Servicios

- En todos los mostradores hay empleados bilingües.
- Las tres oficinas son accesibles y tienen estacionamiento designado.
- Ésta primavera el Departamento de Elecciones del Condado Maricopa será el primero en el país en implementar traducción instantánea de ASL vía red para sordos (Deaf Link).

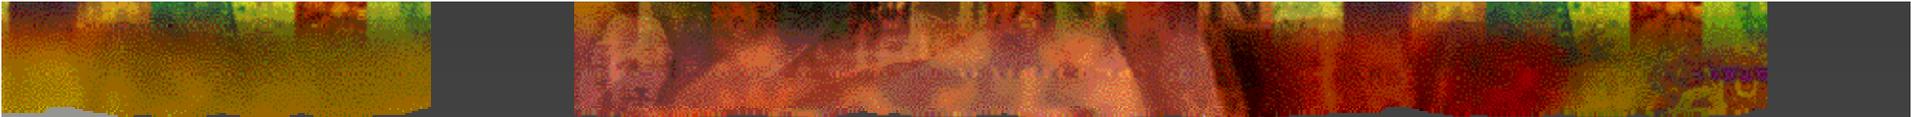

Sirviendo a la Comunidad Sorda:

Registrador / Departamento de
Elecciones

Condado Maricopa, Arizona

Porqué es importante la traducción a señas?

- Acceso a Información: Material impreso (incluyendo el contenido del web) puede no ser exhaustivo de toda la información que el público necesita.
- Alfabetismo: Para votantes que usan Lenguaje Americano a Señas como su lenguaje de preferencia, leyendo Inglés como segundo idioma con todas las barreras inherentes de la comunicación.

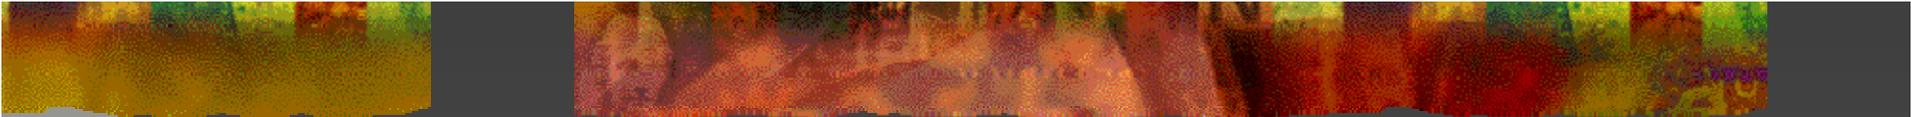

Alfabetismo para el Sordo y personas con problemas auditivos

- La Universidad Galludet periódicamente conduce estudios de pruebas de estandarización (tales como Prueba de Logro de Stanford) con estudiantes que son Sordos o con problemas auditivos.
- Para los de 17 y 18 años de edad en el ejemplo de sordos o con problemas auditivos, la calificación de prueba de Lectura y Comprensión corresponde a cerca de un nivel de 4.0 grado para estudiantes que oyen. Eso significa que los estudiantes sordos y con problemas auditivos a esa edad obtuvieron una calificación por encima del típico estudiante que oye al principio del cuarto grado, y la mitad sacó menos¹.

Estatísticas del Condado

Aumento Estimado de Población con problemas auditivos /Sordos Población 1996-2030² :

Año 2030 (426,136) Problemas Auditivos/Sordos (115%) Aumento desde1996

Preocupación con la Interpretación Tradicional

Debe ser programado por adelantado o los servicios pueden ser retardados hasta que un interprete esté presente.

