Calls into our Call Center:

- On the morning of August 20th the Call Center Manager took 20 random calls:
 - 11 calls about early voting
 - 6 calls about voter registration
 - 2 calls about why the voter got sample ballot when they voted already
 - 1 call of a boardworker needing recruiter

Calls into our call center:

New Yorker moved to AZ and wants to register. Does not yet have AZ Driver's License. Wanted to know what info she needed to attach to registration form. She will attach US birth certificate

Phx voter had earlier taken herself off the PEVL list, but didn't receive much election campaign material. Was concerned she was removed from file. I assured her all was well and that she had plenty of time to receive literature. She was also concerned that MOB's delivered on election day were not counted if a candidate concedes on election day.

Elderly lady wanted to know why we sent her another ballot. I verified that it was a sample ballot. Then she became upset when I said it was required we mail it. She was concerned she was paying for it. I said we all do.

Sun City voter concerned about the second ballot we sent her. Wanted to know what to do with it (We had received her 1st ballot). I explained it was a sample ballot that we are required to send.

Mesa voter called to order and EB. Records indicated she already received one. She searched while on the phone and found it. Case closed.

Mesa PEVL voter wanted EB for general. I explained she will already receive one. She didn't want to vote the Primary, only presidents.

Calls

- The sample ballot mailing out to all the voters on the Permanent Early Voting list continues to confuse voters who have already voted their early ballot.
- And cost more than **\$360,000** for the Primary & General in 2008 alone...
- Legislation failed last session to allow us to not send a sample ballot to voters who have already received an official one.

Sample Ballots: Had to save \$ somewhere

- Amount of money saved by mailing, as statute requires, a sample ballot to every household rather than each voter:

\$640,000

- Although we mailed to each house, we addressed the sample ballot depending on if the voter was unique to that address or political party affiliation.

Sample Ballot

- Sample ballots for the Primary were sent to the voters addressed in one of two ways:

Vote X!

Jane Doe
123 Main St

Vote X!

Household
123 Main St

Sample Ballot

- If voters in a household are registered differently, and MCED would already be sending 2 sample ballots, they went to the voter's name:

Sample Ballot

- Anyone registered differently at the address got a sample ballot in their name:

Sample Ballot

- Total mailed to HOUSEHOLD: 532,954
- Total mailed to SPECIFIC VOTER: 456,352
- Additional Cost:

\$0

Sample Ballot

- If a voter is not registered as one of the recognized parties they would receive a sample ballot from each party they could select when they get to the polls:

Precinct Committeepople

- If a precinct had less people running than would be elected, the election was cancelled and those candidates were elected.
- The remaining precincts with more candidates than positions will be on the ballot.
- 83 Republican Races & 4 Democratic Races
- Savings: *more than \$500,000*

Early Voting: On Site

- MCED was tasked with cutting our budget moving into this monumental election.
- Statute requires us to have early voting at our offices.
- We then asked cities and towns on the fall ballots to host EV sites.
- Other sites were then cancelled.

Early Voting Sites Cancelled:

- Anthem Regional Library
- Sun City Community Center (PORA)
- Scottsdale Via Linda Center
- Chandler/Gilbert Community College
- South Mountain Community Center

Analysis of Sites

- We reviewed the voters who went to an EV site in the last elections and whether or not they are now on the Permanent Early Voting List.
- There are over **606,000** voters on the list and the amount of traffic into the sites would be greatly reduced.

Analysis of Sites

- Additionally, we reviewed areas of low PEVL saturation (10-40% of total registered voters on the PEVL) to see where those counter voters went.
- In the case of South Mountain the voters were just as likely to vote at MCTEC or another site than at the community center:

MCTEC & South Mountain

For the General:

- Increased outreach and public education about:
 - EV site locations and hours of operation
 - PEVL & vote by mail opportunities
- Extended Saturday hours at MCTEC & Mesa offices
- *If your constituency is in any of the areas where EV sites were not re-established your partnership in informing the voters is appreciated.*

Early Voting: Ballots Cast in GEN 2006

Data as
of

Early Voting: Primary '04 vs. Primary '08

Early Voting Site trends

- Primary elections usually see between 2-3,000 voters at EV sites.
- In the past, Presidential Elections saw 6 times the number of voters from the Primary to the General go to EV sites.
- Gubernatorial Elections had 5 times the voters to to EV sites from the Primary to the General.

Polling Places: Facility demand

Lack of facilities in 0075 Cactus Glen and 0438 Laurel had both co-located into facility 10999 Scottsdale Ranch Community Association closest to those two precincts.

0775 Sandy Shores was moved to another facility within the precinct, facility 13833 Via Linda Senior Center.

Polling Places

The Scottsdale Ranch Community Association said that we could not use their facility unless it was used for their residents (0775 Sandy Shores).
0438 Laurel has easy access to the Sr Center by way of a major street, Via Linda Dr.

