Item 1

# Demographics of Proposals for all Districts

Remember that the demographics are all available on the redistricting page:

The screenshot shows the Maricopa County Elections Department website. At the top, there is a navigation menu with links for Home, About, Recorder, Elections, Media Events, Publications, and Support. Below the menu is a banner featuring the Maricopa County seal, a photo of Helen Purcell, and the text 'Helen Purcell Maricopa County Recorder'. The date and time '4:23:39 PM Monday 10.24.2011' are displayed in the top right corner of the banner.

Below the banner, the text 'MARICOPA COUNTY ELECTIONS DEPARTMENT' is displayed. To the right of this text is a dropdown menu labeled 'Información de Elección en Español...' with the option 'Seleccione una pagina para ver en español'.

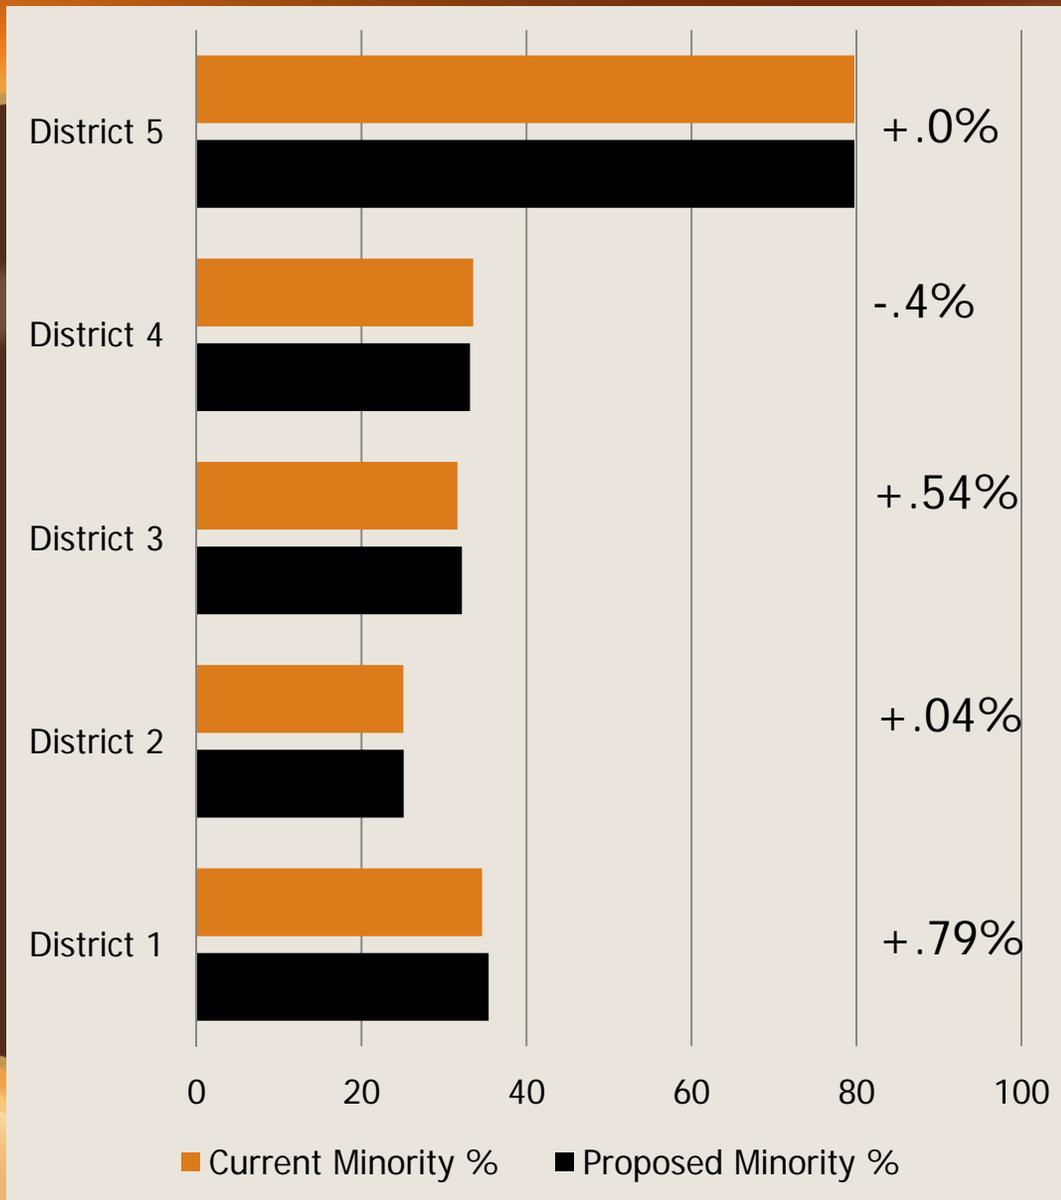

The main content area contains several paragraphs of text. The first paragraph welcomes visitors to the Elections Department and mentions various technologies used. The second paragraph mentions recognitions from the Computerworld Smithsonian Institution for programs to handle Early Voting. The third paragraph states that serving citizens is the top priority and mentions an 'another side of elections' link.

Below the text, there are two lines of staff information: 'Helen Purcell Maricopa County Recorder' and 'Karen Osborne Director of Elections'.

At the bottom of the main content area, there is a section titled 'REDISTRICTING MAPPING TOOL' with a link: 'Click here to submit your redistricting suggestions. (Screen resolution should be 1152x864 or greater.)'. Below this link is a note: 'You must have the free Microsoft Silverlight plug-in installed to view. Click here for the plug-in.'

On the right side of the page, there is a vertical column of five buttons: 'REDISTRICTING', 'AM I REGISTERED TO VOTE?', 'HOW DO I UPDATE MY VOTER REGISTRATION', 'AM I ON THE PERMANENT EARLY VOTING LIST?', and 'PERMANENT EARLY VOTING LIST & SIGNUP FORM'. A large red arrow points from the 'REDISTRICTING' button to the 'REDISTRICTING MAPPING TOOL' link. Another large red arrow points from the left side of the page to the 'REDISTRICTING MAPPING TOOL' link.

## Consolidation

The real question is, how do you create an additional district without also increasing your costs exponentially?

