Language Assistance
Precinct Selection Process

Maricopa County Elections Department
Community Network Meeting
June 25th, 2008

- Precinct formula
- Anticipation of turnout & its effect
- Proposed list of precincts
- Areas of staffing concerns
- Quality control

Formula

Precinct formula

- Hispanic Surname analysis of voter file
- Limited English Proficiency from census
- Turnout: EV vs. voting at polls
- Surveys: voter and boardworkers

Formula

Hispanic Surname

- Department of Justice recommends a Hispanic Surname analysis with staffing of bilingual boardworkers based on number of voters in precinct:
 - 100-249 – 1 Bilingual Boardworker
 - 250-499 = 2 Bilingual Boardworkers
 - 500+ = 3 Bilingual Boardworkers

Hispanic Surname

- Hispanic surnames are not a direct reflection of language assistance needs:
 - Acculturated and assimilated voters retain ethnicity/surname long after linguistic skills are attained in the dominant culture.
 - Married, female Hispanic voters may not retain surname.

Hispanic Surname

- Hispanic surnames do, however, provide a relevant foundation to establishing areas in need of language assistance.
- Surname analysis of the voter file can be done with real-time information capturing voters who move or live in newly re-districted areas.

Formula

Filters

1. Limited English Proficiency
2. Voter Turnout at the Polls
3. Boardworker Surveys
4. Working knowledge of department staff, jurisdictional representatives, and members of the community.

Formula

Limited English Proficiency

- **Filter:** L.E.P.
- **Source:** Census
 - Voters who responded that they spoke English “Not Well” or “Not at All”
 - Citizens and Non-citizens
- **Logic:**
 - Persons who speak English “Not Well” or “Not at All” are the ones needing language assistance.
 - Some of the Non-citizens at the time of the census may be citizens now.

Limited English Proficiency

- **HOWEVER:**

- Census data is now more than 8 years old.
- We are proposing suspending the practice of removal of precincts SOLELY on LEP data.
- Instead, a combination of LEP and turnout would be necessary to impact staffing a precinct.

Formula

Voter Turnout

- **Filter:** Voter Turnout at the Polls
- **Source:** Voter History
 - Hispanic Surname analysis of precinct, did they vote in last Presidential Election, and did they vote Early or at the Polls?
- **Logic:**
 - Need to staff according to who will go to the polls to vote based on the reality that more than half of the ballots are now cast early in Maricopa County.

Formula

Voter Turnout

- **Calculation:**

- DOJ staffing levels are used nationally and in many cases early voting is not an option. Since half our ballots are cast that way, divided by 2.

- **Application:**

- Less than 125 @ polls = Staff 1 BW
- 126-250 @ polls = Staff 2 BWs
- 251+ @ polls = Staff 3 BWs

Formula

Boardworker Surveys

- **Filter:** Boardworker Survey
- **Source:** Polling Place Workers
- **Logic:** no formula can identify all areas where assistance may be needed and an on the ground analysis and safety net must be in place for reporting of actual assistance being provided.

Formula

Boardworker Surveys

- **Calculation & Application:**
 - If a voter comes in who needs assistance the precinct will be added.
 - If bilingual boardworkers are staffed and do not have voters requiring assistance for a two General cycles the precinct will be removed from list.

4 precincts would be removed as identified by surveys that no voters came in who needed assistance through 2 General Election cycles.

However, based on their current voter registration they would require 2+ bilingual workers so we are proposing to staff as a precautionary measure.

Turnout & its impact

- The formula has worked well in the past.
- **BUT**: This election will have historic participation.
- We are averaging more than **11,000** registrations a week now, which will only increase over the summer.
- That is close to **200,000** by close of registration.
- We are anticipating some of these new voters to vote early, but many will go to the polls on Election Day.

Turnout & its impact

- In anticipation we have suspended the removal of precincts based solely on turnout.
- Precincts must have a historically low turnout in tandem with low LEP.
- This is dramatically increasing our staffing levels and slightly expanding our precinct coverage area.

Proposed Coverage:

- We intend to be ready.
- We have overcompensated in our staffing quotas in anticipation of the influx of new voters registering and potentially voting on Election Day.
- All this with the knowledge that many will follow existing trends and vote early which will offset those workers who do not show to work...

PEVL Spanish ballot requests

- There are **68 precincts** with **6-10 voters** in them requesting Spanish Ballots
- There are **493 precincts** with **5 or fewer** voters requesting Spanish Ballots
- Our staffing proposal covers **185** precincts where no one has requested a Spanish Ballot (utilizing the filters it is still **181** precincts where no voter on PEVL has requested a Spanish Ballot).

Approval

- Please identify any precincts that you feel have been misdiagnosed:
 - Should be on the list and are not.
 - Unnecessary, can be removed from list.
- Precincts will be added upon recommendation.
- ***An increase in Precincts = A need for more boardworkers.***

Native American Precincts

- We strive to staff the boards with members of the community the poll serves in order to provide language assistance to Elders who made need it:
 - **San Lucy** Tohono O’odham Nation
 - **Hickiwan** Tohono O’odham Nation
 - **Fort McDowell** Fort McDowell Yavapai Nation
 - **Honda** Salt River Pima-Maricopa Indian Community
 - **Lone Butte** Gila River Indian Community
 - **Pee Posh** Gila River Indian Community
 - **Komatke** Gila River Indian Community

We already have areas of concern

- We work to have a pool of at least **3** times the number of bilingual workers we want to staff in a precinct.
- This allows for workers who are not able to work, cancel after having committed, or do not show on Election Day.

Areas of staffing concerns:

Politics ought to be the part-time profession of every citizen who would protect the rights and privileges of free people and who would preserve what is good and fruitful in our national heritage.

~ Dwight D. Eisenhower

"It is not the critic who counts: not the man who points out how the strong man stumbles or where the doer of deeds could have done better.

The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood, who strives valiantly, who errs and comes up short again and again, because there is no effort without error or shortcoming, but who knows the great enthusiasms, the great devotions, who spends himself for a worthy cause; who, at the best, knows, in the end, the triumph of high achievement, and who, at the worst, if he fails, at least he fails while daring greatly, so that his place shall never be with those cold and timid souls who knew neither victory nor defeat."

Theodore Roosevelt

"Citizenship in a Republic" Speech at the Sorbonne, Paris, April 23, 1910
