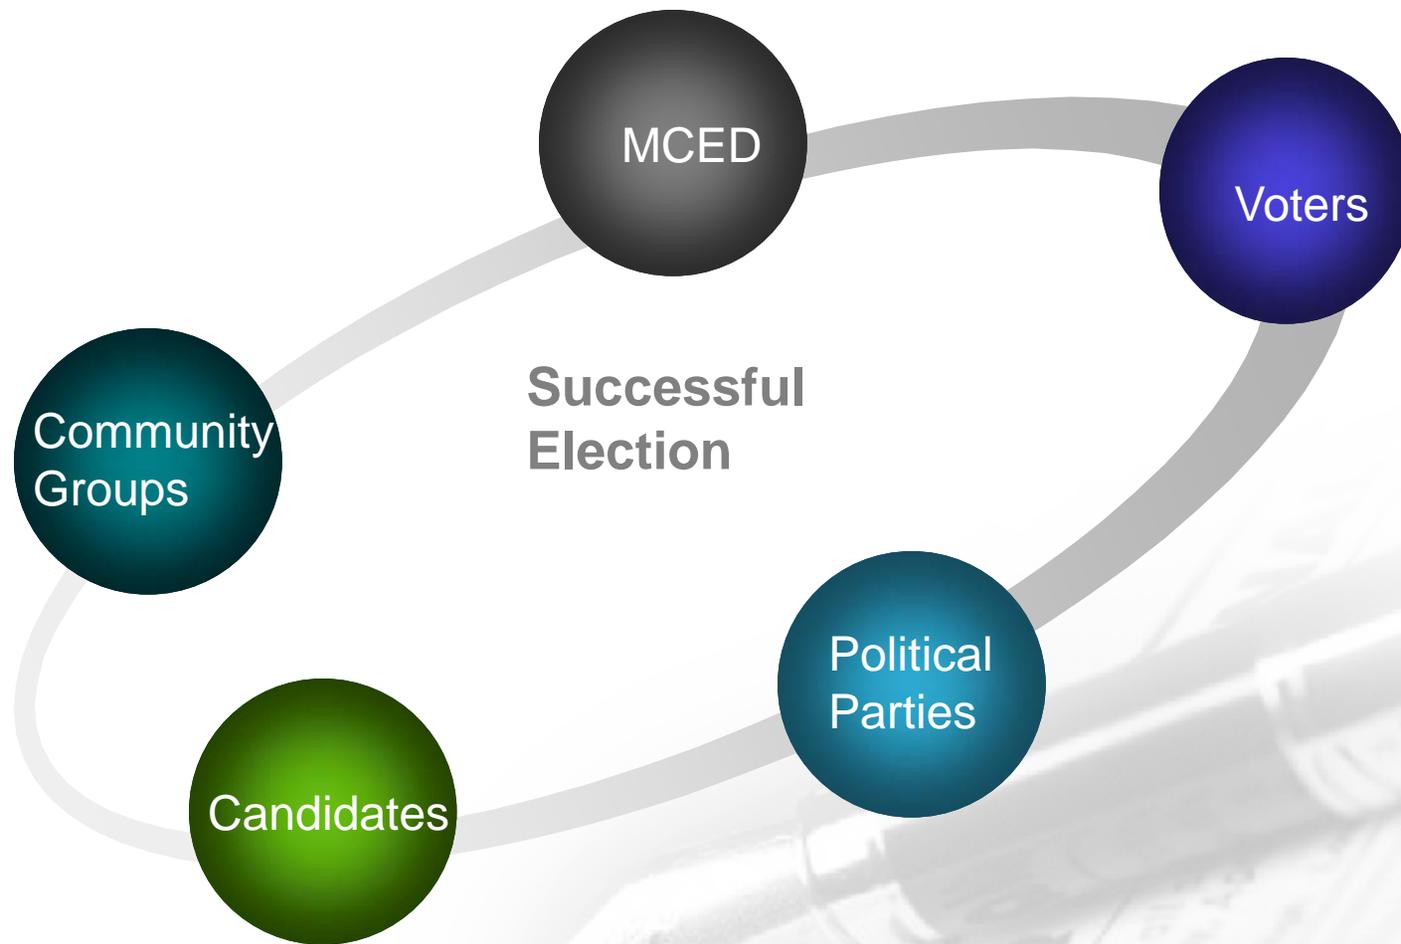

Key points to remember:

- All voters have the right to assistance and can bring in someone of their choice to assist them.
- Voters can drop off their early ballots at ANY polling place in the county—they do not have to sign in or show ID.
- Voters designated as an early voter in the roster must vote a provisional ballot.