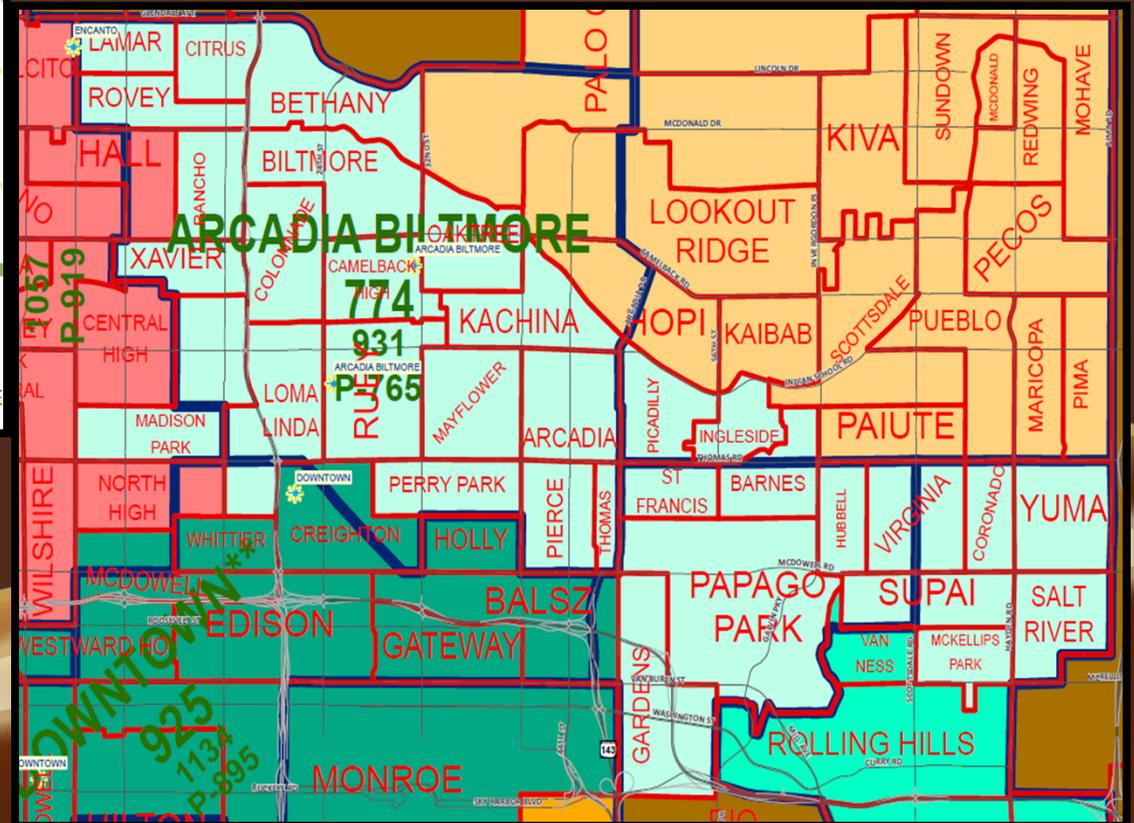

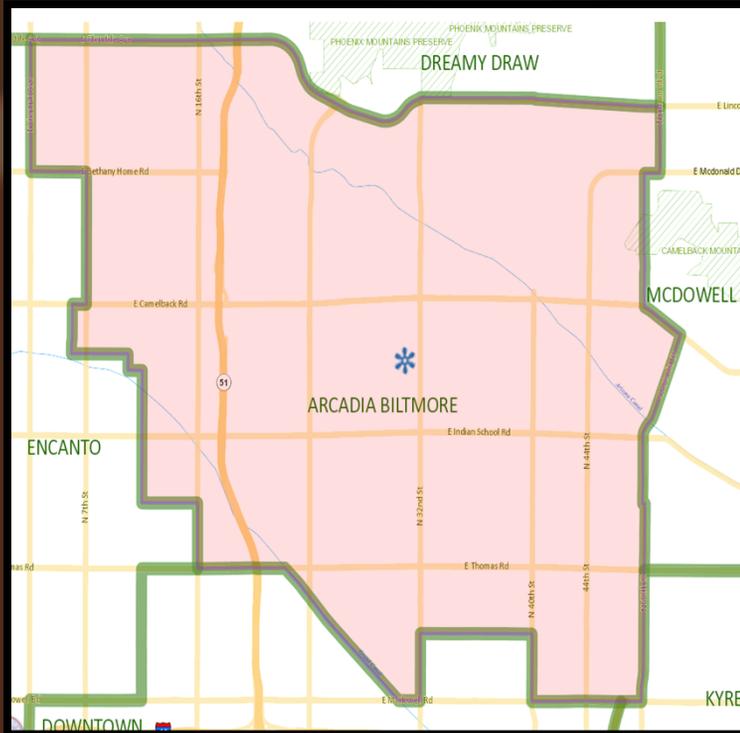

THE ANSWER: Consolidation!

There are a number of courts which have been consolidated for a couple of years now, this has saved an estimated \$44 million dollars.

# Voting Precincts

- During boardworker class we discuss the redistricting efforts and ask that they convey their thoughts on the merging of precincts which were formerly co-located.

The screenshot shows the Maricopa County Elections Department website. At the top, there is a navigation menu with links for Home, About, Records, Elections, Media Events, Publications, and Support. Below the menu is a banner featuring the Maricopa County seal on the left, a photo of Helen Purcell, Maricopa County Recorder, in the center, and an American flag on the right. The date and time '2:49:07 PM Thursday 09.01.2011' are displayed in the top right corner of the banner. Below the banner, the heading 'REDISTRICTING 2011' is followed by a dropdown menu for 'Información de Elección en Español...' with the option 'Selecciona una pagina para ver en español'. A paragraph of text explains that the department has established an informational page on redistricting, listing timelines, public hearings, and mapping tools. Below this, there is a section for 'REDISTRICTING MAPPING TOOL' with a link to submit suggestions and a note about screen resolution.

## REDISTRICTING WILL IMPACT POLLING LOCATIONS.

MCED IS LOOKING TO CONSOLIDATE PRECINCTS THAT HAVE HAD CONSOLIDATED POLLING PLACES SO THAT THERE WOULD BE ONE PRECINCT RATHER THAN 2 SEPARATE ONES.

I think the ~~consolidation~~ consolidation of the jurisdiction is fine

Please provide any other comments or recommendations on the Language Assistance Program here:

Good idea ~~to make~~ reduce # of places

Please provide any other comments or recommendations on the Language Assistance Program here:

Combining ~~two~~ one board instead of two sounds like a good idea

should combine polls together.

consolidate polls

Excellent having polls together

The vast majority of those working the polls support the idea to merge consolidated precincts.

# **Municipality District Lines, Independent Redistricting Lines & Their Impact**

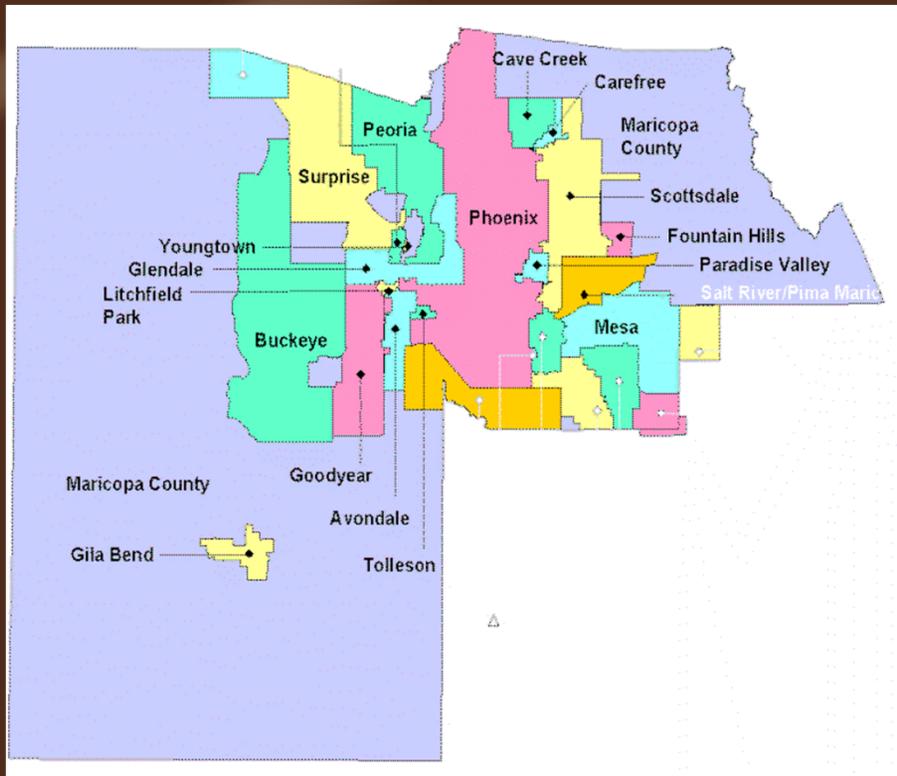

Item 3

# Conform

With so many lines changing, MCED has attempted to conform the voting precinct lines and eliminate as many precinct splits as we can.

This aids in reducing the number of ballot styles at the polls on Election Day and curbs voter, and boardworker, confusion.