- More than a dozen schools came back from summer vacation and had changed their mind regarding being a polling place.
- Many now have space constraints and security concerns.
- Statute requires schools to notify us within 2 weeks of a request—these were made before school let out last spring.

Polling Places

- That is one reason why we are looking for alternatives to schools.

 - Try to keep the spaces free for voters
 - Brainstorm at set-up meeting to free up spaces during the hours the polls are open

“My voting experience can end in the parking lot if I can’t get out of my vehicle.”

Parking

Need to ensure that parking meets the needs of those voters with mobility concerns:

- Are the spaces designated?
- Is the path into the polling place clearly marked with signage?
- Is the same entrance used or is there another with a ramp?

Guidelines For Assistance

- Offer assistance, and then wait until the offer is accepted. Listen to or ask for instructions.
- Don't be afraid to ask questions when you are unsure of what to do.
- Be patient. Take as much time as is necessary.
- Treat all voters with dignity, respect and courtesy.

A Successful Voting Experience

It's all about good customer service

- Be patient
- Make eye contact
- Allow the voter to tell you what they need
- Make reasonable accommodations

This ensures a positive voting experience for
everyone!

Corporate Partners

- SCF Arizona has offered 26 of their employees to get civic duty leave to work the polls on Election Day
- The company is paying their regular salary that day & employees don't have to use vacation time!

Corporate Partners

- Notice anything new on your Cox Communication bill this month?
- Cox is also soliciting boardworkers for us!

Boardworker Training

- Primary curriculum includes additional emphasis on being sure that voters who need language assistance are comfortable asking for help.
- *It's the difference between a one time voter, and a voter for life.*

Bilingual Voter Assistance

Bilingual boardworkers have the added responsibility of ensuring that voters with language barriers feel welcomed and comfortable at the polls on Election Day in addition to having the same access to the electoral process as all other qualified voters. Help us to ensure this happens by participating in this important class.

Bilingual boardworkers will be paid \$25.00 for attending this class.

Observers

- There will be observers this fall
- Observers must have an original, signed letter from the County Party Chair:
 - DEMS: Mark Manoil
 - REPS: Tom Husband
- Observers are there to observe, they cannot interfere with voting or the processing of voters.

Observers

- If observers have questions they need to speak to the Inspector
- Observers may inquire about translations or the language assistance. This is appropriate if they are not interfering with the process.
- You may be asked to relay in English what you have said to the voter in Spanish.
- Observers may want to know why we are providing language assistance.

Observer Situation #1

- You are helping a voter at the provisional table to determine if they are in the correct polling place. There are observers from each party watching. They ask the Inspector what you are doing and what you are saying in Spanish. They want to know why you are helping in another language. The Inspector brings them over.
- How do you:
 - 1) Continue to help the voter in Spanish while explaining what you are doing in English?
 - 2) Explain why we provide assistance in Spanish?

The election Terminology Glossary will provide assistance if and when needed.

Can't please all the people all the time...

IF EVERYONE IS BI-LINGUAL WHY DO WE HAVE TO HAVE THE ENGLISH PART TRANSLATED INTO SPANISH. BELIEVE ITS A WASTE OF TIME. BI-LINGUAL MEANS TO SPEAK, WRITE READ TRANSLATE SPANISH/ENGLISH. THANK YOU.

I feel it is unnecessary to have this class translated in Spanish. My understanding was that we need to be English speaking ~~and~~ first and Spanish speaking second.

Classes should be either Spanish only or Bilingual training. Class too long because spoken in both languages.

5. Speed of the class

CLASS HAD LESS TO DO ON HOW TO ASSIST VOTER WITH LANGUAGE ISSUES. CLASS WAS A REPEAT OF PREVIOUS CLASS ON GENERAL ELECTION INSTRUCTIONS.

NO BILINGUAL ISSUES ADDRESSED

Observers

- To date we have only had confirmation from the Democrats and the Republicans that they will be sending observers.
- We offer an observer training to the parties on what is allowed by law.
- Only 1 observer is allowed inside the polling place per party.

Observers

- We will have a very special guest for this Primary Election.
- Chairwoman Rosemary Rodriguez of the Election Assistance Commission (EAC) will be visiting and observing our process.
- We will begin with the opening of the polls and travel to precincts on the Gila River Indian Community, in South Phoenix, Guadalupe, Tempe, and the central corridor.

Observers

- Polling places will cover the gambit:
 - Co-los & Tri-located facilities
 - Language Assistance areas
 - Precincts with student poll workers
 - Facilities utilizing Election Day ADA adaptations
- In addition to polling places, we will give a complete tour of MCTEC and take a tour of our print vendor's facility in Tempe

Observers

- We will observe the closing of the polls and follow workers to a Receiving Site.
- The media will have a chance to speak to the Chair at the Election Results Center at the Phoenix Convention Center

- Then we will go back to MCTEC to view the election materials rolling in from the receiving sites:
- And finish the day with the political party draw of precincts and races for the hand audit.