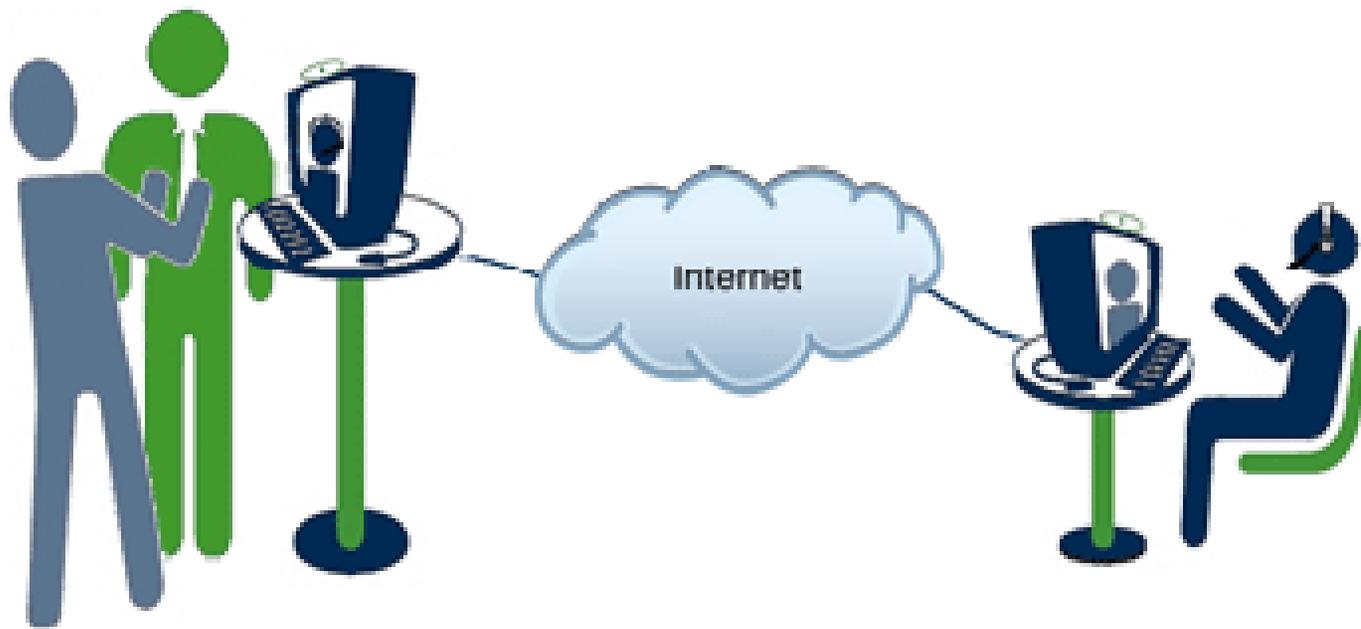

La disponibilidad de servicios interpretativos puede ser no existente en comunidades rurales o áreas remotas resultando en regiones no cubiertas.

Servicio Deaf Link

- Deaf Link es una compañía de San Antonio que proporciona servicios de interpretación ASL vía video en conferencia:
 - Los mostradores están equipados con monitores (ya sea una TV pequeña o computadora) con cámara de conferencia de video con conexión al internet.
 - Cuando se necesita servicio de intérprete, un simple click en el botón de Deaf Link conecta el servicio y un intérprete aparece en la pantalla para proporcionar interpretación instantáneamente.
 - El personal simplemente conversa con el intérprete quien, a su vez, pasa la información al cliente sordo.

Transcripción de ASL del sitio web

- Videos de transcripción de ASL de información imperativa pueden ser publicados en el sitio web para aumentar la habilidad de la comunidad sorda a obtener acceso a los servicios.
- Éstos mismos videos pueden contener recubrimientos de voz y servir a la comunidad Ciega también.

2006 Alternative Format Voter Information

Maricopa County Elections Department offers many alternative format services to our voters upon request. Publicity Pamphlets and Voter information are available in Large Print, Braille, and cassette tape or CD audio formats. Ballots can be requested in Large Print or Braille and voted as an Early Ballot sent to your home, or arrangements can be made to have the ballot available either at one of our early voting locations or at your polling place on Election Day. Requests can be made by contacting me or via our website www.recorder.maricopa.gov.

Early Ballots can be requested beginning 93 days prior to Election Day up until the Friday one week preceding the election (11 days before).