# Municipalities

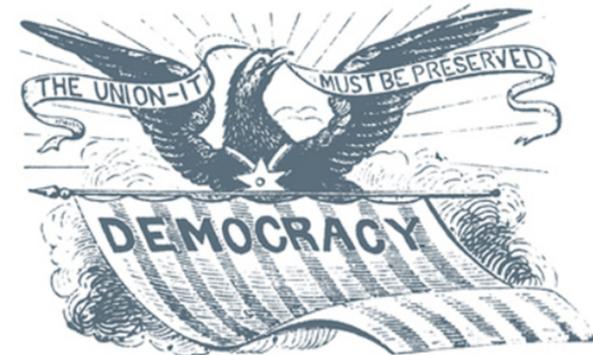

# Municipalities

These cities and towns have districts and will be redistricting based on the 2010 Census data to ensure that their districts are not malapportioned:

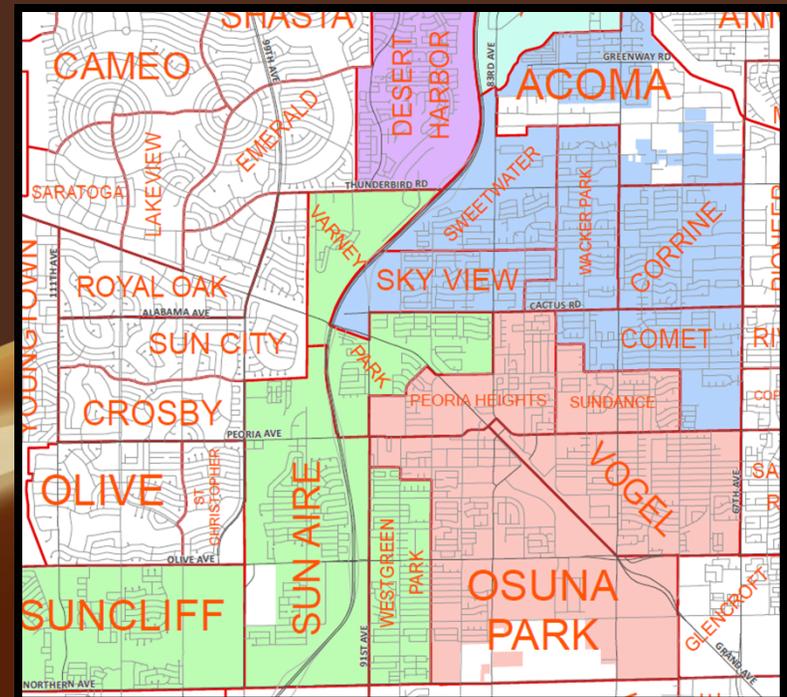

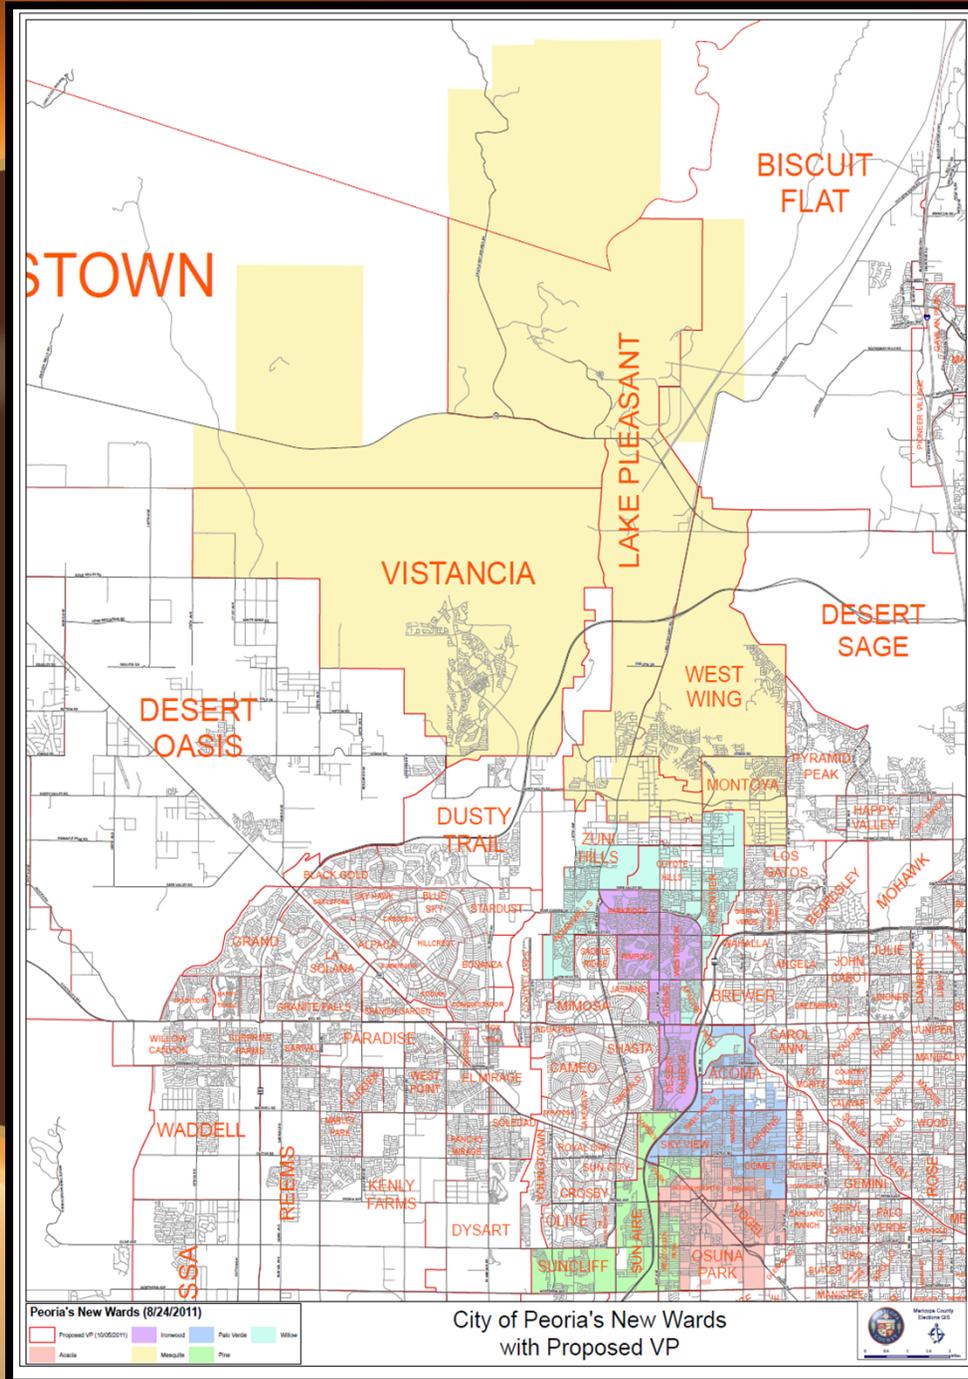

- Glendale
- Mesa
- Peoria
- Buckeye
- Phoenix

ONE *PERSON* ONE VOTE.

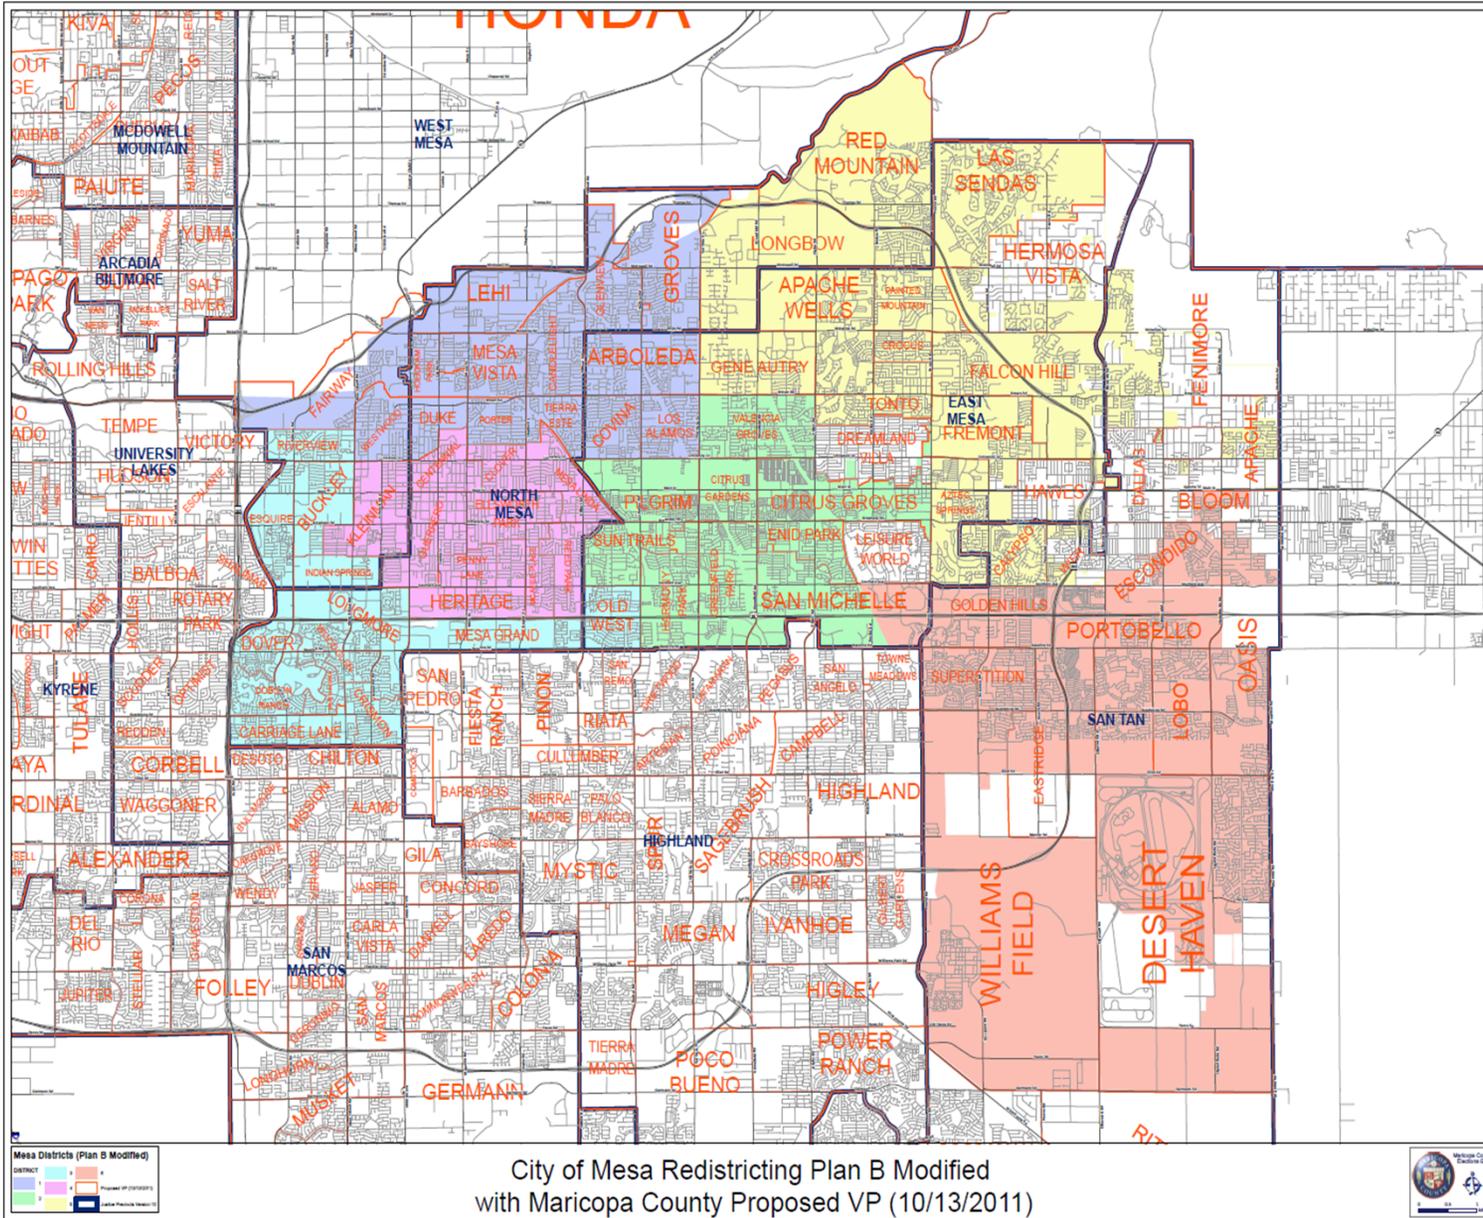

# Peoria

Peoria's six council districts were reviewed to prevent districts from splitting precincts.

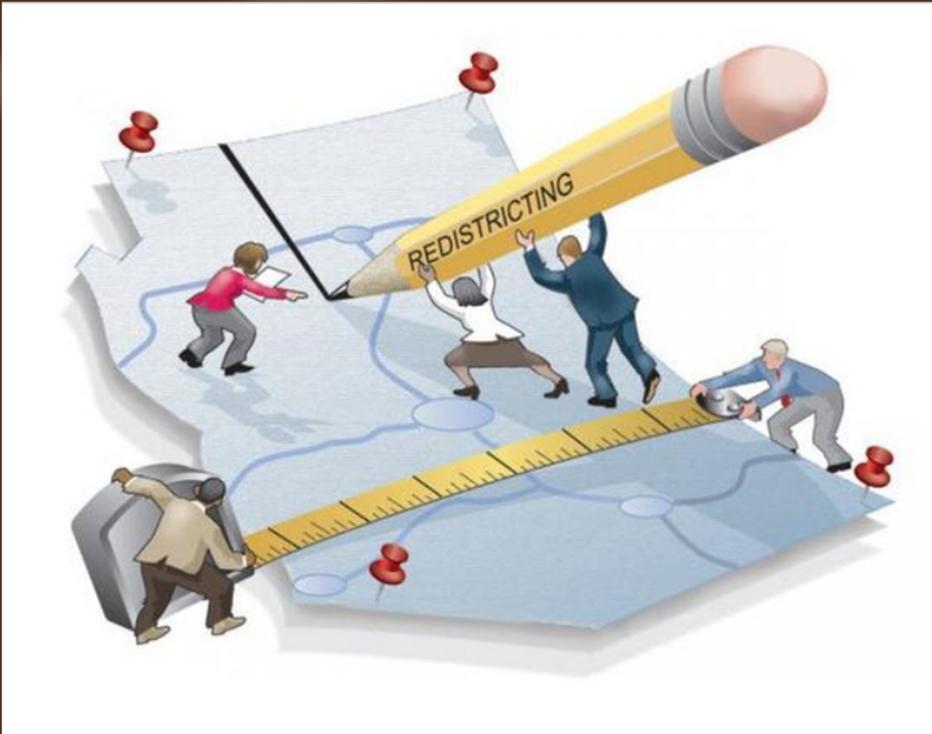

# Mesa

This plan also shows the outline of the proposed JP precincts.