The screenshot shows the website for Helen Purcell, Maricopa County Recorder. At the top, there are navigation links: "Know more about Your flag!" with an American flag icon, "CLICK HERE Your Opinion Matters ???", and "DIGITAL Recording". A yellow banner in the center contains an "ALERT!" regarding "Important Information on New Voting and Registration Requirements" in both English and Spanish. Below this are links for "Disclaimer", "Site Map", and "Account L". The main header features a large image of Helen Purcell, the Maricopa County Recorder, with the Maricopa County seal and the text "Helen Purcell, Maricopa County Recorder". A quote below reads: "If democracy is worth fighting for, then its true value should be measured at the ballot box!". The footer contains several icons and links: "Hours & Locations", "Recorder's Information", "Elections & Voter Information", "What's New", "Support", "En Español", "Información de Elección en Español", and "Voter Assistance Information". A blue overlay box on the right side of the page contains a yellow accessibility icon (a person in a wheelchair) and the text "the ballot box!" at the top. Below the icon, the text "Voter Assistance Information" and "Text Only version of this site" is displayed. A red arrow points from the bottom right towards the "Text Only version of this site" link.

Blind users

Internet users who have no sight at all may utilize a screen reader, which **reads the content of the web page**, or rather the HTML code of the page, back to them. These machines sift through the HTML code and the technology deciphers what needs to be read aloud and what should be ignored.

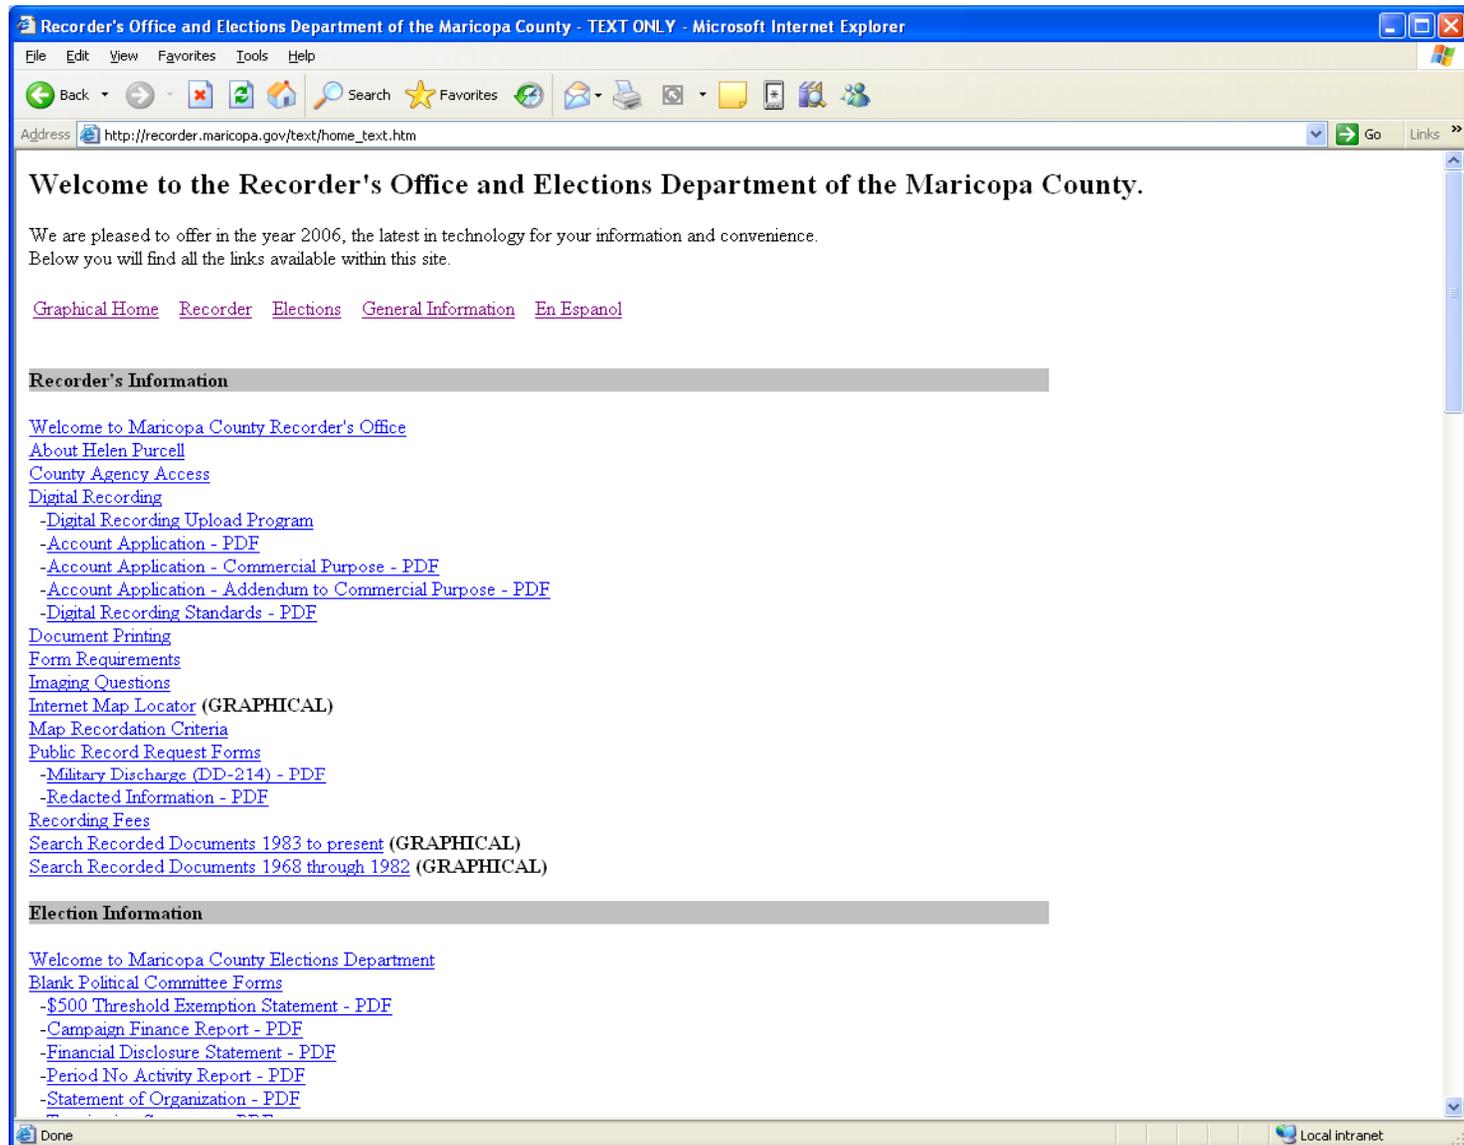

Partial/poor sight

To take full advantage of the Internet, users with partial or poor sight may need to be able to **enlarge the text** on web pages. Check if your website allows them to achieve this on Internet Explorer by going to 'View > Text size > Largest'.

If your site is accessible to this group of users then the size of the text throughout the page will increase. Text embedded within graphics isn't resizable and may cause difficulties for this group of web users.

Users with poor vision may also use a screen magnifier to enlarge the text size. Again, **text embedded within graphics may cause difficulties** as it can appear blurry and pixilated when magnified.

Special Needs Early Voting Ballot Request in Braille and Large Print

[Información de Elección en Español.....](#)
Seleccione una pagina para ver en español

To request an early ballot in Braille or Large Print for upcoming elections, please complete the form below. A ballot will be mailed to you upon verification of registration. If the following information does not match our registration rolls a ballot will not be sent without an updated registration form being submitted because an original signature is required to modify your record. For information on how to obtain a registration form please see [Common Questions](#). **If you desire a ballot to be mailed outside of Maricopa County**, you must submit a written request with an original signature to: Maricopa County Elections Department, PO BOX 20681, Phoenix, Az 85036. Internet, phone and written request can only be accepted up until the second Friday prior to any election. Should you wish to vote after this time frame or if an election is not listed below, you may be able to vote at one of our offices in person up until the Friday before the election. For additional information please call 602-506-1511, T.D.D. 602-506-2348. For technical questions contact the [Webmaster](#). Click here [For tips on filling out the Early Voting Ballot form](#).

Resident Address Information Only - If you have a mailing address on file with us, your ballot will automatically be mailed to that address. If you wish your ballot to go to a mailing address that IS NOT on file, then you can not use this form. Instead, a written request is required that includes all of the information asked for here. In addition, provide the mailing address and an original signature for verification purposes.