# Arizona Independent Redistricting Commission

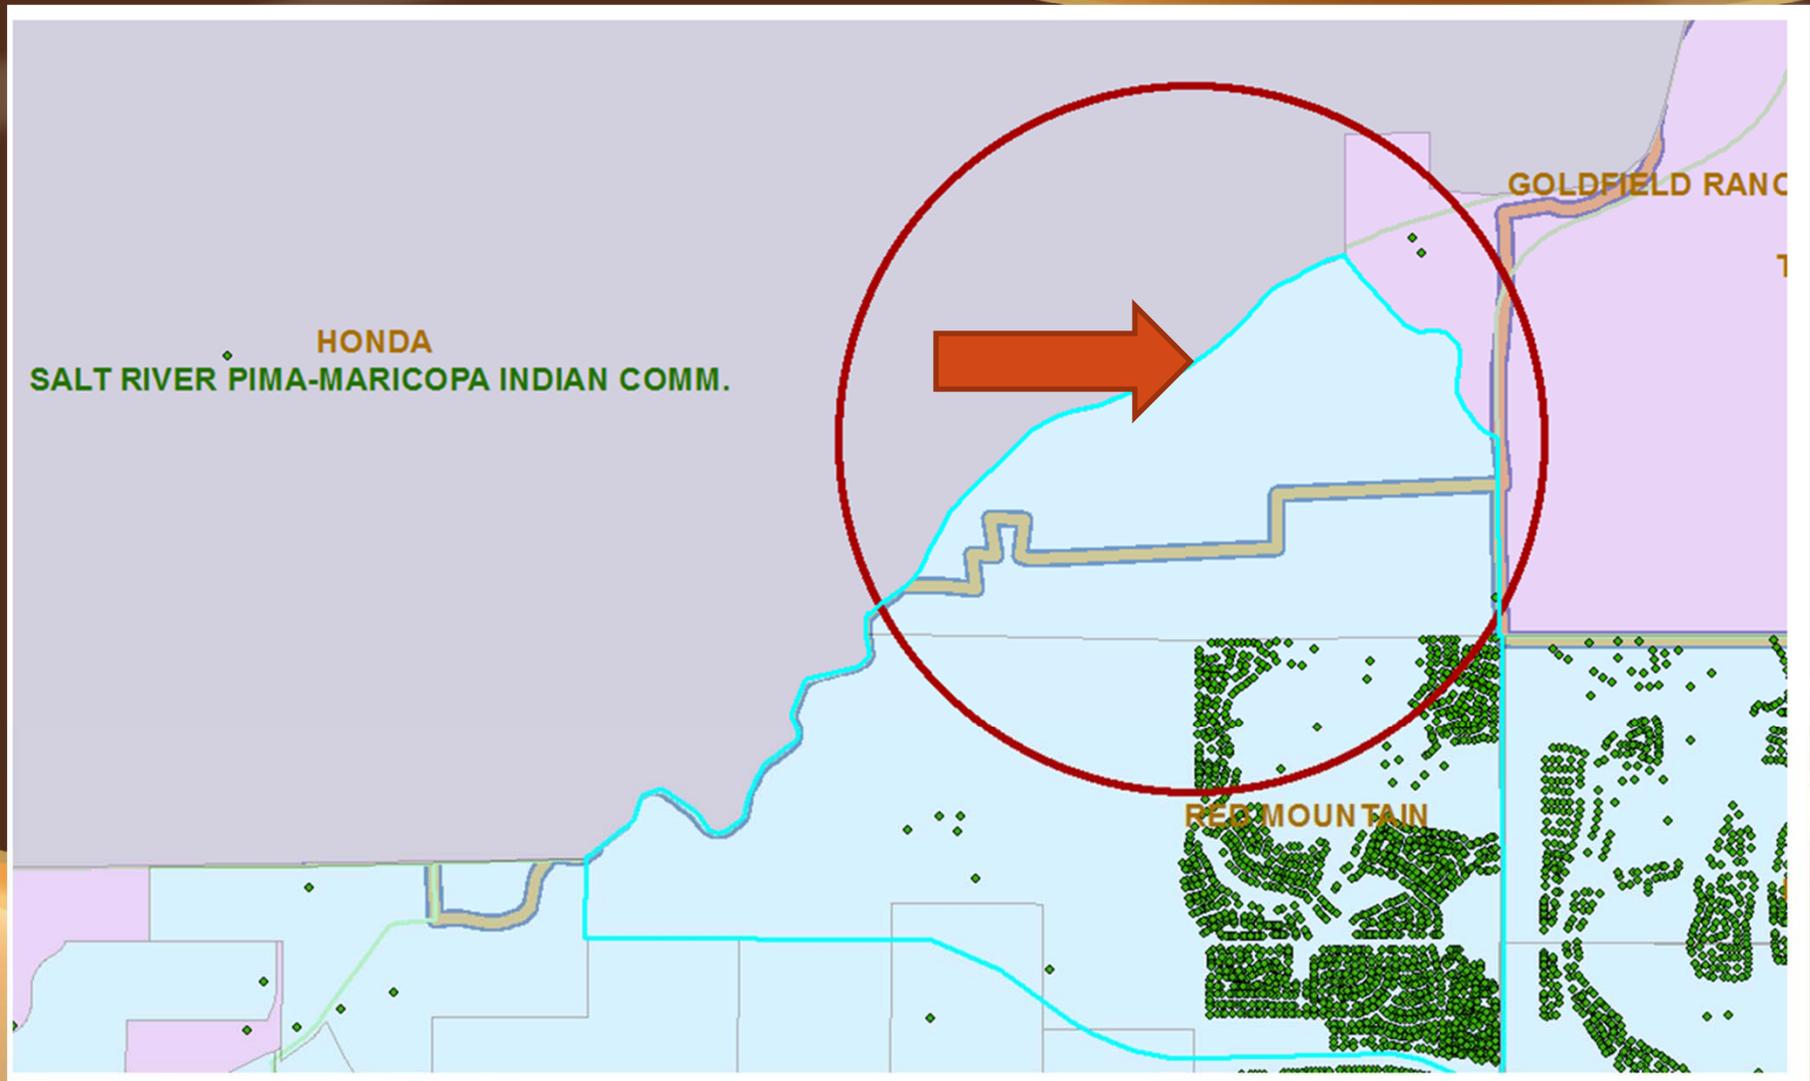

We have overlaid the most recent IRC lines with our proposed voting precincts and identified a few areas of concern that we will be sharing with the Commission.

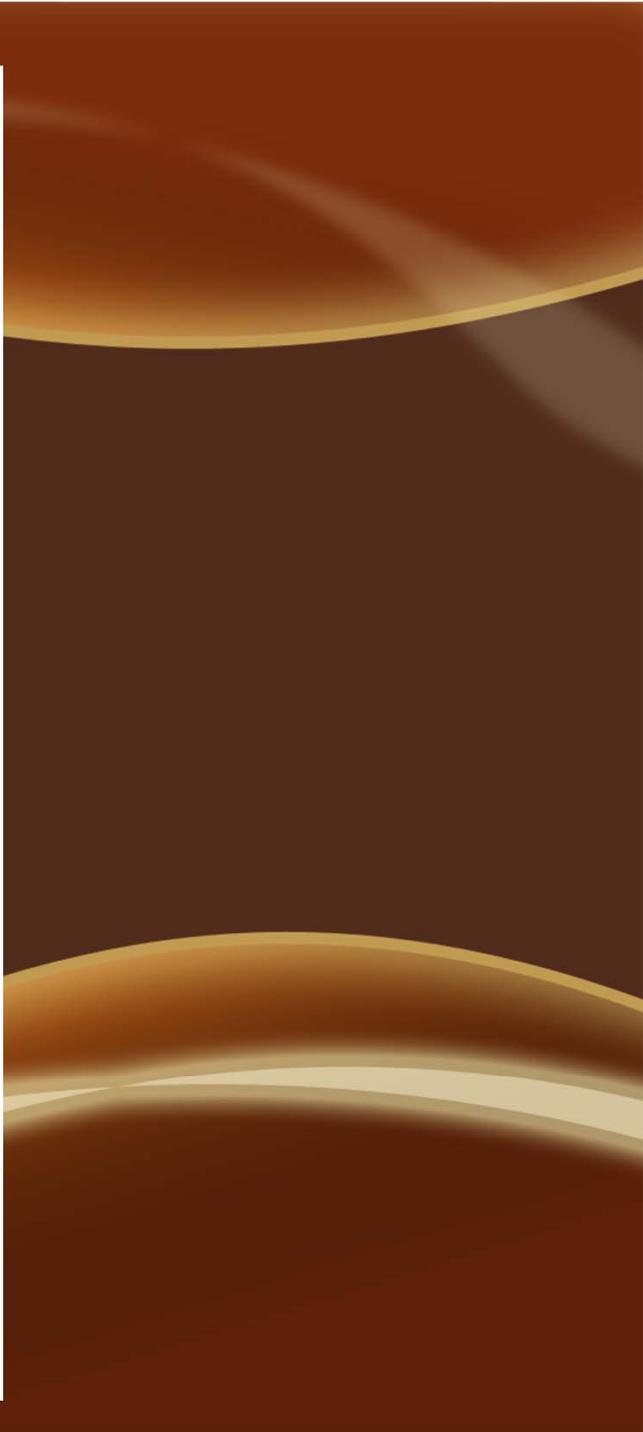

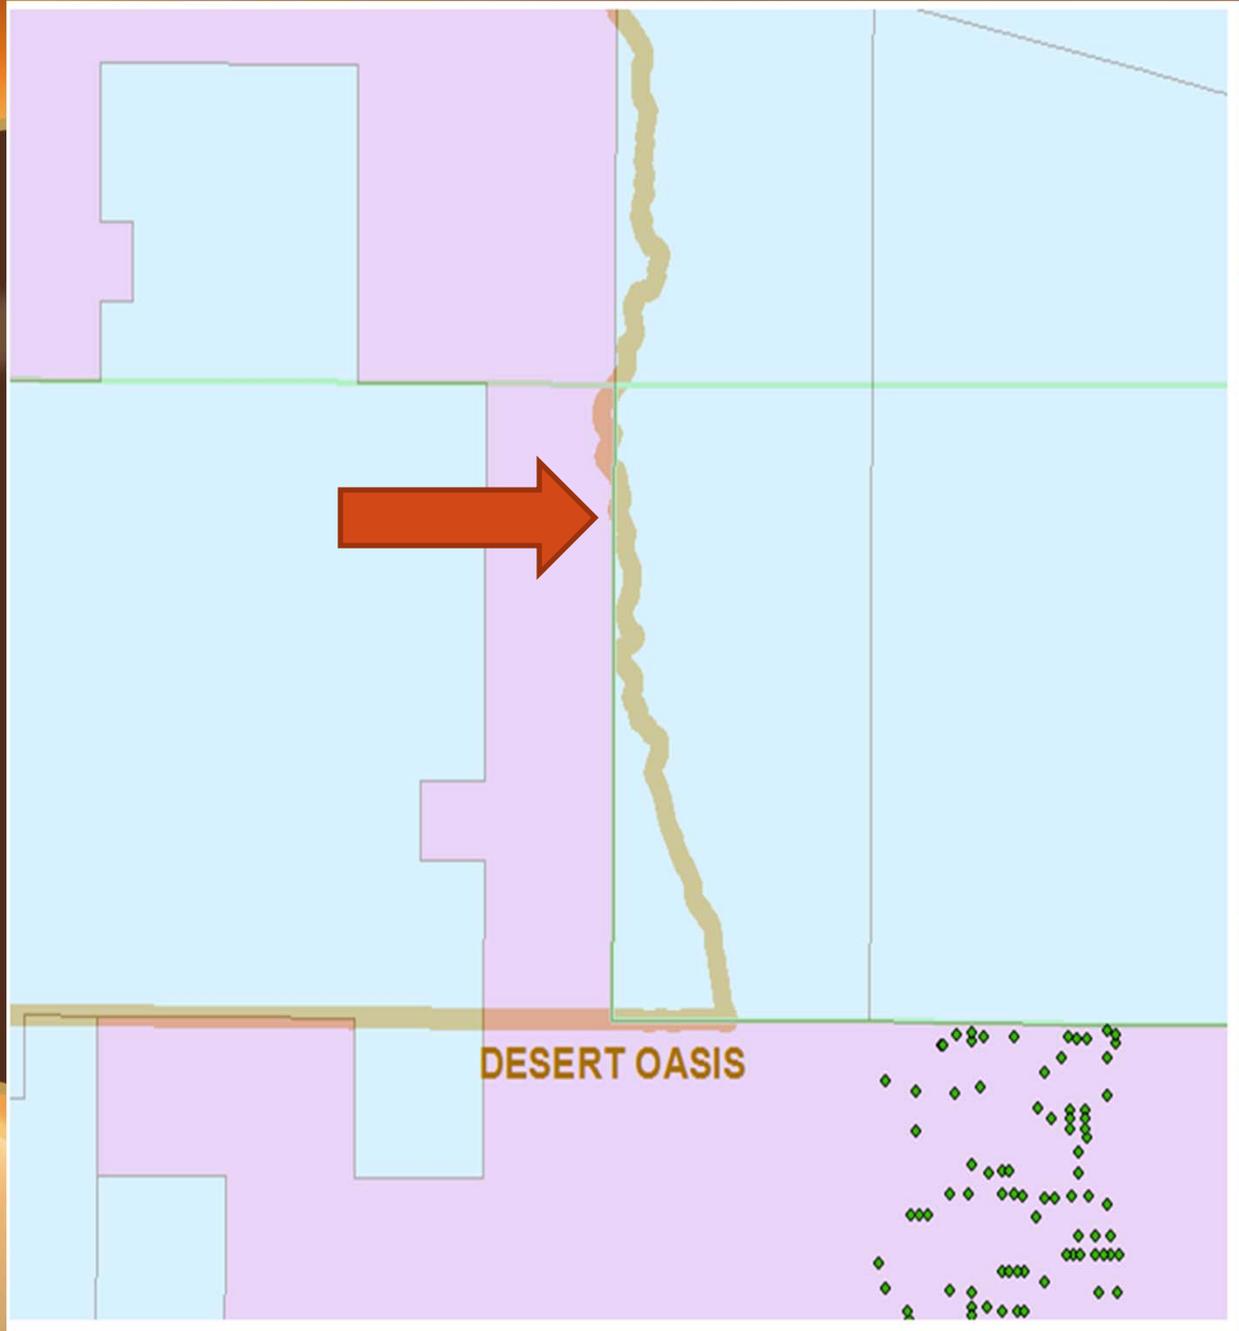

A thorough granular review and analysis is necessary to prevent unintended consequences.

Let's look at a few issues.

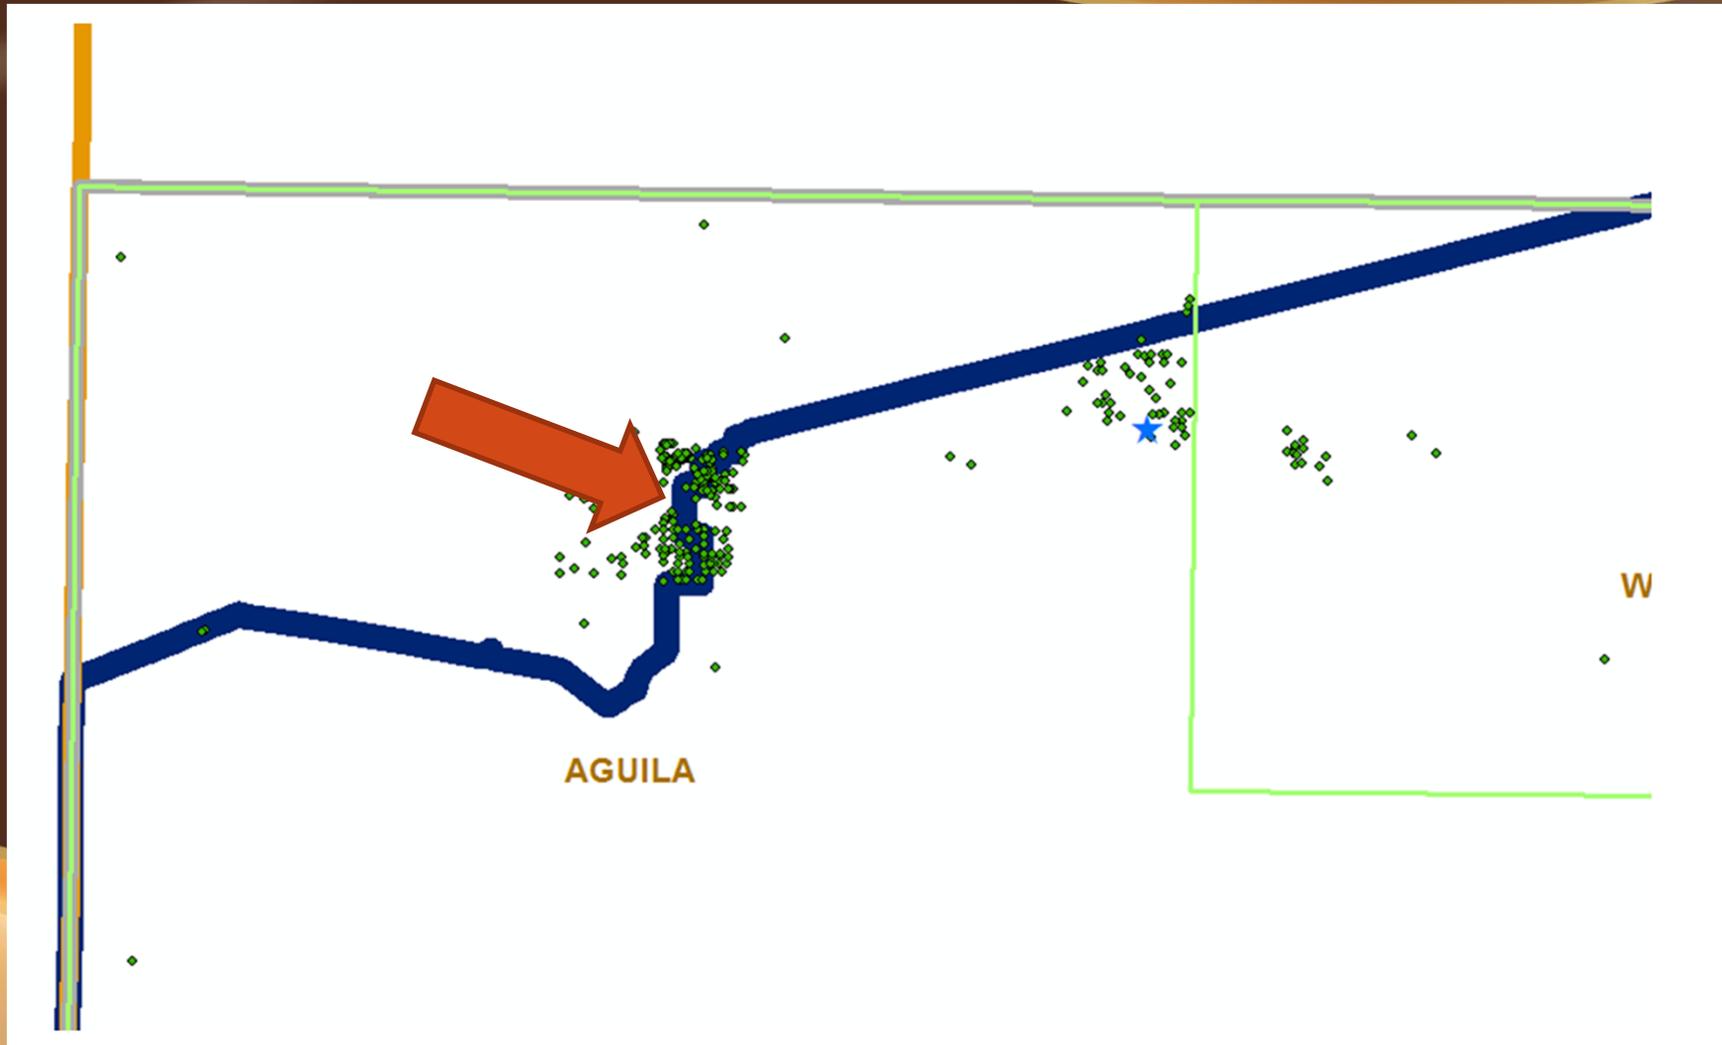

**Here we would recommend following the boundary of the SRPMIC rather than the highway as this creates a split:**

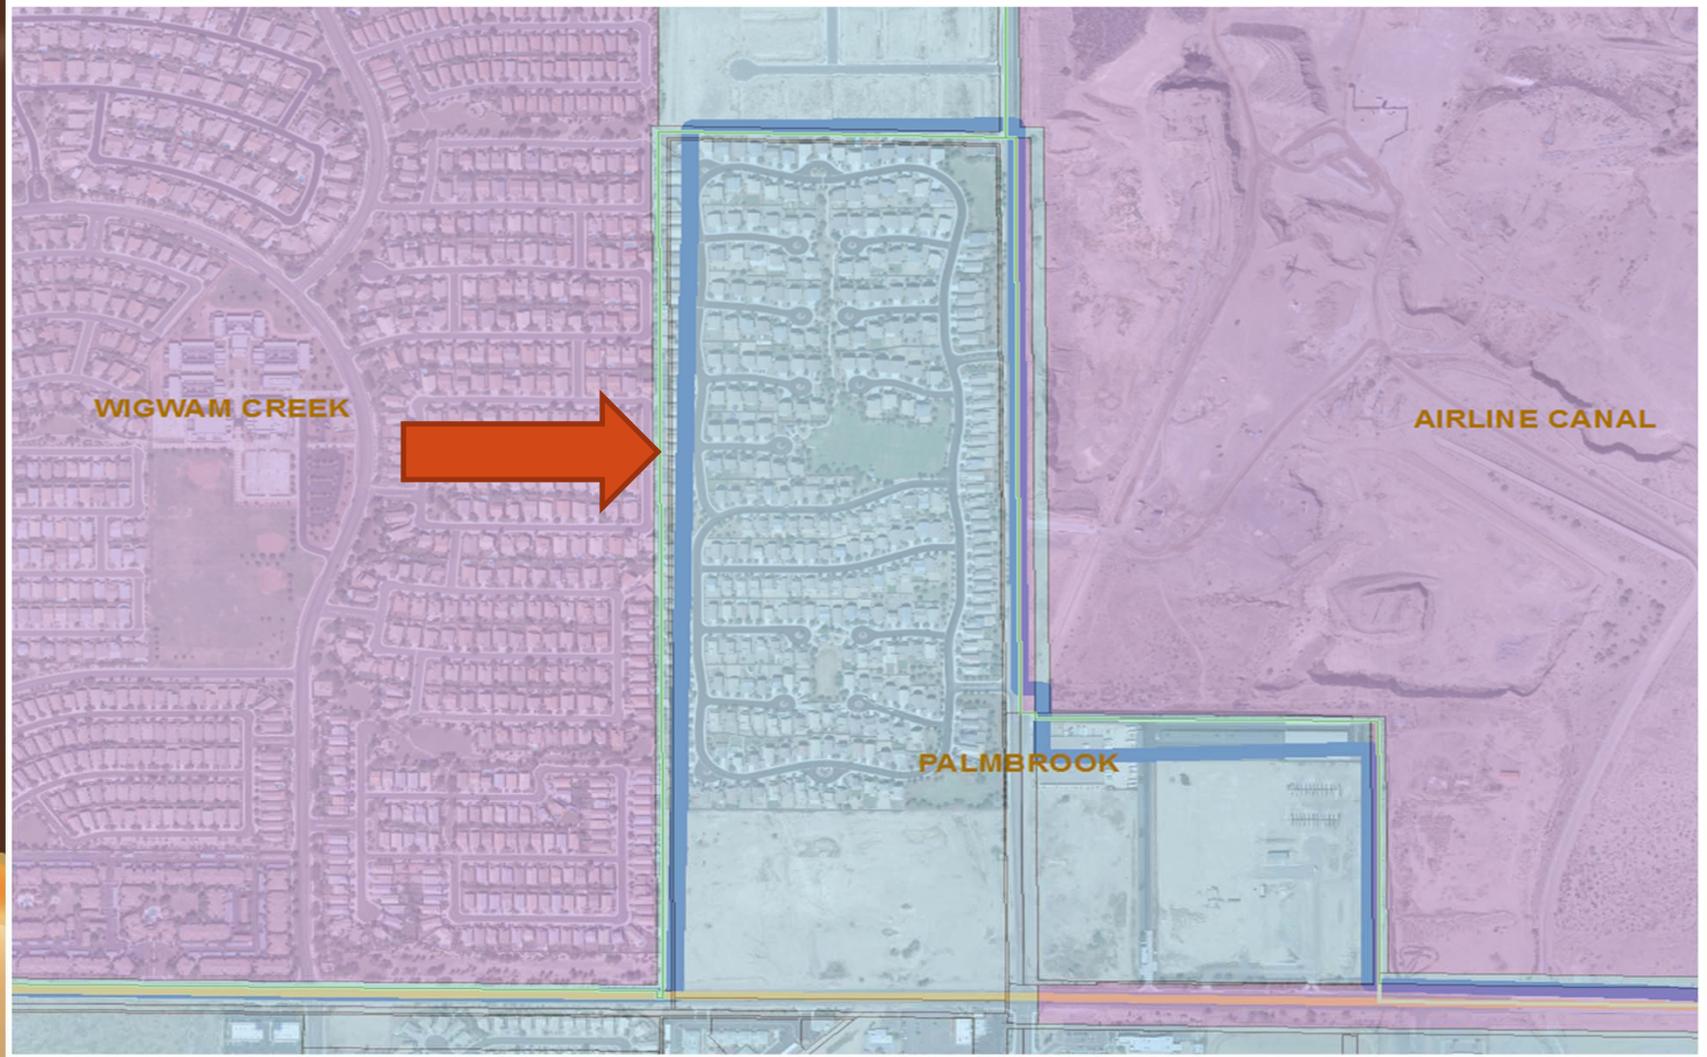

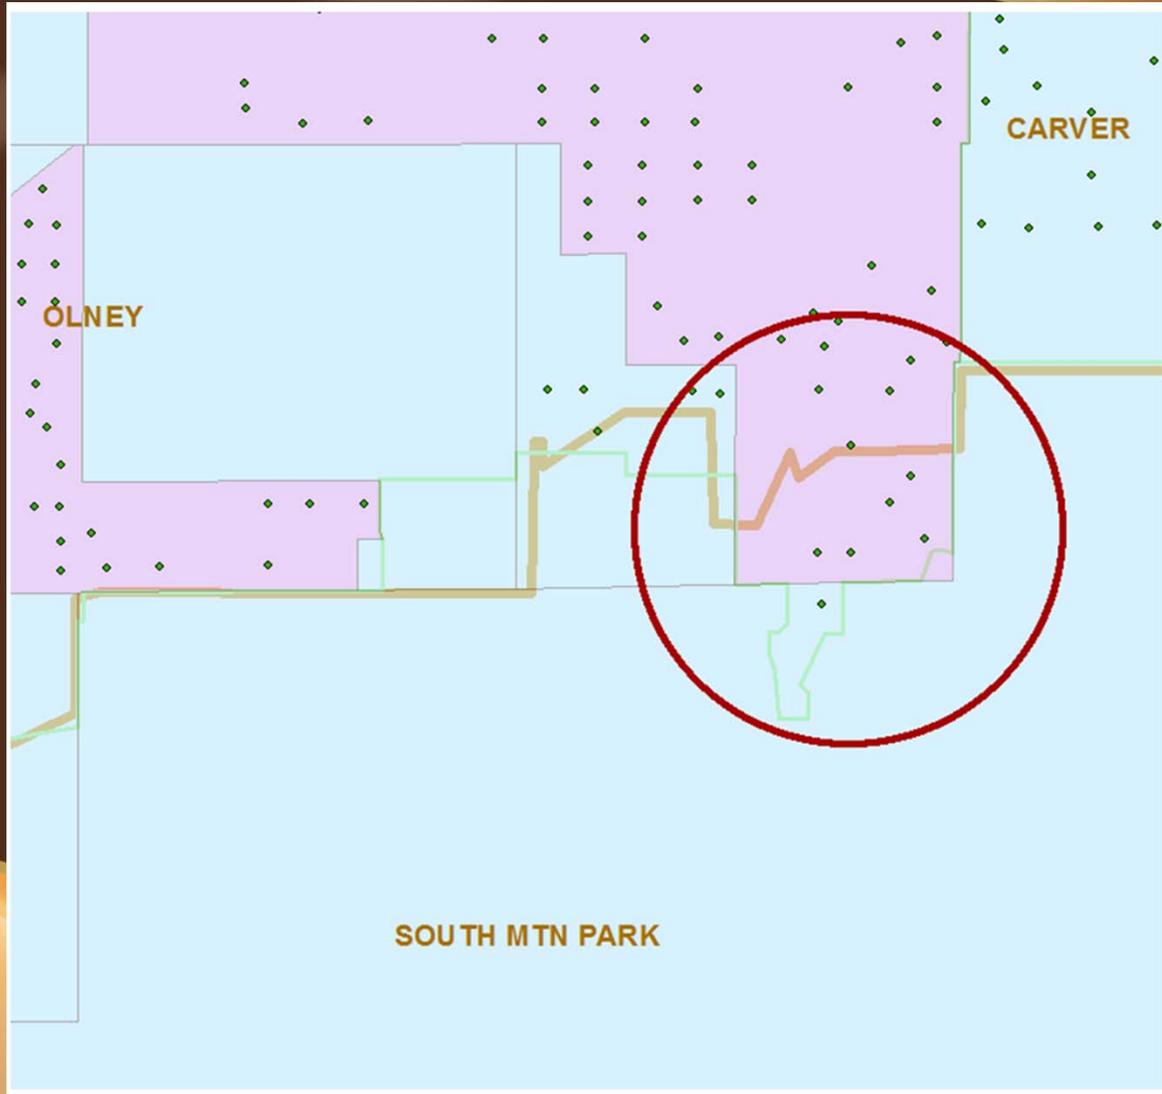

**Here the community in Aguila is split up:**

**This line does not follow the road, but rather,  
splits up parcels:**

**This area is a “trap” between Legislative & Congressional lines where no voters live.**

# Calendar Moving Forward

Item 4

# Remaining Timeline

- November 2<sup>nd</sup> Final public hearing on voting precinct lines
- November 30<sup>st</sup> Board of Supervisor Meeting to approve lines
- December 1<sup>st</sup> Voters in their new voting precincts
- March 1<sup>st</sup> Voters receive notification of new voting precincts

**One door closes,  
& another one opens**

**Redistricting is almost over**

And then 2012 will be here...
